MESSAGES FROM THE GOVERNOR

June 30, 2025

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
103rd GENERAL ASSEMBLY
FIRST REGULAR SESSION

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education, and the several divisions and programs thereof, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2025, and ending June 30, 2026.

In the FY 2026 budget approved by the General Assembly, nearly \$775 million, including \$297 million for the foundation formula, in new general revenue spending was added above what was included in our FY 2026 budget recommendation. Additionally, according to fiscal forecasts, the current trajectory of state-level spending and revenues projects a budget shortfall starting in FY 2027. A course correction in State finances is not only warranted but will be constitutionally required to achieve a balanced budget in future years and safeguard Missouri's financial security and AAA bond rating moving forward. While these may be worthwhile projects, due to the aforementioned reasons, we must control new spending and cannot prudently justify the following expenditures at this time.

This budget includes historic funding for public education, totaling over \$4 billion, including half a billion dollars in new funding over the prior fiscal year and a nearly \$377 million increase over the next largest annual increase for this iteration of the formula.

Section 2.020

I hereby veto \$1,829,350, including \$1,815,177 general revenue, for State Board of Education operated school programs' salary increases. In the FY 2026 budget approved by the General Assembly, nearly \$775 million, including \$297 million for the foundation formula, in new general revenue spending was added above what was included in our FY 2026 budget recommendation. Additionally, according to fiscal forecasts, the current trajectory of state-level spending and revenues projects a budget shortfall starting in FY 2027. A course correction in State finances is not only warranted but will be constitutionally required to achieve a balanced budget in future years and safeguard Missouri's financial security and AAA bond rating moving forward. While these may be worthwhile projects, due to the aforementioned reasons, we must control new spending and cannot prudently justify the following expenditures at this time.

Remaining funding will still provide a 7.5% increase for teachers and 5% increase for administrative staff over FY 2025. This will be in addition to the Governor's recommended time of service pay increase which was already included in the budget.

Personal Service by \$1,815,177 from \$37,440,655 to \$35,625,478 from General Revenue Fund.

From \$56,842,600 to \$55,027,423 in total from General Revenue Fund.

A course correction in State finances is not only warranted but will be constitutionally required to achieve a balanced budget in future years and safeguard Missouri's financial security and AAA bond rating moving forward. While this may be a worthwhile project, due to the aforementioned reasons, we must control new spending and cannot prudently justify this expenditure at this time.

The introduction of new programs and services supported by State funding should be limited as much as possible at this time.

This will still provide \$8,000,000 in additional funding.

Respectfully submitted,

FIRST REGULAR SESSION

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 8** entitled:

While these may be worthwhile projects, due to the aforementioned reasons, we must control new spending and cannot prudently justify the following expenditures at this time.

This budget includes historic funding for public education, totaling over \$4 billion, including half a billion dollars in new funding over the prior fiscal year and a nearly \$377 million increase over the next largest annual increase for this iteration of the formula.

Section 8.005

103rd GENERAL ASSEMBLY
FIRST REGULAR SESSION

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 9** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Corrections, and the several divisions and programs thereof, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2025, and ending June 30, 2026.

In the FY 2026 budget approved by the General Assembly, nearly \$775 million, including \$297 million for the foundation formula, in new general revenue spending was added above what was included in our FY 2026 budget recommendation. Additionally, according to fiscal forecasts, the current trajectory of state-level spending and revenues projects a budget shortfall starting in FY 2027. A course correction in State finances is not only warranted but will be constitutionally required to achieve a balanced budget in future years and safeguard Missouri's financial security and AAA bond rating moving forward. While these may be worthwhile projects, due to the aforementioned reasons, we must control new spending and cannot prudently justify the following expenditures at this time.

This budget includes historic funding for public education, totaling over \$4 billion, including half a billion dollars in new funding over the prior fiscal year and a nearly \$377 million increase over the next largest annual increase for this iteration of the formula.

Section 9.009

I hereby veto \$6,300,000 general revenue for a new offender management system. While this may be a worthwhile project, due to the aforementioned reasons, we must control new spending and cannot prudently justify this expenditure at this time.

This budget already includes \$10 million for updates to the department's electronic health records system. This system project should be completed prior to additional updates to other legacy IT applications.

Said section is vetoed in its entirety from \$6,300,000 to \$0 from General Revenue Fund.
From \$6,300,000 to \$0 in total for the section.

Section 9.015

I hereby veto \$1,300,000 general revenue for a re-entry navigator pilot program. The introduction of new programs and services supported by State funding should be limited as much as possible at this time.

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 11** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Social Services, and the several divisions and programs thereof, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2025, and ending June 30, 2026.

In the FY 2026 budget approved by the General Assembly, nearly \$775 million, including \$297 million for the foundation formula, in new general revenue spending was added above what was included in our FY 2026 budget recommendation. Additionally, according to fiscal forecasts, the current trajectory of state-level spending and revenues projects a budget shortfall starting in FY 2027. A course correction in State finances is not only warranted but will be constitutionally required to achieve a balanced budget in future years and safeguard Missouri's financial security and AAA bond rating moving forward. While these may be worthwhile projects, due to the aforementioned reasons, we must control new spending and cannot prudently justify the following expenditures at this time.

This budget includes historic funding for public education, totaling over \$4 billion, including half a billion dollars in new funding over the prior fiscal year and a nearly \$377 million increase over the next largest annual increase for this iteration of the formula.

CONSTITUTIONAL OBJECTIONS

The following Representatives offered objections to **HCS HJR 73**, which were appended to the resolution.

May 15, 2025

Joe Engler
Chief Clerk
Missouri House of Representatives
Missouri State Capitol
Jefferson City, MO 65101

Dear Mr. Engler:

Pursuant to Article III, Section 30 of the Missouri Constitution, we do hereby object to the signing of **House Committee Substitute for House Joint Resolution No. 73** (hereafter "the HJR").

We object to the signing for two reasons, each standing alone is sufficient to prohibit the signing and implementation of the HJR.

1. The process by which the HJR passed through this body violates the U.S. Constitution, the Missouri Constitution, and the Rules of the 103rd General Assembly.

Procedural violations occurred during the Children and Families Committee hearing on HJR 73 held on April 9, 2025 (thereafter “the committee hearing”). While the Chair placed reasonable (2-minute) restrictions on those witnesses intending to testify *for* the HJR and an equal number of witnesses intended to testify *against* the HJR¹, the vast majority of witnesses who came to testify were told by the Chair that the only permitted testimony was their name and whether they were for or against the HJR. These witnesses had already universally identified themselves as being against the HJR.² It is this second action which violates our Rules and both Constitutions.

The First Amendment to the United States Constitution provides for freedom of speech, as does Article I of the Missouri Constitution.

The Missouri Constitution, under article 1, section 8, goes farthest: in addition to “forbid[ing] any law to be passed impairing the freedom of speech,” it “then gives a general and perpetual guarantee against any interference from any quarter whatever with the freedom on every person ‘to say, write or publish whatever he will on any subject.’” *Marx & Haas Jeans Clothing Co. v. Watson*, 67 S.W. 391, 393–94 (Mo. 1902) (quoting Article I of the Missouri Constitution). That “[l]anguage could not be broader, nor prohibition nor protection more amply comprehensive... [it] stands as an affirmative prescription against any exception being thereto made”. *Id.* at 394. If speech “is neither blasphemous, obscene, seditious, or defamatory, then, under the Constitution of this state, no court has the right to restrain it, nor the legislature the power to punish it... Anything which makes the exercise of a right more expensive or less convenient, *more difficult or less effective*, impairs that right...” *Ex parte Harrison*, 110 S.W. 709, 710 (Mo. 1908) (emphasis added).

Nevertheless, the Chair violated even the lesser protections of the U.S. Constitution. “Citizens have an enormous first amendment interest in directing speech about public issues to those who govern”. *White v. City of Norwalk*, 900 F.2d 1421, 1425 (9th Cir. 1990). “[T]he First Amendment [to the U.S. Constitution] means that government has no power to restrict expression because of its message, its ideas, its subject matter, or its content.” *Ashcroft v. ACLU*, 535 U.S. 564, 573 (2002) (cleaned up).

While it is true that in a limited public forum, such as legislative committee hearings, the government may restrict speech, such restrictions must be “reasonable and not an effort to suppress expression merely because public officials oppose the speaker’s view.” *Perry Educ. Ass’n*, 460 U.S. 37, 46, 103 S.Ct. 948 (1983) (restrictions must be “narrowly drawn to effectuate a compelling state interest.”); *Reza v. Pearce*, 806 F.3d 497, 503 (9th Cir. 2015); *Green v. Nocciero*, 676 F.3d 748, 754 (8th Cir. 2012) (in a limited public forum, restrictions on public testimony cannot “discriminate against a speaker based on his viewpoint”).

By prohibiting nearly all witnesses who intended to testify against the HJR from giving any testimony at all,³ and placing the restriction knowing all witnesses speaking in favor would have been given an opportunity to testify, the Chair was not making a “reasonable” nor a content-neutral restriction.⁴ That Missourians’ voices were silenced in

¹ Because only four Missourians testified in favor of the HJR, the actual number of witnesses allowed a reasonable opportunity to testify was four in favor and five opposed. Scores of other Missourians, all wishing to testify in opposition, were unconstitutionally restricted in their testimony.

² The Chair’s instructions were that witnesses beyond the first five for and against could only “give your name and a for or against.” Over the course of the hearing, the Chair silenced witnesses based on the content of their testimony, not the time it took to give it.

³ The Chair’s defect is not cured by directing witnesses that they could state only their name and whether they were for or against the HJR. Not only is this an unreasonable restriction on the content of the witnesses’ speech, but it was also necessarily duplicative: the witnesses had already indicated that they intended to speak in opposition to the HJR. Certainly the Chair has the power to make reasonable restrictions on the amount of time a witness may testify, and subject to witnesses to restriction on germaneness and decorum, but here the Chair required substantially all those who intended to oppose the HJR (and none who supported the HJR) simply to repeat that they opposed the HJR and nothing more — a restriction that is not content neutral and cannot be squared with any restriction on the government’s ability restrict speech. Indeed, the Chair *compelled* every word of the witnesses’ testimony and actively stopped witnesses who attempted to provide additional testimony to the Committee regardless of the length of the testimony. (See, e.g., Committee Hearing at 6:52:55pm where the Chair silenced the first word from a Missourian attempting to testify). By imposing a reasonable time limitation on all who spoke in favor of the HJR but prescribing the exact testimony of the vast majority opposing the HJR, the Chair also created “a reasonable perception of state hostility toward” those opposing the HJR. S.Rep.No. 357, 98th Cong., 2d Sess. 10 (1984).

⁴ The availability of online means to testify does not cure the defect. Even if it would under normal circumstances (which it does not) here the Committee voted on the HJR immediately after ending the hearing. The silenced witnesses did not have a reasonable opportunity to submit

the consideration of the HJR — which entirely strikes a portion of the Missouri Constitution that Missourians had to gather signatures for and pass electorally just months ago — is particularly repugnant.

The Chair’s restrictions also violated Rule 27 of this General Assembly, which provides that those testifying a committee hearing “shall be” given “a reasonable opportunity to be heard”. While Rule 27 affords a committee chair the power to restrict the “length of time” a speaker may testify, a chair may not to direct what that testimony can be, as the Chair did in the HJR’s committee hearing.⁵ See, *Ashcroft v. ACLU*, 535 U.S. at 573.

2. The HJR itself suffers from significant defects.

In addition to the procedural consideration, the HJR suffers from grave content defects.

First, the HJR violates the “single subject” rule by addressing at least two topics. Missouri Constitution Article XIII, section 2(b) states in part: “No such proposed amendment shall contain more than one amended and revised article of this constitution, or one new article which shall not contain more than one subject and matters properly connected therewith.” Yet the HJR contains more than one subject, Reproductive health care (the HJR’s title) does not, according to the HJR’s handler, include abortion.⁶⁷

The single-subject rule “is intended to discourage placing voters in the position of having to vote for some matter which they do not support in order to enact that which they earnestly support. The single subject matter rule is the constitutional assurance that within a range of a subject and related matters a measure must pass or fail on its own merits.” *Missourians to Protect the Initiative Process v. Blunt*, 799 S.W.2d 824, 830 (Mo. 1990).

The subject of Amendment 3 was clear: “to protect the right to reproductive freedom” *Coleman v. Ashcroft*, 696 S.W.3d 347, 369 (Mo. Sept. 20, 2024) and the purpose of the HJR is equally clear to the legislature, to repeal the right to reproductive freedom (with “ballot candy” regarding the separate issue of gender affirming medicine.⁸

Second, the ballot language contained in the HJR is not a fair summary of the HJR. The legislature’s ballot language must “be a true and impartial statement of the purposes of the proposed measure in language neither intentionally argumentative nor likely to create prejudice either for or against the proposed measure.” RSMo §116.155.2. “The critical test is ‘whether the language fairly and impartially summarizes the purposes of the measure, so that the voters will not be deceived or misled.’” *Coburn v. Mayer*, 368 S.W.3d 320, 324 (Mo.App.W.D. 2012).

The summary language must inform voters of the “central feature[s]” of a proposed constitutional amendment. See, e.g., *Seay v. Jones*, 439 S.W.3d 881, 891 (Mo.App. W.D. 2014). The paramount “central feature” of the HJR is reversing Amendment 3 entirely and placing significant restrictions on access to any and all abortions, while the ballot summary only hints at imposing a parental consent requirement for minors attempting to access abortion care.⁹ With respect to all other forms of abortion, the ballot summary is permissive — explaining only that abortion

written or online testimonies and the Committee did not have any opportunity to review the submitted testimonies prior to voting.

⁵ Rule 27 states in relevant part: “In the discretion of the committee chair, *the length of time allowed* one speaker or questioner may be limited.” (*emphasis added*). It does not allow for the chair to limit the content of speaker, except that the speaker may be kept “to the point and avoid repetition”.

⁶ The Resolution’s Handler, Rep. Brian Seitz, does not believe the subject of the bill is “Reproductive health care” at all. Committee Hearing at 5:43:40 pm (Rep. Seitz: “abortion is in no way health care, abortion is the murder of innocent life”). See also: “House panel approves constitutional amendment limiting abortion rights”, Missouri News Network (April 13, 2015) (quoting Rep. Seitz as saying “Abortion is, in no way, health care.”) Available at: <https://lewisnj.com/articles/8971/view/house-panel-approves-constitutional-amendment-limiting-abortion-rights>

⁷ In some cases, health care related to “gender transition” — which is broadly defined in the HJR well beyond what could be considered reproductive health care — does not concern abortion and is also outside of the HJR’s title. Recognizing that gender affirming care may not also be reproductive care, the subject matters are expressly separated in the state laws of numerous other states. See, e.g., Mass Gen. Laws ch. 12, § 11/3/4 (2022) (defining reproductive health care services separately from gender-affirming health care services); 735 Ill. Comp. Stat. § 40/28-15 (2022) (same). Further, Rep. Seitz clarified in his committee testimony “reproductive health care... deals with reproducing.” (Committee hearing at 6:04 pm).

⁸ See, Journal of the House for the First Day—Wednesday, January 8, 2025. Address by Speaker Jonathan Patterson: “we must clarify the provisions of Amendment 3 and make Missouri the most pro-life state it can be.”; See also, “Missouri House GOP starts over with new bill to ban abortion with limited exceptions”. Missouri Independent (April 10, 2025) (quoting Susan Klein with Missouri Right to Life, who testified that the HJR is “a true effort to ‘repeal and replace Amendment 3.’”) available at: <https://missouriindependent.com/2025/04/10/missouri-abortion-ban-amendment-gop-rape-incest/>

⁹ See, “Missouri House debates legislation to put abortion ban on the ballot”, Apr 15, 2025, komu.com (“The resolution’s sponsor, state Rep. Ed Lewis, R-Moberly, said although Amendment 3 already passed, this resolution is closer to what the majority of Missourians wanted. What people

is allowed — as oppose to indicating that it would overturn Amendment 3 or restrict (or eliminate) access to abortion.

With respect to abortion care, it states that the HJR “Allow[s] abortions for medical emergencies, fetal anomalies, rape, and incest” when in fact such abortions *are allowed under the current Missouri Constitution in a provision the HJR removes*. The HJR, in fact, *prohibits* abortions in all cases *except* for medical emergencies, fetal anomalies, rape, and incest and only allows abortions in an extremely limited *subset* of medical emergencies, fetal anomalies, rapes or incidents of incest. *See, e.g., Seay v. Jones*, 439 S.W.3d at 889–90 (where “significant contingencies are not referenced in any fashion in the summary statement” the summary violates §116.155.2). Not only are the restrictions on abortions performed as a result of medical emergencies, fetal anomalies, rape, or incest not included in the ballot summary, the ballot summary does not even hint that there are *any* contingencies or requirements to lawfully obtain an abortion in such cases (or, except for minors without parental consent, in *any* cases). The ballot summary, saying it “allow[s] abortions” in these cases does not fairly reflect that the HJR actually *forbids* abortion in cases of rape or incest unless done before the twelfth week and certain other restrictions (most notably reporting a rape or incest to authorities) are met. Other restrictions apply in the cases of fetal anomalies and medical emergencies, but the summary language suggests the HJR removes barriers to care, not that it imposes barriers that do not currently exist under Missouri law.

Similarly, compared to current law, the HJR does nothing to “Guarantee access to care for medical emergencies, ectopic pregnancies, and miscarriages”. Indeed, the HJR does not guarantee such access or make such access any more likely than under the current Missouri Constitution. As the Bill Handler recognized in his testimony before the Committee, the notion that women cannot “get care for ectopic pregnancies or miscarriages” under current Missouri law, is “blatantly false.” The HJR does not “guarantee” such access, it only provides that the access currently provided for in the Missouri Constitution will continue to be provided for.

Likewise, the ballot language lies by stating that the HJR “Ensure[s] women’s safety during abortions.” In fact, the HJR provides only that the “general assembly *may* enact laws that regulate the provision of abortions...” (emphasis added). The HJR does not *ensure* that such laws are passed nor is there any indication that the current Missouri Constitution is less able to provide such assurances. *Seay v. Jones*, 439 S.W.3d at 889–91 (summary language is violative of §116.155.2 if the action promised in the summary is contingent on future legislative or executive decision). Even if the General Assembly were to use its powers under the HJR to enact laws provided for under the HJR, there is no evidence such laws would ensure (or even further) women’s safety during abortions.

Finally, the ballot language asks: “Shall the Missouri Constitution be amended to:... Ensure parental consent for minors”. For minors to what? The answer isn’t for minors to exist, as the HJR *removes* parental consent for that by banning nearly all abortions. The answer isn’t for minors to obtain puberty blockers and gender affirming care, either, as the HJR also *removes* the ability of parents to consent to such medical treatment.

3. Summary statement

Both the substance of the HJR and the process by which it has come to this point are fatally flawed and facially unconstitutional.

The people of Missouri not only deserve, but are guaranteed, a reasonable opportunity to be heard. While it is supremely disappointing that the scores of Missourians who came to testify on April 9 were unconstitutionally silenced, it is worse that the HJR intends to silence, lie to, and deceive millions of Missouri voters. As members of this body, we also have the right to ensure that the Rules of the General Assembly are complied with so that we, and all Missourians, can have faith in the legislative process.

HJR 73 needs to be re-heard, re-written, or, ideally, crumpled up, thrown into a trash can, and set ablaze.¹⁰

CONSTITUTIONAL OBJECTION OF CCS HCS SS SB 150

Pursuant to Article III, Section 21 and Article III, Section 23 of the Missouri Constitution, I submit this formal constitutional objection to **CCS HCS SS SB 150**.

When originally introduced, Senate Bill 150 related solely to the creation of the career tech certificate program. Specifically, the bill established both the program and a dedicated fund to reimburse eligible student expenses such as tuition, books, and fees at approved institutions like community colleges and technical schools offering qualifying training programs.

A Senate Substitute was adopted and perfected, continuing to support the underlying purpose of the bill. However, before final passage, amendments were adopted that significantly altered the purpose and scope of the legislation. The bill's title was changed to "relating to workforce development initiatives," which opened the door to adding a wide array of unrelated provisions. These included adult high schools, STEM career awareness and grants, degree conferring authority, proprietary schools, Access Missouri financial assistance, changes to Missouri Southern State University's mission, the Missouri State Loan Repayment Program, child care facility licensure, license waivers for spouses of law enforcement officers, funeral director and embalmer licensing, and educational requirements for social workers.

Article III, Section 21 of the Missouri Constitution clearly states that "no bill shall be so amended in its passage through either house as to change its original purpose." The sweeping changes to SB 150's purpose constitute a direct violation of this provision.

Additionally, Article III, Section 23 requires that "no bill shall contain more than one subject which shall be clearly expressed in its title." The revised title, "relating to workforce development initiatives," is far too broad and vague to meet this standard. It has been used as a catchall to include numerous unrelated policy items, ranging from higher education governance to professional licensing and childcare licensure regulations. This too constitutes a clear violation of our state constitution.

For these reasons, I voted No on **CCS HCS SS SB 150**.

Sincerely

/s/ Bryant Wolfin
House District 145

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

SIXTY-NINTH DAY, MONDAY, MAY 12, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Bennie Cook.

Heavenly Father,

We thank You for granting us another day to represent the great people of Missouri. As we carry out our responsibilities, we humbly ask for Your wisdom, courage, and integrity. May we seek Your guidance in every decision, striving to serve with fairness, justice, and a heart for all those we represent.

Lord, we especially lift up and give thanks for the brave men and women who serve in law enforcement across our state and nation. These dedicated officers work tirelessly—often at great personal risk—to protect our communities and uphold the rule of law. We ask for Your divine protection over them each day, and we pray that they are met with respect, support, and peace in the work they do.

Today and every day, we also honor the service and sacrifice of those who have fallen in the line of duty. May their courage never be forgotten, and may You continue to comfort and strengthen the families who bear the burden of their loss.

Let our actions reflect Your love and compassion, and may our work contribute to the safety, prosperity, and well-being of all the citizens of Missouri.

In Jesus's name we pray, and the House says, Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Ellyana Wilson.

The Journal of the sixty-eighth day was approved as printed by the following vote:

THIRD READING OF SENATE BILLS

HCS SS#2 SB 167, relating to the protection of certain persons and animals, was taken up by Representative Gallick.

On motion of Representative Gallick, the title of **HCS SS#2 SB 167** was agreed to.

Representative West offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute No. 2 for Senate Bill No. 167, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"211.033. 1. No person under the age of eighteen years, except those transferred to the court of general jurisdiction under the provisions of section 211.071, shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. ~~[A traffic court judge may request the juvenile court to order the commitment of a person under the age of eighteen to a juvenile detention facility.]~~

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

211.071. 1. If a petition **or motion to modify** alleges that a child between the ages of fourteen and eighteen has committed an offense ~~[which]~~ **that** would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child, or the child's custodian, order a hearing and may, in its discretion, dismiss the petition **or motion to modify** and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that, if a petition alleges that a child between the ages of twelve and eighteen has committed an offense ~~[which]~~ **that** would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 as it existed prior to January 1, 2017, ~~[or]~~ robbery in the first degree under section 570.023, distribution of drugs under section 195.211 as it existed prior to January 1, 2017, or the manufacturing of a controlled substance under section 579.055, **if committed by an adult, or** a dangerous felony as defined in section 556.061, **or** any felony involving the use, assistance, or aid of a deadly weapon, or has committed two or more prior unrelated offenses ~~[which]~~ **that** would be felonies if committed by an adult, the court shall order a hearing, and may, in its discretion, dismiss the petition **or motion to modify** and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between eighteen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject

to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition **or motion to modify** will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

- (1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;
- (2) Whether the offense alleged involved viciousness, force and violence;
- (3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;
- (4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;
- (5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;
- (6) The sophistication and maturity of the child as determined by consideration of his or her home and environmental situation, emotional condition and pattern of living;
- (7) The age of the child;
- (8) The program and facilities available to the juvenile court in considering disposition;
- (9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and
- (10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

- (1) Findings showing that the court had jurisdiction of the cause and of the parties;
- (2) Findings showing that the child was represented by counsel;
- (3) Findings showing that the hearing was held in the presence of the child and his or her counsel; and
- (4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition **or motion to modify** and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition **or motion to modify** has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition **or motion to modify** has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition **or motion to modify** to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.072. 1. A juvenile under eighteen years of age who has been certified to stand trial as an adult for offenses pursuant to section 211.071, if currently placed in a secure juvenile detention facility, shall remain in a secure juvenile detention facility pending finalization of the judgment and completion of appeal, if any, of the judgment dismissing the juvenile petition to allow for prosecution under the general law unless otherwise ordered by the juvenile court. Upon the judgment dismissing the petition to allow prosecution under the general laws becoming final and adult charges being filed, if the juvenile is currently in a secure juvenile detention facility, the juvenile shall remain in such facility unless the juvenile posts bond or the juvenile is transferred to an adult jail. If the

juvenile officer does not believe juvenile detention would be the appropriate placement or would continue to serve as the appropriate placement, the juvenile officer may file a motion in the adult criminal case requesting that the juvenile be transferred from a secure juvenile detention facility to an adult jail. The court shall hear evidence relating to the appropriateness of the juvenile remaining in a secure juvenile detention facility or being transferred to an adult jail. At such hearing, the following shall have the right to be present and have the opportunity to present evidence and recommendations at such hearing: the juvenile; the juvenile's parents; the juvenile's counsel; the prosecuting attorney; the juvenile officer or his or her designee for the circuit in which the juvenile was certified; the juvenile officer or his or her designee for the circuit in which the pretrial-certified juvenile is proposed to be held, if different from the circuit in which the juvenile was certified; counsel for the juvenile officer; and representatives of the county proposed to have custody of the pretrial-certified juvenile.

2. Following the hearing, the court shall order that the juvenile continue to be held in a secure juvenile detention facility subject to all Missouri juvenile detention standards, or the court shall order that the pretrial-certified juvenile be held in an adult jail but only after the court has made findings that it would be in the best interest of justice to move the pretrial-certified juvenile to an adult jail. The court shall weigh the following factors when deciding whether to detain a certified juvenile in an adult facility:

- (1) The certified juvenile's age;
- (2) The certified juvenile's physical and mental maturity;
- (3) The certified juvenile's present mental state, including whether he or she presents an imminent risk of self-harm;
- (4) The nature and circumstances of the charges;
- (5) The certified juvenile's history of delinquency;
- (6) The relative ability of the available adult and juvenile facilities to both meet the needs of the certified juvenile and to protect the public and other youth in their custody;
- (7) The opinion of the juvenile officer in the circuit of the proposed placement as to the ability of that juvenile detention facility to provide for appropriate care, custody, and control of the pretrial-certified juvenile; and
- (8) Any other relevant factor.

3. In the event the court finds that it is in the best interest of justice to require the certified juvenile to be held in an adult jail, the court shall hold a hearing once every thirty days to determine whether the placement of the certified juvenile in an adult jail is still in the best interests of justice. **If a pretrial-certified juvenile under eighteen years of age is ordered released on the juvenile's adult criminal case from an adult jail following a transfer order under subsection 2 of this section and the juvenile is detained on violation of the conditions of release or bond, the juvenile shall return to the custody of the adult jail pending further court order.**

4. A certified juvenile cannot be held in an adult jail for more than one hundred eighty days unless the court finds, for good cause, that an extension is necessary or the juvenile, through counsel, waives the one hundred eighty day maximum period. If no extension is granted under this subsection, the certified juvenile shall be transferred from the adult jail to a secure juvenile detention facility. **If an extension is granted under this subsection, the court shall hold a hearing once every thirty days to determine whether the placement of the certified juvenile in an adult jail is still in the best interests of justice.**

5. Effective December 31, 2021, all previously pretrial-certified juveniles under eighteen years of age who had been certified prior to August 28, 2021, shall be transferred from adult jail to a secure juvenile detention facility, unless a hearing is held and the court finds, based upon the factors in subsection 2 of this section, that it would be in the best interest of justice to keep the juvenile in the adult jail.

6. All pretrial-certified juveniles under eighteen years of age who are held in adult jails pursuant to the best interest of justice exception shall continue to be subject to the protections of the Prison Rape Elimination Act (PREA) and shall be physically separated from adult inmates.

7. If the certified juvenile remains in juvenile detention, the juvenile officer may file a motion to reconsider placement. The court shall consider the factors set out in subsection 2 of this section and the individuals set forth in subsection 1 of this section shall have a right to be present and present evidence. The court may amend its earlier order in light of the evidence and arguments presented at the hearing if the court finds that it would not be in the best interest of justice for the juvenile to remain in a secure juvenile detention facility.

8. Issues related to the setting of, and posting of, bond along with any bond forfeiture proceedings shall be held in the pretrial-certified juvenile's adult criminal case.

9. Upon attaining eighteen years of age or upon a **plea of guilty or** conviction on the adult charges, the juvenile shall be transferred from juvenile detention to the appropriate adult facility.

10. Any responsibility for transportation of and contracted service for the certified juvenile who remains in a secure juvenile detention facility shall be handled **by county jail staff** in the same manner as in all other adult criminal cases where the defendant is in custody.

11. **The county jail staff shall designate a liaison assigned to each pretrial-certified juvenile while housed in a juvenile detention facility, who shall assist in communication with the juvenile detention facility on the needs of the juvenile including, but not limited to, visitation, legal case status, medical and mental health needs, and phone contact.**

12. The per diem provisions as set forth in section 211.156 shall apply to certified juveniles who are being held in a secure juvenile detention facility."; and

Further amend said bill, Page 2, Section 211.436, Line 28, by inserting after all of said section and line the following:

"219.021. 1. Except as provided in subsections 2 and 3 of this section, any child may be committed to the custody of the division when the juvenile court determines a suitable community-based treatment service does not exist, or has proven ineffective; and when the child is adjudicated pursuant to the provisions of subdivision (3) of subsection 1 of section 211.031 or when the child is adjudicated pursuant to subdivision (2) of subsection 1 of section 211.031 and is currently under court supervision for adjudication under subdivision (2) or (3) of subsection 1 of section 211.031. The division shall not keep any youth beyond his ~~[eighteenth birth date]~~ **or her nineteenth birthday**, except upon petition and a showing of just cause in which case the division may maintain custody until the youth's twenty-first birth date. Notwithstanding any other provision of law to the contrary, the committing court shall review the treatment plan to be provided by the division. The division shall notify the court of original jurisdiction from which the child was committed at least three weeks prior to the child's release to aftercare supervision. The notification shall include a summary of the treatment plan and progress of the child that has resulted in the planned release. The court may formally object to the director of the division in writing, stating its reasons in opposition to the release. The director shall review the court's objection in consideration of its final approval for release. The court's written objection shall be made within a one-week period after it receives notification of the division's planned release; otherwise the division may assume court agreement with the release. The division director's written response to the court shall occur within five working days of service of the court's objection and preferably prior to the release of the child. The division shall not place a child directly into a precare setting immediately upon commitment from the court until it advises the court of such placement.

2. No child who has been diagnosed as having a mental disease or a communicable or contagious disease shall be committed to the division; except the division may, by regulation, when services for the proper care and treatment of persons having such diseases are available at any of the facilities under its control, authorize the commitment of children having such diseases to it for treatment in such institution. Notice of any such regulation shall be promptly mailed to the judges and juvenile officers of all courts having jurisdiction of cases involving children.

3. When a child has been committed to the division, the division shall forthwith examine the individual and investigate all pertinent circumstances of his background for the purpose of facilitating the placement and treatment of the child in the most appropriate program or residential facility to assure the public safety and the rehabilitation of the child; except that, no child committed under the provisions of subdivision (2) of subsection 1 of section 211.031 may be placed in the residential facilities designated by the division as a maximum security facility, unless the juvenile is subsequently adjudicated under subdivision (3) of subsection 1 of section 211.031.

4. The division may transfer any child under its jurisdiction to any other institution for children if, after careful study of the child's needs, it is the judgment of the division that the transfer should be effected. If the division determines that the child requires treatment by another state agency, it may transfer the physical custody of the child to that agency, and that agency shall accept the child if the services are available by that agency.

5. The division shall make periodic reexaminations of all children committed to its custody for the purpose of determining whether existing dispositions should be modified or continued. Reexamination shall include a study of all current circumstances of such child's personal and family situation and an evaluation of the progress made by such child since the previous study. Reexamination shall be conducted as frequently as the division deems necessary, but in any event, with respect to each such child, at intervals not to exceed six months. Reports of the results of such examinations shall be sent to the child's committing court and to his parents or guardian.

6. Failure of the division to examine a child committed to it or to reexamine him within six months of a previous examination shall not of itself entitle the child to be discharged from the custody of the division but shall entitle the child, his parent, guardian, or agency to which the child may be placed by the division to petition for review as provided in section 219.051.

7. The division is hereby authorized to establish, build, repair, maintain, and operate, from funds appropriated or approved by the legislature for these purposes, facilities and programs necessary to implement the provisions of this chapter. Such facilities or programs may include, but not be limited to, the establishment and operation of training schools, maximum security facilities, moderate care facilities, group homes, day treatment programs, family foster homes, aftercare, counseling services, educational services, and such other services as may be required to meet the needs of children committed to it. The division may terminate any facility or program no longer needed to meet the needs of children.

8. The division may institute day release programs for children committed to it. The division may arrange with local schools, public or private agencies, or persons approved by the division for the release of children committed to the division on a daily basis to the custody of such schools, agencies, or persons for participation in programs.

9. The division shall make all reasonable efforts to ensure that any outstanding judgment entered in accordance with section 211.185 or any outstanding assessments ordered in accordance with section 211.181 be paid while a child is in the care, custody or control of the division.

221.044. No person under the age of eighteen years, except those transferred to the court of general jurisdiction under the provisions of section 211.071, shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. ~~[A traffic court judge may request the juvenile court to order the commitment of a person under the age of eighteen to a juvenile detention facility.]~~ **If a person is eighteen years of age or older or attains the age of eighteen while in detention, upon a motion filed by the juvenile officer, the court may order that the person be detained in a jail or other adult detention facility as that term is defined in section 211.151 until the disposition of that person's juvenile court case.**

571.070. 1. A person commits the offense of unlawful possession of a firearm if such person knowingly has any firearm in his or her possession and:

(1) Such person has been convicted of a felony under the laws of this state, or of a crime under the laws of any state or of the United States which, if committed within this state, would be a felony; ~~or~~

(2) Such person is a fugitive from justice, is habitually in an intoxicated or drugged condition, or is currently adjudged mentally incompetent; **or**

(3) Such person is under eighteen years of age and has previously been adjudicated delinquent for what would be a felony if committed by an adult.

2. Unlawful possession of a firearm is a class C felony, unless a person has been convicted of a dangerous felony as defined in section 556.061, or the person has a prior conviction for unlawful possession of a firearm in which case it is a class B felony.

3. The provisions of subdivision (1) of subsection 1 of this section shall not apply to the possession of an antique firearm."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative West, **House Amendment No. 1** was adopted.

Representative Gallick offered **House Amendment No. 2.**

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

SEVENTIETH DAY, TUESDAY, MAY 13, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Brian Seitz.

Father, we thank You for allowing us to serve the people of Missouri here in the House of Representatives.

As we enter the last few days of session, help us to keep disputes to a minimum, our passions in check and to realize that, by Your Holy Spirit in the heart of every believer, we represent You as we represent the people.

Guide us in the midst of discussion; forgive us whereby we sin against You, either by omission or commission of our deeds. Help us to see each other as people, respecting one another's individual ideas.

Protect us from the sins of pride and self-sufficiency, for it's in Jesus's name we pray.

And the House said, Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Wesley Jobe, Gideon Jobe, Jesse Jobe, Jude Jobe, and Jude William Bricker.

The Journal of the sixty-ninth day was approved as printed by the following vote:

(2) The annual amount of the state appropriation authorized under this section for a project shall not exceed an amount equal to the baseline year state tax revenues for the athletic and entertainment facility of the professional sports franchise for any fiscal year;

(3) The net bond proceeds of any bonds supported by annual expenditures by the state under subsections 2 through 5 of this section for any project shall not exceed fifty percent of the total costs of the project;

(4) The director and the commissioner are satisfied that there is sufficient public investment made or to be made by units of local government to support infrastructure or other needs generated by the project; and

(5) For any athletic and entertainment facility project for which funds are expended under this section, if the owners of the applicable professional sports franchise relocate any of the professional sports franchise, athletic and entertainment facility, headquarters, or training facility, and if any such facility is located in the state at the time the application is submitted or is constructed in the state as part of the project, to another state during the term of the agreement entered into under subsections 2 through 5 of this section, it shall be considered a default event, and such owners of the professional sports franchise shall repay to the state general revenue fund:

(a) The amount of funds expended by the state pursuant to such agreement through the date of default event;

(b) The total debt service remaining for any outstanding bonded indebtedness for the project that was to be paid from state revenues under the agreement after the date of the default event through the maturity date of any such bonds or an amount sufficient to pay-off any such bonds; and

(c) The amount of the tax credits issued under subsection 6 of this section. If, however, the default event occurs within five years of the ending of the term of the lease, then the owners of the professional sports franchise shall be responsible for the total debt service remaining for any outstanding bonded indebtedness for the project that was to be paid from state revenues under the agreement or an amount sufficient to pay-off any such bonds, and for no other funds expended by the state under the agreement nor for tax credits issued under subsection 6 of this section.

6. (1) For the purposes of funding an athletic and entertainment facility project as described in this section, the board may, in addition to the authority under subsection 6 of section 100.286, authorize any taxpayer, including any charitable organization that is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed pursuant to chapter 143, to receive a tax credit in the amount of fifty percent of any amount contributed in money or property by the taxpayer to the infrastructure development fund during the taxpayer's tax year, provided, however, the tax credits awarded under this subsection for an athletic and entertainment facility project shall not exceed ten percent of the amount of private investment in the athletic and entertainment facility project or fifty million dollars, whichever is less, and the total of such tax credits may be issued over a maximum of three calendar years, at the discretion of the board. Such credit shall not apply to reserve participation fees paid by borrowers under sections 100.250 to 100.297.

(2) The portion of earned tax credits which exceeds the taxpayer's tax liability may be carried forward for up to five years following the issuance year.

(3) The annual limits in section 100.286 shall not apply to tax credits issued under this subsection. Tax credits issued under this subsection shall not count towards the annual limits in section 100.286.

(4) The tax credits issued under this subsection may be transferred or sold as described in subsection 7 of section 100.286.

(5) If an athletic and entertainment facility project receives tax credits under this subsection, such athletic and entertainment facility project shall not be permitted to receive tax credits under section 100.286.

7. In addition to any other authority granted under section 100.250, the board is authorized to issue its bonds payable from the annual expenditure by the state described in this section to assist in the financing of an athletic and entertainment facility project."; and

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

SEVENTY-SECOND DAY, THURSDAY, MAY 15, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Brian Seitz.

Father, we thank You for yet another session whereby we might represent the people of Missouri. We lift up Monsignor Kurwicky, that You might put Your hand upon him that he might be healed.

We thank, praise and honor You for choosing us to serve in our various capacities over the last several months. We also pray that whatever intentions we have that are not aligned with good for those we serve and those who are impacted will be overridden by Your power and authority. I pray that our heads and hearts will continue to seek Your perfect will and that always we will strive to act in ways that support the common good. Lord, we praise you for position and authority and we ask that Your hand remain upon us, directing our every move.

In the name of Jesus, we pray. Amen.

The Pledge of Allegiance to the flag was led by Cameron Sennott.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Bryanna J. Wilkins and Cameron Sennott.

The Journal of the seventy-first day was approved as printed by the following vote:

SPECIAL RECOGNITION

Former Representative Ben Baker was introduced by Speaker Patterson.

Ben Baker addressed the House.

Mr. Speaker, colleagues, and friends,

Today, I stand before you with a heart full of gratitude as I announce my resignation as the State Representative for the 160th District. This journey has been an honor beyond words, and I want to share a few thoughts as I close this chapter. First, I owe an immense thank you to my staff, Deanna Gesch and Kay Fitzpatrick, for their unwavering support. Deanna, you've been with me all seven years – your patience and dedication have been a true blessing. I'm forever grateful for you both.

To my constituents in the 160th District, thank you for your confidence in sending me to Jefferson City. You are, without question, the best district in Missouri. When I began, I made one promise: you'd always know where I stood. Whether you agreed with me or not, I aimed to be transparent, articulate, and consistent. I've done my dead-level best to live up to that, treating others with respect while staying passionate and bold in my beliefs.

This chamber has given me lifelong friends – too many to name, but a few stand out. To the Gentleman from St. Charles, now Senator from the 23rd, thank you for being my closest friend. From Jack's Pizza to Reese's ice cream and countless talks about faith, family, and politics, you've sharpened me as iron sharpens iron. To the former Gentleman from St. Charles, Justin Hill, your bold leadership and conservative principles shaped me, and I'm still jealous of your Florida sunshine. To the Gentleman from St. Charles, now Senator from the 2nd, thank you for the outlaw country jam sessions, late-night talks, and laughter – you're a dear friend. And to the former Gentleman from Clay, Richey, your intellect and character inspired me. Mr. Speaker, I told the Jefferson Shaul district, I called it your freshman year – you'd be our Speaker, and your friendship and trust in me mean the world.

Politics is inevitable here, but authenticity and principle matter more.

To my family, you're my rock – I couldn't have done this without you. To those continuing in this body, my advice: don't take contention personally. Dig into the principles behind issues, articulate your "why" with tact, and admit mistakes. As Edison said, "Many of life's failures are people who did not realize how close they were to success when they gave up." Don't quit, no matter how jaded you feel. This is a tremendous honor – finish well. Keep learning, as Einstein said, "Intellectual growth should commence at birth and cease only at death." Focus on doing right, not chasing the next step, and opportunities will follow. I'm humbled to accept an appointment as State Director of Rural Development for the USDA, a surreal honor for this country boy from the sticks. Only in America could someone like me come this far. To the friend who said, "Don't forget us little people," I am little people and always will be. I'm not going far – I'll be a phone call away, ready to serve your districts. I love you all and look forward to working with you. God bless Missouri, God bless the United States. Thank you.

(3) Offers child care for children of enrolled students attending the school; and

(4) Is not eligible to receive funding under section 160.415 or 163.031.

160.2705. 1. The department of social services shall authorize Missouri-based nonprofit organizations meeting the criteria of this section to establish and operate up to five adult high schools, with:

(1) One adult high school to be located in a city not within a county;

(2) One adult high school to be located in a county of the third classification without a township form of government and with more than forty-one thousand but fewer than forty-five thousand inhabitants or a county contiguous to that county;

(3) One adult high school to be located in a county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants or a county contiguous to that county;

(4) One adult high school to be located in a county of the first classification with more than one hundred fifty thousand but fewer than two hundred thousand inhabitants; and

(5) One adult high school to be located in a county with more than seven hundred thousand but fewer than eight hundred thousand inhabitants, or a contiguous county.

2. The department of social services shall administer funding to adult high schools subject to appropriations. The department shall be responsible for granting and maintaining authorization for adult high schools. For adult high schools in operation prior to January 1, 2023, the department shall maintain authorization for the nonprofit organization to operate the schools, subject to compliance with this section. No more than one organization shall be authorized to operate an adult high school at each location described in subsection 1 of this section. An organization may establish satellite campuses for any adult high school it is authorized to operate. The department shall administer funding for satellite campuses subject to appropriations.

3. On or before January 1, 2024, the department of social services shall select an eligible Missouri-based nonprofit organization to operate in a location described in subdivision (5) of subsection 1 of this section. An eligible organization shall:

school diploma if such student were in a traditional high school setting. The adult student shall meet the requirements with the same level of academic rigor as would otherwise be necessary to attain such credits.

(3) The adult high school authorized under this section shall award high school diplomas to students who successfully meet the established academic requirements. 2. An adult high school shall give a preference in admission to those students who receive any local, state, or federal assistance in which a person or family is required not to exceed a certain income level in order to qualify for the assistance.

3. For the purposes of compiling and tracking dropout rates of a local education agency by the department of elementary and secondary education, a student transferring from a local education agency to an adult high school shall be considered a transfer student and not a dropout student from the local education agency.

There is hereby created a "Department of Higher Education and Workforce Development", and the division of higher education of the department of education is abolished and all its powers, duties, functions, personnel and property are transferred as provided by the Reorganization Act of 1974, Appendix B, RSMo.

2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the "Coordinating Board for Higher Education", which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. Moreover, no person shall be appointed to the coordinating board who shall not be a citizen of the United States, and who shall not have been a resident of the state of Missouri two years next prior to appointment, and at least one but not more than two persons shall be appointed to said board from each congressional district. The term of service of a member of the coordinating board shall be six years and said members, while attending the meetings of the board, shall be reimbursed for their actual expenses. Notwithstanding any provision of law to the contrary, nothing in this section relating to a change in the composition and configuration of congressional districts in this state shall prohibit a member who is serving a term on August 28, 2011, from completing his or her term. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating board for higher education shall have the following duties and responsibilities:

(1) The coordinating board for higher education may approve, not approve, or provisionally approve proposed new degree programs to be offered by the state institutions of higher education. The coordinating board may authorize a degree program outside an institution's coordinating board-approved mission only when the coordinating board has received clear evidence that the institution proposing to offer the program:

(a) Made a good-faith effort to explore the feasibility of offering the program in collaboration with an institution the mission of which includes offering the program;

(b) Is contributing substantially to the goals in the coordinating board's coordinated plan for higher education;

(c) Has the existing capacity to ensure the program is delivered in a high-quality manner;

(d) Has demonstrated that the proposed program is needed;

(e) Has a clear plan to meet the articulated workforce need; and

(f) Such other factors deemed relevant by the coordinating board;

(2) The governing board of each public institution of higher education in the state shall have the power and authority to confer degrees in chiropractic, osteopathic medicine, and podiatry only in collaboration with the University of Missouri, provided that such collaborative agreements are approved by the governing board of each

institution and that in these instances the University of Missouri will be the degree-granting institution. Should the University of Missouri decline to collaborate in the offering of such programs, any of these institutions may seek approval of the program through the coordinating board for higher education's comprehensive review process when doing so would not unnecessarily duplicate an existing program, collaboration is not feasible or a viable means of meeting the needs of students and employers, and the institution has the academic and financial capacity to offer the program in a high quality manner;

(3) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

(4) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, and institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

(5) No new ~~[state-supported senior]~~ **public** colleges or ~~[residence centers]~~ **universities** shall be established except as provided by law and with approval of the coordinating board for higher education;

(6) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

(7) The coordinating board for higher education shall require all public two-year and four-year higher education institutions to replicate best practices in remediation identified by the coordinating board and institutions from research undertaken by regional educational laboratories, higher education research organizations, and similar organizations with expertise in the subject, and identify and reduce methods that have been found to be ineffective in preparing or retaining students or that delay students from enrollment in college-level courses;

(8) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(9) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and, with the assistance of the committee on transfer and articulation, shall require all public two-year and four-year higher education institutions to create by July 1, 2014, a statewide core transfer library of at least twenty-five lower division courses across all institutions that are transferable among all public higher education institutions. The coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The coordinating board shall develop a policy to foster reverse transfer for any student who has accumulated enough hours in combination with at least one public higher education institution in Missouri that offers an associate degree and one public four-year higher education institution in the prescribed courses sufficient to meet the public higher education institution's requirements to be awarded an associate degree. The department of elementary and secondary education shall maintain the alignment of the assessments found in section 160.518 and successor assessments with the competencies previously established under this subdivision for entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core;

(10) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state. The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

(11) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

(12) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly;

(13) In recognition of institutions that meet the requirements of subdivision (2), (3), or (4) of subsection 1 of section 173.616, are established by name as an educational institution in Missouri, and are authorized to operate programs beyond secondary education for purposes of authorization under 34 CFR 600.9, the coordinating board for higher education shall maintain and publish on its website a list of such postsecondary educational institutions; and

(14) (a) As used in this subdivision, the term "out-of-state public institution of higher education" shall mean an education institution located outside of Missouri that:

- a. Is controlled or administered directly by a public agency or political subdivision or is classified as a public institution by the state;
- b. Receives appropriations for operating expenses directly or indirectly from a state other than Missouri;
- c. Provides a postsecondary course of instruction at least six months in length leading to or directly creditable toward a degree or certificate;
- d. Meets the standards for accreditation by an accrediting body recognized by the United States Department of Education or any successor agency; and
- e. Permits faculty members to select textbooks without influence or pressure by any religious or sectarian source.

(b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:

a. The board's approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and

b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618. The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. The coordinating board may charge and collect fees from out-of-state public institutions to cover the costs of reviewing and assuring the quality of programs offered by out-of-state public institutions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University; the president of State Technical College of Missouri; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. The conferences shall enable the committee to advise the coordinating board of the views of the institutions on matters within the purview of the coordinating board.

4. The University of Missouri, Lincoln University, and all other state-governed colleges and universities, chapters 172, 174, 175, and others, are transferred by type III transfers to the department of higher education and workforce development subject to the provisions of subsection 2 of this section.

5. The state historical society, chapter 183, is transferred by type III transfer to the University of Missouri.

6. The state anatomical board, chapter 194, is transferred by type II transfer to the department of higher education and workforce development.

7. Provided, however, that all responsibility for administering the federal-state programs of vocational-technical education, except for the 1202a postsecondary educational amendments of 1972 program, shall remain with the department of elementary and secondary education. The department of elementary and secondary education and the coordinating board for higher education shall cooperate in developing the various plans for vocational-technical education; however, the ultimate responsibility will remain with the state board of education.

8. All the powers, duties, functions, and properties of the state poultry experiment station, chapter 262, are transferred by type I transfer to the University of Missouri, and the state poultry association and state poultry board are abolished. In the event the University of Missouri shall cease to use the real estate of the poultry experiment station for the purposes of research or shall declare the same surplus, all real estate shall revert to the governor of the state of Missouri and shall not be disposed of without legislative approval.

Unless the deputy directs otherwise, a claimant shall make a minimum of three work search contacts during any week for which he or she claims benefits. Ineligibility pursuant to this subdivision shall begin on the first day of the week which the claimant was scheduled to claim and shall end on the last day of the week preceding the week during which the claimant does report to the division's office;

(4) Prior to the first week of a period of total or partial unemployment for which the claimant claims benefits he or she has been totally or partially unemployed for a waiting period of one week. - (b) There is justifiable cause for the claimant's failure to participate in such reemployment services.

2. A claimant shall be ineligible for waiting week credit or benefits for any week for which the deputy finds he or she is or has been suspended by his or her most recent employer for misconduct connected with his or her work. Suspensions of four weeks or more shall be treated as discharges.

3. (1) Benefits based on "service in employment", described in subsections 7 and 8 of section 288.034, shall be payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this law; except that:

(a) With respect to service performed in an instructional, research, or principal administrative capacity for an educational institution, benefits shall not be paid based on such services for any week of unemployment commencing during the period between two successive academic years or terms, or during a similar period between two regular but not successive terms, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual if such individual performs such services in the first of such academic years (or terms) and if there is a contract or a reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms;

(b) With respect to services performed in any capacity (other than instructional, research, or principal administrative capacity) for an educational institution, benefits shall not be paid on the basis of such services to any individual for any week which commences during a period between two successive academic years or terms if such

individual performs such services in the first of such academic years or terms and there is a contract or a reasonable assurance that such individual will perform such services in the second of such academic years or terms;

(c) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits shall not be paid on the basis of such services to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performed such services in the period immediately before such vacation period or holiday recess, and there is reasonable assurance that such individual will perform such services immediately following such vacation period or holiday recess;

(d) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits payable on the basis of services in any such capacity shall be denied as specified in paragraphs (a), (b), and (c) of this subdivision to any individual who performed such services at an educational institution while in the employ of an educational service agency, and for this purpose the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one or more educational institutions.

(2) If compensation is denied for any week pursuant to paragraph (b) or (d) of subdivision (1) of this subsection to any individual performing services at an educational institution in any capacity (other than instructional, research or principal administrative capacity), and such individual was not offered an opportunity to perform such services for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of the compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of paragraph (b) or (d) of subdivision (1) of this subsection.

4. (1) A claimant shall be ineligible for waiting week credit, benefits or shared work benefits for any week for which he or she is receiving or has received remuneration exceeding his or her weekly benefit amount or shared work benefit amount in the form of:

(a) Compensation for temporary partial disability pursuant to the workers' compensation law of any state or pursuant to a similar law of the United States;

(b) A governmental or other pension, retirement or retired pay, annuity, or other similar periodic payment which is based on the previous work of such claimant to the extent that such payment is provided from funds provided by a base period or chargeable employer pursuant to a plan maintained or contributed to by such employer; but, except for such payments made pursuant to the Social Security Act or the Railroad Retirement Act of 1974 (or the corresponding provisions of prior law), the provisions of this paragraph shall not apply if the services performed for such employer by the claimant after the beginning of the base period (or remuneration for such services) do not affect eligibility for or increase the amount of such pension, retirement or retired pay, annuity or similar payment.

(2) If the remuneration referred to in this subsection is less than the benefits which would otherwise be due, the claimant shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration, and, if such benefit is not a multiple of one dollar, such amount shall be lowered to the next multiple of one dollar.

(3) Notwithstanding the provisions of subdivisions (1) and (2) of this subsection, if a claimant has contributed in any way to the Social Security Act or the Railroad Retirement Act of 1974, or the corresponding provisions of prior law, no part of the payments received pursuant to such federal law shall be deductible from the amount of benefits received pursuant to this chapter.

5. A claimant shall be ineligible for waiting week credit or benefits for any week for which or a part of which he or she has received or is seeking unemployment benefits pursuant to an unemployment insurance law of another state or the United States; provided, that if it be finally determined that the claimant is not entitled to such unemployment benefits, such ineligibility shall not apply.

6. (1) A claimant shall be ineligible for waiting week credit or benefits for any week for which the deputy finds that such claimant's total or partial unemployment is due to a stoppage of work which exists because of a labor dispute in the factory, establishment or other premises in which such claimant is or was last employed. In the event the claimant secures other employment from which he or she is separated during the existence of the labor dispute, the claimant must have obtained bona fide employment as a permanent employee for at least the major part of each of two weeks in such subsequent employment to terminate his or her ineligibility. If, in any case, separate branches of work which are commonly conducted as separate businesses at separate premises are conducted in separate departments of the same premises, each such department shall for the purposes of this subsection be deemed to be a separate factory, establishment or other premises. This subsection shall not apply if it is shown to the satisfaction of the deputy that:

(a) The claimant is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(b) The claimant does not belong to a grade or class of workers of which, immediately preceding the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute.

(2) "Stoppage of work" as used in this subsection means a substantial diminution of the activities, production or services at the establishment, plant, factory or premises of the employing unit. This definition shall not apply to a strike where the employees in the bargaining unit who initiated the strike are participating in the strike. Such employees shall not be eligible for waiting week credit or benefits during the period when the strike is in effect, regardless of diminution, unless the employer has been found guilty of an unfair labor practice by the National Labor Relations Board or a federal court of law for an act or actions preceding or during the strike.

7. On or after January 1, 1978, benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

8. Benefits shall not be payable on the basis of services performed by an alien, unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 212(d)(5) of the Immigration and Nationality Act).

(1) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(2) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of such individual's alien status shall be made except upon a preponderance of the evidence.

9. A claimant shall be ineligible for waiting week credit or benefits for any week such claimant has an outstanding penalty which was assessed based upon an overpayment of benefits, as provided for in subsection 9 of section 288.380.

10. The directors of the division of employment security and the ~~[division]~~ office of workforce development shall submit to the governor, the speaker of the house of representatives, and the president pro tem of the senate no later than October 15, 2006, a report outlining their recommendations for how to improve work search verification and claimant reemployment activities. 2. Before issuing the order as provided in subsection 1 of this section, the department shall serve on the borrower the statement of claim and shall inform the borrower that the department intends to initiate proceedings to collect the debt through deductions from earnings. The department shall also provide a copy of this section or an explanation of the borrower's rights under this section.

3. The department shall provide the borrower with an opportunity to inspect and copy records related to the defaulted loans.

5. The department shall provide the borrower with the opportunity to have a hearing before an impartial hearing officer appointed by the department but who is not under the control or supervision of the board or department. The procedures for the hearing shall be the same as those for contested cases under chapter 536. Upon the borrower's filing of a request for a hearing in compliance with the rules of the board, the department shall stay the commencement of collection proceedings for the debt described in the statement of claim until the department issues an order provided for in subsection 6, 7, or 8, of this section.

The employer shall withhold from the earnings the amount specified in the order, except that the total amount withheld shall not exceed ten percent of the borrower's earnings after deduction from those earnings of any amount required by law to be withheld. When the borrower voluntarily makes a written request that money due or to become due him be withheld or applied to the debt or that more than the ten percent maximum be withheld from his earnings, the employer shall comply with that request as if so ordered by the department.

11. Subject to the provisions of section 454.505, an order to withhold earnings shall have the same force and effect in regard to the employer as any other garnishment.

12. No employer or other payor who complies with an order to withhold earnings shall be liable to the borrower, or to any other person claiming rights derived from the borrower, for wrongful withholding. An employer who fails or refuses to withhold or pay the amounts as ordered under this section shall be liable to the department in an amount equal to the amount which became due the department during the relevant period and which, under the order, should have been withheld and paid over.

13. An employer shall not discharge, refuse to hire or otherwise discipline an employee as a result of an order to withhold and pay over certain money authorized by this section. Any employer who does so is guilty of an infraction.

(b) If another jurisdiction has taken disciplinary action against an applicant, the committee shall determine if the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the committee may deny a license until the matter is resolved.

(4) Nothing in this subsection shall prohibit the committee from denying a license to an applicant under this subsection for any reason described in section 337.630.

(5) Any person who is licensed under the provisions of this subsection shall be subject to the committee's jurisdiction and all rules and regulations pertaining to the practice as a licensed master social worker in this state.

2. Any person holding a current license, certificate of registration, or permit from another state or territory of the United States or the District of Columbia to practice advanced macro social work who has had no disciplinary action taken against the license, certificate of registration, or permit for the preceding five years may be granted a license to practice advanced macro social work in this state if the person meets one of the following criteria:

(8) "Remediation", decreasing the lead concentration in water from a drinking water outlet to less than five parts per billion ~~[without relying solely on flushing practices, or]~~ using methods such as the replacement of lead-containing pipes, solder, fittings, or fixtures with lead-free components **or filtering when the water supply is the source of contamination**. Flushing ~~[as a stand-alone action]~~ shall not be considered remediation;

(9) "School", any public school, private school, or provider of an early childhood education program that receives state funding.

3. Beginning in the 2023-24 school year and for each subsequent school year, each school shall provide drinking water with a lead concentration level below five parts per billion in sufficient amounts to meet the drinking water needs of all students and staff as provided in this section.

4. (1) On or before January 1, 2024, each school shall:

(a) Conduct an inventory of all drinking water outlets ~~[and all outlets that are used for dispensing water for cooking or for cleaning cooking and eating utensils]~~ in each of the school's buildings;

(b) Develop a plan for testing each outlet inventoried under paragraph (a) of this subdivision and make such plan available to the public; and

(c) Upon request, provide general information on the health effects of lead contamination and additional informational resources for employees and parents of children at each school.

(2) Each school shall make buildings housing early childhood education programs, kindergartens, and elementary schools the priority when complying with paragraphs (a) and (b) of subdivision (1) of this subsection.

(3) Before August 1, 2024, or the first day on which students will be present in the building, whichever is later, each school shall:

(a) Perform all testing as required by subsection 5 of this section and within two weeks after receiving test results, make all testing results and any lead remediation plans available on the school's website;

(b) Remove and replace any drinking water coolers or drinking water outlets that the United States Environmental Protection Agency has determined are not lead-free under the federal Lead Contamination Control Act of 1988, as amended; except the school shall not be required to replace those drinking water outlets or water coolers that tested under the requirements of this section and have been determined to be dispensing drinking water with a lead concentration less than five part per billion; however, such drinking water outlet or water cooler shall be subject to all testing requirements and shall not be excluded from testing under **subdivision (3) of subsection [4] 5** of this section.

(4) If testing indicates that the water source is causing the contamination and until such time that the source of the contamination has been remediated, the school shall:

(a) Install a filter **that reduces lead in drinking water** at each point at which the water supply enters the building **in accordance with any relevant requirements set forth by the department of natural resources to ensure lead concentrations are below the standard set in subsection 3 of this section**;

(b) Install a filter that reduces lead in drinking water on each water outlet inventoried under paragraph (a) of subdivision (1) of this subsection to ensure lead concentrations are below five parts per billion; or

(c) Provide purified water at each water outlet inventoried under paragraph (a) of subdivision (1) of this subsection.

(5) If testing indicates that the internal building piping is causing the contamination and until such time that the source of the contamination has been remediated, the school shall:

(a) Install a filter that reduces lead in drinking water on each water outlet inventoried under paragraph (a) of subdivision (1) of this subsection to ensure lead concentrations are below five parts per billion; ~~[or]~~

(b) Provide purified water at each water outlet inventoried under paragraph (a) of subdivision (1) of this subsection; or

(c) Remove the outlet from service.

(6) If a pipe, solder, fitting, or fixture is replaced as part of remediation, the replacement shall be lead free, as such term is defined in 40 CFR 143.12, as amended.

(7) If a test result exceeds five parts per billion, the affected school shall:

(a) Contact parents and staff via written notification within seven business days after receiving the test result. The notification shall include at least:

- a. The test results and a summary that explains such results;
- b. A description of any remedial steps taken; and
- c. A description of general health effects of lead contamination and community specific resources; and

(b) Provide bottled water if there is not enough water to meet the drinking water needs of the students, teachers, and staff.

(8) School districts shall submit such annual testing results to the department.

(9) This subsection shall not be construed to prevent a school from conducting more frequent testing than required under this section.

5. (1) Before August 1, 2024, or the first day on which students will be present in the building, whichever is later, and annually thereafter, each school shall conduct testing for lead by first-draw and follow-up flush samples of a random sampling of at least twenty-five percent of remediated drinking water outlets until all remediated sources have been tested as recommended by the 2018 version of the United States Environmental Protection Agency's Training, Testing, and Taking Action program. The testing shall be conducted and the results analyzed for both types of tests by an entity or entities approved by the department. **All drinking water outlets with test results of less than five parts per billion for lead shall be retested at intervals described in subdivision (3) of this subsection.**

(2) If, in the ten years prior to the 2023-24 school year, a fixture tested above five parts per billion for lead, such fixture does not need to be repeat tested for lead, but instead remediation shall begin on such fixture.

(3) A school that tests and does not find a drinking water outlet with a lead concentration above the standard described in subsection 3 of this section shall be required to test only every five years. This subdivision shall not be construed to prevent a school from conducting more frequent testing than required under this subsection.

6. (1) In addition to the apportionments payable to a school district under chapter 163, the department of natural resources, with support from the department of elementary and secondary education and the department of health and senior services, is hereby authorized to apportion to any school additional funding for the filtration, testing, and other remediation of drinking water systems required under this section, subject to appropriation.

(2) To the extent permitted by federal law, a school district may seek reimbursement or other funds for compliance incurred under this section under any applicable federal law including, but not limited to, the America's Water Infrastructure Act of 2018 and the Water Infrastructure Finance and Innovation Act of 2014, 33 U.S.C. Section 3901 et seq.

(3) Disadvantaged school districts shall receive funding priority under this subsection.

7. The department, in conjunction with the department of elementary and secondary education, shall publish a report biennially based on the findings from the water testing conducted under this section. Such report shall be published on the department of natural resources website.

8. For public schools, the department shall ensure compliance with this section. Each school district shall be responsible for ensuring compliance within each school within the school district's jurisdiction.

~~9. [No school building constructed after January 4, 2014, as provided in the federal Reduction of Lead in Drinking Water Act (42 U.S.C. Section 300g-6), as amended, shall be required to install, maintain, or replace filters under paragraph (c) of subdivision (1) of subsection 4 of this section.~~

~~10. A school that tests and does not find a drinking water source with a lead concentration above the acceptable level as described in subsection 3 of this section shall be required to test only every five years.~~

~~11.]~~ The department may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

Further amend said bill, Page 13, Section 178.787, Line 48, by inserting after all of said section and line the following:

~~[701.200. 1. Subject to appropriations, each school district, as such term is defined in section 160.011, may test a sample of a source of potable water in a public school building in that district serving students under first grade and constructed before 1996 for lead contamination in accordance with guidance provided by the department of health and senior services. The school district may submit the samples to a department approved laboratory for analysis for lead and provide the written sampling results to the department within seven days of receipt.~~

~~2. The department shall develop guidance for schools in collecting and testing first draw samples of potable water. The department shall develop and make publicly available a list of approved laboratories for lead analysis.~~

~~3. If any of the samples taken in the building exceed current standards for parts per billion of lead established by the United States Environmental Protection Agency, the school district shall promptly provide individual notification of the sampling results, by written or electronic communication, to the parents or legal guardians of all enrolled students and include the following information: the corresponding sampling location within the building and the U.S. Environmental Protection Agency's website for information about lead in drinking water. If any of the samples taken in the building are at or below five parts per billion, notification may be made as provided in this subsection or by posting on the school's website.~~

~~4. The department may promulgate rules and regulations necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.~~

~~5. As used in this section, the term "source of potable water" shall mean the point at which nonbottled water that may be ingested by children or used for food preparation exits any tap, faucet, drinking fountain, wash basin in a classroom occupied by children or students under first grade, or similar point of use; provided, that all bathroom sinks and wash basins used by janitorial staff are excluded from this definition.]; and~~

On motion of Representative Kelley, the title of **HCS SS SB 150** was agreed to.

Representative Davidson offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 150, Page 1, Section A, Line 4, by inserting after all of the said section and line the following:

"160.2700. For purposes of sections 160.2700 to 160.2725, "adult high school" means a school that:

(1) Is for individuals who do not have a high school diploma and who are ~~[twenty-one]~~ **eighteen** years of age or older;

(2) Offers an industry certification program or programs and a high school diploma in a manner that allows students to earn a diploma at the same time that they earn an industry certification;

(3) Offers child care for children of enrolled students attending the school; and

(4) Is not eligible to receive funding under section 160.415 or 163.031.

160.2705. 1. The department of social services shall authorize Missouri-based nonprofit organizations meeting the criteria of this section to establish and operate up to five adult high schools, with:

(1) One adult high school to be located in a city not within a county;

(2) One adult high school to be located in a county of the third classification without a township form of government and with more than forty-one thousand but fewer than forty-five thousand inhabitants or a county contiguous to that county;

(3) One adult high school to be located in a county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants or a county contiguous to that county;

(4) One adult high school to be located in a county of the first classification with more than one hundred fifty thousand but fewer than two hundred thousand inhabitants; and

(5) One adult high school to be located in a county with more than seven hundred thousand but fewer than eight hundred thousand inhabitants, or a contiguous county.

2. The department of social services shall administer funding to adult high schools subject to appropriations. The department shall be responsible for granting and maintaining authorization for adult high schools. For adult high schools in operation prior to January 1, 2023, the department shall maintain authorization for the nonprofit organization to operate the schools, subject to compliance with this section. No more than one organization shall be authorized to operate an adult high school at each location described in subsection 1 of this section. An organization may establish satellite campuses for any adult high school it is authorized to operate. The department shall administer funding for satellite campuses subject to appropriations.

3. On or before January 1, 2024, the department of social services shall select an eligible Missouri-based nonprofit organization to operate in a location described in subdivision (5) of subsection 1 of this section. An eligible organization shall:

(1) Demonstrate the ability to establish, within twenty-one months of the receipt of the authorization, an adult high school offering high school diplomas, an industry certification program or programs, and child care for children of the students attending the high schools;

(2) Demonstrate the ability to commit at least five hundred thousand dollars for the purpose of establishing the necessary infrastructure at the adult high school;

(3) Demonstrate substantial and positive experience in providing services, including industry certifications and job placement services, to adults ~~[twenty-one]~~ **eighteen** years of age or older whose educational and training opportunities have been limited by educational disadvantages, disabilities, homelessness, criminal history, or similar circumstances;

(4) Establish a partnership with a state-supported postsecondary education institution or more than one such partnership, if a partnership or partnerships are necessary in order to meet the requirements for an adult high school;

(5) Establish a comprehensive plan that sets forth how the adult high schools will help address the need for a sufficiently trained workforce in the surrounding region for each adult high school;

(6) Establish partnerships and strategies for engaging the community and business leaders in carrying out the goals of each adult high school;

(7) Establish the ability to meet quality standards through certified teachers and programs that support each student in such student's goal to find a more rewarding job;

(8) Establish a plan for assisting students in overcoming barriers to educational success including, but not limited to, educational disadvantages, homelessness, criminal history, disability, including learning disability such as dyslexia, and similar circumstances;

(9) Establish a process for determining outcomes of the adult high school, including outcomes related to a student's ability to find a more rewarding job through the attainment of a high school diploma and job training and certification; and

(10) Limit the administrative fee to no more than ten percent.

4. (1) The department of elementary and secondary education shall establish academic requirements for students to obtain high school diplomas.

(2) Requirements for a high school diploma shall be based on an adult student's prior high school achievement and the remaining credits and coursework that would be necessary for the student to receive a high school diploma if such student were in a traditional high school setting. The adult student shall meet the requirements with the same level of academic rigor as would otherwise be necessary to attain such credits.

(3) The adult high school authorized under this section shall award high school diplomas to students who successfully meet the established academic requirements. The adult high school authorized under this section shall confer the diploma as though the student earned the diploma at a traditional high school. The diploma shall have no differentiating marks, titles, or other symbols.

(4) Students at adult high schools may complete required coursework at their own pace and as available through the adult high school. They shall not be required to satisfy any specific number of class minutes. The adult

high school may also make classes available to students online as may be appropriate. However, students shall not complete the majority of instruction of the school's curriculum online or through remote instruction. For the purposes of this subsection, synchronous instruction connecting students to a live class conducted in a Missouri adult high school shall be treated the same as in-person instruction.

(5) The department of elementary and secondary education shall not create additional regulations or burdens on the adult high school or the students attending the adult high schools beyond certifying necessary credits and ensuring that students have sufficiently mastered the subject matter to make them eligible for credit.

5. An adult high school shall be deemed a secondary school system for the purposes of subdivision ~~[(45)]~~ (16) of subsection 1 of section 210.211.

160.2710. 1. Any person who is ~~[twenty-one]~~ **eighteen** years of age or older may enroll in an adult high school if he or she has not earned a high school diploma.

2. An adult high school shall give a preference in admission to those students who receive any local, state, or federal assistance in which a person or family is required not to exceed a certain income level in order to qualify for the assistance.

3. For the purposes of compiling and tracking dropout rates of a local education agency by the department of elementary and secondary education, a student transferring from a local education agency to an adult high school shall be considered a transfer student and not a dropout student from the local education agency.

161.264. 1. Subject to appropriation, the department of elementary and secondary education shall establish a statewide program to be known as the "STEM Career Awareness Activity Program" to increase STEM career awareness among students in grades nine through twelve. For the purposes of this section, "STEM" means science, technology, engineering, and mathematics.

2. The department of elementary and secondary education shall promote the statewide program beginning in the 2026-27 school year. The program shall introduce students in grades nine through twelve to a wide variety of STEM careers and technology through an activity program that involves participating in STEM-related activities at state, national, or international competitions.

3. (1) By January 1, 2026, the department of elementary and secondary education shall solicit proposals to provide the activity program. By March 1, 2026, the department of elementary and secondary education shall select a provider for the program.

(2) The department shall select a provider that presents quantitative or qualitative data demonstrating the effectiveness of the program in any of the following areas:

(b) Facilitates a cohort of students in grades nine through twelve to participate in STEM-related activities at state, national, or international competitions.

4. Notwithstanding the provisions of subsections 2 and 3 of this section to the contrary, the department of elementary and secondary education may choose a third-party nonprofit entity to implement the statewide program, solicit proposals, and select a provider as described under subsection 3 of this section.

5. There is hereby created in the state treasury the "STEM Career Awareness Activity Fund". The fund shall consist of any appropriations, gifts, bequests, or public or private donations to such fund. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements of public moneys in accordance with distribution requirements and procedures developed by the department of elementary and secondary education. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely for the administration of this section. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The department of elementary and secondary education may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this act shall be invalid and void."; and

House Amendment No. 8

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 150, Page 15, Section 178.787, Line 48, by inserting after all of said section and line the following:

"288.050. 1. Notwithstanding the other provisions of this law, a claimant shall be disqualified for waiting week credit or benefits until after the claimant has earned wages for work insured pursuant to the unemployment compensation laws of any state equal to ten times the claimant's weekly benefit amount if the deputy finds:

(1) That the claimant has left work voluntarily without good cause attributable to such work or to the claimant's employer. A temporary employee of a temporary help firm will be deemed to have voluntarily quit employment if the employee does not contact the temporary help firm for reassignment prior to filing for benefits. Failure to contact the temporary help firm will not be deemed a voluntary quit unless the claimant has been advised of the obligation to contact the firm upon completion of assignments and that unemployment benefits may be denied for failure to do so. "Good cause", for the purposes of this subdivision, shall include only that cause which would compel a reasonable employee to cease working or which would require separation from work due to illness or disability. The claimant shall not be disqualified:

(a) If the deputy finds the claimant quit such work for the purpose of accepting a more remunerative job which the claimant did accept and earn some wages therein;

(b) If the claimant quit temporary work to return to such claimant's regular employer; or

(c) If the deputy finds the individual quit work, which would have been determined not suitable in accordance with paragraphs (a) and (b) of subdivision (3) of this subsection, within twenty-eight calendar days of the first day worked;

(d) As to initial claims filed after December 31, 1988, if the claimant presents evidence supported by competent medical proof that she was forced to leave her work because of pregnancy, notified her employer of such necessity as soon as practical under the circumstances, and returned to that employer and offered her services to that employer as soon as she was physically able to return to work, as certified by a licensed and practicing physician, but in no event later than ninety days after the termination of the pregnancy. An employee shall have been employed for at least one year with the same employer before she may be provided benefits pursuant to the provisions of this paragraph;

(e) If the deputy finds that, due to the spouse's mandatory and permanent military change of station order, the claimant quit work to relocate with the spouse to a new residence from which it is impractical to commute to the place of employment and the claimant remained employed as long as was reasonable prior to the move. The claimant's spouse shall be a member of the U.S. Armed Forces who is on active duty, or a member of the National Guard or other reserve component of the U.S. Armed Forces who is on active National Guard or reserve duty. The provisions of this paragraph shall only apply to individuals who have been determined to be an insured worker as provided in subdivision (22) of subsection 1 of section 288.030;

(2) That the claimant has retired pursuant to the terms of a labor agreement between the claimant's employer and a union duly elected by the employees as their official representative or in accordance with an established policy of the claimant's employer; or

(3) (a) That the claimant failed without good cause ~~[either]~~ to:

a. Apply for available suitable work when so directed by a deputy of the division or designated staff of an employment office as defined in subsection 1 of section 288.030~~[-or to];~~

b. Accept suitable work when offered ~~[the claimant, either through the division or directly by an employer- by whom the individual was formerly employed, or to];~~

c. **Appear for a scheduled job interview for suitable work or a skills test three times within an unemployment cycle when such interview or skills test is offered to the claimant, either through the division or directly by an employer; or**

d. Return to the individual's customary self-employment, if any, when so directed by the deputy.

(b) For the purposes of this subdivision, an offer of suitable work, suitable job interview, or skills test shall be rebuttably presumed if an employer notifies the claimant in writing of such offer ~~[by sending an acknowledgment via any form of certified mail issued by the United States Postal Service stating such offer to the claimant at the claimant's last known address]~~ or by a method or manner prescribed by the division. Nothing in this subdivision shall be construed to limit the means by which the deputy may establish that the claimant has or has not been sufficiently notified of available work. **In enforcing this subdivision, the division shall establish a method allowing verified employers to report any individual who fails to accept or respond to an offer of employment or appear for a previously scheduled job interview or skills test.**

~~[(a)]~~ (c) In determining whether or not any work is suitable for an individual, the division shall consider, among other factors and in addition to those enumerated in paragraph (b) of this subdivision, the degree of risk involved to the individual's health, safety and morals, the individual's physical fitness and prior training, the individual's experience and prior earnings, the individual's length of unemployment, the individual's prospects for securing work in the individual's customary occupation, the distance of available work from the individual's residence and the individual's prospect of obtaining local work; except that, if an individual has moved from the locality in which the individual actually resided when such individual was last employed to a place where there is less probability of the individual's employment at such individual's usual type of work and which is more distant from or otherwise less accessible to the community in which the individual was last employed, work offered by the individual's most recent employer if similar to that which such individual performed in such individual's last employment and at wages, hours, and working conditions which are substantially similar to those prevailing for similar work in such community, or any work which the individual is capable of performing at the wages prevailing for such work in the locality to which the individual has moved, if not hazardous to such individual's health, safety or morals, shall be deemed suitable for the individual.

~~(b)~~ (d) Notwithstanding any other provisions of this law, no work shall be deemed suitable and benefits shall not be denied pursuant to this law to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

- a. If the position offered is vacant due directly to a strike, lockout, or other labor dispute;
 - b. If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;
 - c. If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.
2. If a deputy finds that a claimant has been discharged for misconduct connected with the claimant's work, such claimant shall be disqualified for waiting week credit and benefits, and no benefits shall be paid nor shall the cost of any benefits be charged against any employer for any period of employment within the base period until the claimant has earned wages for work insured under the unemployment laws of this state or any other state as prescribed in this section. In addition to the disqualification for benefits pursuant to this provision the division may in the more aggravated cases of misconduct cancel all or any part of the individual's wage credits, which were established through the individual's employment by the employer who discharged such individual, according to the seriousness of the misconduct. A disqualification provided for pursuant to this subsection shall not apply to any week which occurs after the claimant has earned wages for work insured pursuant to the unemployment compensation laws of any state in an amount equal to six times the claimant's weekly benefit amount. Should a claimant be disqualified on a second or subsequent occasion within the base period or subsequent to the base period the claimant shall be required to earn wages in an amount equal to or in excess of six times the claimant's weekly benefit amount for each disqualification.

3. Notwithstanding the provisions of subsection 1 of this section, a claimant may not be determined to be disqualified for benefits because the claimant is in training approved pursuant to Section 236 of the Trade Act of 1974, as amended, (19 U.S.C.A. Sec. 2296, as amended), or because the claimant left work which was not suitable employment to enter such training. For the purposes of this subsection "suitable employment" means, with respect to a worker, work of a substantially equal or higher skill level than the worker's past adversely affected employment, and wages for such work at not less than eighty percent of the worker's average weekly wage as determined for the purposes of the Trade Act of 1974.

3. The division shall engage with and utilize a national data check system to ensure that only eligible individuals receive unemployment compensation benefits pursuant to this chapter.
4. The division shall, on a weekly basis, check its employment security rolls against a list of incarcerated individuals, which shall be provided to the division by the department of corrections, to verify the eligibility of unemployment compensation benefit claimants and to ensure that only eligible individuals receive unemployment compensation benefits pursuant to this chapter.
5. The division shall, on a weekly basis, check its employment security rolls against state death records.
6. The division shall, on a weekly basis, check its new-hire records against the records contained in the National Directory of New Hires in order to verify the eligibility of the individuals named in the division's new-hire records.

(1) The division shall adopt and implement internal administrative policies to prioritize and pursue the recovery of fraudulent or otherwise improper unemployment compensation benefit overpayments to the fullest extent allowable under applicable state and federal law. The division shall attempt to recover all outstanding unemployment compensation benefit overpayments unless doing so would violate state or federal law.

(2) The division shall maintain records of all of its attempts to recover unemployment compensation benefit overpayments. The division shall issue a written report to the general assembly each year, no later than December thirty-first, describing improper unemployment compensation benefit payments and their recovery, the extent to which any improper unemployment compensation benefit payments have not been corrected or recovered, and the reasons for the failure of the division to secure such correction or recovery.

11. The division is hereby authorized to execute a memorandum of understanding with any governmental entity of this state in order to share and receive such information as may be necessary for the division to administer the provisions of this section.

12. If the division receives information relating to an individual who has been found eligible for unemployment compensation benefits and such information indicates a change in circumstances that could affect the individual's eligibility, the division shall review the individual's eligibility case.

13. The division may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. 3. The committee shall:

(1) Within six months of receiving an application described in subsection 2 of this section, waive any examination, educational, or experience requirements for licensure in this state for the applicant if it determines that there were minimum education requirements and, if applicable, work experience and clinical supervision requirements in effect and the other jurisdiction verifies that the person met those requirements in order to be licensed or certified in that jurisdiction. The committee may require an applicant to take and pass an examination specific to the laws of this state; or

(2) Within thirty days of receiving an application described in subsection 2 of this section from a nonresident military spouse or a resident military spouse, waive any examination, educational, or experience requirements for licensure in this state for the applicant and issue such applicant a license under this section if such applicant otherwise meets the requirements of this section.

4. 3. (1) The dietitian who has agreed to supervise the applicant for a temporary license shall submit to the committee a signed and notarized form prescribed by the committee attesting that the applicant for a temporary license shall begin employment at a location in this state within seven days of issuance of the temporary license.

(2) If the temporary licensee's employment described in subdivision (1) of this subsection ceases, the supervising dietitian shall notify the committee within three days of such cessation.

4. A licensed dietitian shall not supervise more than one temporary licensee at a time.

5. The temporary license obtained by an applicant under this section shall expire the date the committee is notified by the supervising dietitian that the temporary licensee's employment has ceased or within one hundred eighty days of its issuance, whichever occurs first.

 - (a) Federal Bureau of Investigation fingerprint based criminal history record information check;
 - (b) Any other criminal history record information required by the new Home State; and
 - (c) Any Jurisprudence Requirements of the new Home State.
 - (3) The former Home State shall convert the former Home State License into a Compact Privilege once the new Home State has activated the new Home State License in accordance with applicable Rules adopted by the Compact Commission.
 - (4) Notwithstanding any other provision of this Compact, if the Licensee cannot meet the criteria in section 324.1815, the new Home State may apply its requirements for issuing a new Single State License.
 - (5) The Licensee shall pay all applicable fees to the new Home State in order to be issued a new Home State License.
3. If a Licensee changes their State of residence by moving from a Member State to a non-Member State, or from a non-Member State to a Member State, the State criteria shall apply for issuance of a Single State License in the new State.
4. Nothing in this Compact shall interfere with a Licensee's ability to hold a Single State License in multiple States; however, for the purposes of this Compact, a Licensee shall have only one Home State License.
5. Nothing in this Compact shall affect the requirements established by a Member State for the issuance of a Single State License.
- 324.1825. An Active Military Member, or their spouse, shall designate a Home State where the individual has a current License in good standing. The individual may retain the Home State designation during the period the service member is on active duty.
- 324.1830. 1. In addition to the other powers conferred by State law, a Remote State shall have the authority, in accordance with existing State due process law, to:

(1) Take Adverse Action against a Licensee's Compact Privilege within that Member State; and
(2) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a Licensing Authority in a Member State for the attendance and testimony of witnesses or the production of evidence from another Member State shall be enforced in the latter State by any court of competent jurisdiction, according to the practice and procedure applicable to subpoenas issued in proceedings pending before that court. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the State in which the witnesses or evidence are located.

2. Only the Home State shall have the power to take Adverse Action against a Licensee's Home State License.

3. For purposes of taking Adverse Action, the Home State shall give the same priority and effect to reported conduct received from a Member State as it would if the conduct had occurred within the Home State. In so doing, the Home State shall apply its own State laws to determine appropriate action.

4. The Home State shall complete any pending investigations of a Licensee who changes Home States during the course of the investigations. The Home State shall also have authority to take appropriate action or actions and shall promptly report the conclusions of the investigations to the administrator of the Data System. The administrator of the Data System shall promptly notify the new Home State of any Adverse Actions.

5. A Member State, if otherwise permitted by State law, may recover from the affected Licensee the costs of investigations and dispositions of cases resulting from any Adverse Action taken against that Licensee.

6. A Member State may take Adverse Action based on the factual findings of another Remote State, provided that the Member State follows its own procedures for taking the Adverse Action.

7. (1) In addition to the authority granted to a Member State by its respective State law, any Member State may participate with other Member States in joint investigations of Licensees.

(2) Member States shall share any investigative, litigation, or compliance materials in furtherance of any joint investigation initiated under the Compact.

8. If Adverse Action is taken by the Home State against a Licensee's Home State License resulting in an Encumbrance on the Home State License, the Licensee's Compact Privilege or Privileges in all other Member States shall be revoked until all Encumbrances have been removed from the Home State License. All Home State disciplinary orders that impose Adverse Action against a Licensee shall include a statement that the Licensee's Compact Privileges are revoked in all Member States during the pendency of the order.

9. Once an Encumbered License in the Home State is restored to an Unencumbered License (as certified by the Home State's Licensing Authority), the Licensee must meet the requirements of subsection 1 of section 324.1815 and follow the administrative requirements to reapply to obtain a Compact Privilege in any Remote State.

10. If a Member State takes Adverse Action, it shall promptly notify the administrator of the Data System. The administrator of the Data System shall promptly notify the other Member States of any Adverse Actions.

11. Nothing in this Compact shall override a Member State's decision that participation in an Alternative Program may be used in lieu of Adverse Action.

324.1835. 1. The Compact Member States hereby create and establish a joint government agency whose membership consists of all Member States that have enacted the Compact known as the Dietitian Licensure Compact Commission. The Compact Commission is an instrumentality of the Compact States acting jointly and not an instrumentality of any one State. The Compact Commission shall come into existence on or after the effective date of the Compact as set forth in section 324.1855.

2. (1) Each Member State shall have and be limited to one (1) delegate selected by that Member State's Licensing Authority.

(12) Assess and collect fees;

(13) Accept any and all appropriate donations, grants of money, other sources of revenue, equipment, supplies, materials, services, and gifts, and receive, utilize, and dispose of the same; provided that at all times the Compact Commission shall avoid any actual or appearance of impropriety or conflict of interest;

(14) Lease, purchase, retain, own, hold, improve, or use any property, real, personal, or mixed, or any undivided interest therein;

(15) Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property real, personal, or mixed;

(16) Establish a budget and make expenditures;

(17) Borrow money;

(18) Appoint committees, including standing committees, composed of members, State regulators, State legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this Compact or the bylaws;

(20) Establish and elect an Executive Committee, including a chair and a vice chair;

(21) Determine whether a State's adopted language is materially different from the model compact language such that the State would not qualify for participation in the Compact; and

4. (1) The Executive Committee shall have the power to act on behalf of the Compact Commission according to the terms of this Compact. The powers, duties, and responsibilities of the Executive Committee shall include:

(a) Oversee the day-to-day activities of the administration of the Compact including enforcement and compliance with the provisions of the Compact, its Rules and bylaws, and other such duties as deemed necessary;

- (2) The Executive Committee shall be composed of nine members:
- (a) The chair and vice chair of the Compact Commission shall be voting members of the Executive Committee;

- (b) Executive Committee meetings shall be open to the public, except that the Executive Committee may meet in a closed, non-public meeting as provided in subdivision (2) of subsection 6 of this section.
- (c) The Executive Committee shall give 30 days' notice of its meetings, posted on the website of the Compact Commission and as determined to provide notice to persons with an interest in the business of the Compact Commission.
- (d) The Executive Committee may hold a special meeting in accordance with paragraph (c) of subdivision (1) of subsection 6 of this section.
5. The Compact Commission shall adopt and provide to the Member States an annual report.
6. (1) (a) All meetings shall be open to the public, except that the Compact Commission may meet in a closed, non-public meeting as provided in subdivision (2) of this subsection.
- (b) Public notice for all meetings of the full Compact Commission shall be given in the same manner as required under the rulemaking provisions in section 324.1845, except that the Compact Commission may hold a special meeting as provided in paragraph (c) of this subdivision.
- (c) The Compact Commission may hold a special meeting when it must meet to conduct emergency business by giving 24 hours' notice to all Member States, on the Compact Commission's website, and other means as provided in the Compact Commission's Rules. The Compact Commission's legal counsel shall certify that the Compact Commission's need to meet qualifies as an emergency.
- (2) The Compact Commission or the Executive Committee or other committees of the Compact Commission may convene in a closed, non-public meeting for the Compact Commission or Executive Committee or other committees of the Compact Commission to receive legal advice or to discuss:
- (a) Non-compliance of a Member State with its obligations under the Compact;

 - (f) Accusing any person of a crime or formally censuring any person;
 - (g) Trade secrets or commercial or financial information that is privileged or confidential;
 - (h) Information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
 - (i) Investigative records compiled for law enforcement purposes;

(j) Information related to any investigative reports prepared by or on behalf of or for use of the Compact Commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the Compact;

(k) Matters specifically exempted from disclosure by federal or Member State law; or

(l) Other matters as specified in the Rules of the Compact Commission.

(3) If a meeting, or portion of a meeting, is closed, the presiding officer shall state that the meeting will be closed and reference each relevant exempting provision, and such reference shall be recorded in the minutes.

(4) The Compact Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the Compact Commission or order of a court of competent jurisdiction.

7. (1) The Compact Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The Compact Commission may accept any and all appropriate revenue sources as provided in subdivision (13) of subsection 3 of this section.

(3) The Compact Commission may levy on and collect an annual assessment from each Member State and impose fees on Licensees of Member States to whom it grants a Compact Privilege to cover the cost of the operations and activities of the Compact Commission and its staff, which must, in a total amount, be sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount for Member States shall be allocated based upon a formula that the Compact Commission shall promulgate by Rule.

(4) The Compact Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Compact Commission pledge the credit of any of the Member States, except by and with the authority of the Member State.

(5) The Compact Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Compact Commission shall be subject to the financial review and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Compact Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Compact Commission.

8. (1) The members, officers, executive director, employees and representatives of the Compact Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Compact Commission employment, duties, or responsibilities; provided that nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Compact Commission shall not in any way compromise or limit the immunity granted hereunder.

(2) The Compact Commission shall defend any member, officer, executive director, employee, and representative of the Compact Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Compact Commission employment, duties, or responsibilities, or as determined by the Compact Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Compact Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

(3) The Compact Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Compact Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Compact Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Compact Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

(4) Nothing herein shall be construed as a limitation on the liability of any Licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

(5) Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Member State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

(6) Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Member States or by the Compact Commission.

324.1840. 1. The Compact Commission shall provide for the development, maintenance, operation, and utilization of a coordinated Data System.

2. The Compact Commission shall assign each applicant for a Compact Privilege a unique identifier, as determined by the Rules.

3. Notwithstanding any other provision of State law to the contrary, a Member State shall submit a uniform data set to the Data System on all individuals to whom this Compact is applicable as required by the Rules of the Compact Commission, including:

- (1) Identifying information;
- (2) Licensure data;
- (3) Adverse Actions against a License or Compact Privilege and information related thereto;
- (4) Non-confidential information related to Alternative Program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under Member State law;
- (5) Any denial of application for licensure, and the reason or reasons for such denial;
- (6) The presence of Current Significant Investigative Information; and
- (7) Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the Rules of the Compact Commission.

4. The records and information provided to a Member State pursuant to this Compact or through the Data System, when certified by the Compact Commission or an agent thereof, shall constitute the authenticated business records of the Compact Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a Member State.

5. Current Significant Investigative Information pertaining to a Licensee in any Member State will only be available to other Member States.

6. It is the responsibility of the Member States to report any Adverse Action against a Licensee and to monitor the Data System to determine whether any Adverse Action has been taken against a Licensee. Adverse Action information pertaining to a Licensee in any Member State will be available to any other Member State.

7. Member States contributing information to the Data System may designate information that may not be shared with the public without the express permission of the contributing State.

8. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Member State contributing the information shall be removed from the Data System.

324.1845. 1. The Compact Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Compact Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

2. The Rules of the Compact Commission shall have the force of law in each Member State, provided however that where the Rules conflict with the laws or regulations of a Member State that relate to the procedures, actions, and processes a Licensed Dietitian is permitted to undertake in that State and the circumstances under which they may do so, as held by a court of competent jurisdiction, the Rules of the Compact Commission shall be ineffective in that State to the extent of the conflict.

3. The Compact Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or as of the date specified in the Rule or amendment, whichever is later.

4. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

5. Rules shall be adopted at a regular or special meeting of the Compact Commission.
 6. Prior to adoption of a proposed Rule, the Compact Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.
 7. Prior to adoption of a proposed Rule by the Compact Commission, and at least thirty (30) days in advance of the meeting at which the Compact Commission will hold a public hearing on the proposed Rule, the Compact Commission shall provide a Notice of Proposed rulemaking:
 - (1) On the website of the Compact Commission or other publicly accessible platform;
 - (2) To persons who have requested notice of the Compact Commission's notices of proposed rulemaking; and
 - (3) In such other way or ways as the Compact Commission may by Rule specify.
 8. The Notice of Proposed rulemaking shall include:
 - (1) The time, date, and location of the public hearing at which the Compact Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Compact Commission will consider and vote on the proposed Rule;
 - (2) If the hearing is held via telecommunication, video conference, or other means of communication, the Compact Commission shall include the mechanism for access to the hearing in the Notice of Proposed rulemaking;
 - (3) The text of the proposed Rule and the reason therefor;
 - (4) A request for comments on the proposed Rule from any interested person; and
 - (5) The manner in which interested persons may submit written comments.
 9. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Compact Commission in response to the proposed Rule shall be available to the public.
 10. Nothing in this Section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Compact Commission at hearings required by this Section.
 11. (1) The Compact Commission shall, by majority vote of all members, take final action on the proposed Rule based on the rulemaking record and the full text of the Rule.
 - (2) The Compact Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.
 - (3) The Compact Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.
 - (4) The Compact Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in subsection 12 of this section, the effective date of the Rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the Rule.
 12. Upon determination that an emergency exists, the Compact Commission may consider and adopt an emergency Rule with 24 hours' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in the Compact and in this Section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:
 - (1) Meet an imminent threat to public health, safety, or welfare;
 - (2) Prevent a loss of Compact Commission or Member State funds;
 - (3) Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or
 - (4) Protect public health and safety.
 13. The Compact Commission or an authorized committee of the Compact Commission may direct revision to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revision shall be posted on the website of the Compact Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Compact Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Compact Commission.
 14. No Member State's rulemaking requirements shall apply under this Compact.
- 324.1850. 1. (1) The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement this Compact.
- (2) Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Compact Commission shall be brought solely and exclusively in a court of competent jurisdiction

where the principal office of the Compact Commission is located. The Compact Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct, or any such similar matter.

(3) The Compact Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Compact Commission service of process shall render a judgment or order void as to the Compact Commission, this Compact, or promulgated Rules.

2. (1) If the Compact Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Compact Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Compact Commission may take and shall offer training and specific technical assistance regarding the default.

(2) The Compact Commission shall provide a copy of the notice of default to the other Member States.

3. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges, and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

4. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Compact Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's Licensing Authority, and each of the Member States' Licensing Authority.

5. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

6. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all Compact Privileges granted pursuant to this Compact for a minimum of six months after the date of said notice of termination.

7. The Compact Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Compact Commission and the defaulting State.

8. The defaulting State may appeal the action of the Compact Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

9. (1) Upon request by a Member State, the Compact Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

(2) The Compact Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

10. (1) By supermajority vote, the Compact Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Compact Commission. The Compact Commission may pursue any other remedies available under federal or the defaulting Member State's law.

(2) A Member State may initiate legal action against the Compact Commission in the U.S. District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) No party other than a Member State shall enforce this Compact against the Compact Commission.

324.1855. 1. (1) The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

(2) (a) On or after the effective date of the Compact, the Compact Commission shall convene and review the enactment of each of the first seven Member States ("Charter Member States") to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

(b) A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in section 324.1850.

(c) If any Member State is later found to be in default, or is terminated, or withdraws from the Compact, the Compact Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

(3) Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in subdivision (21) of subsection 3 of section 324.1835 to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

(4) All actions taken for the benefit of the Compact Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Compact Commission coming into existence shall be considered to be actions of the Compact Commission unless specifically repudiated by the Compact Commission.

(5) Any State that joins the Compact subsequent to the Compact Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Compact Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

2. (1) Any Member State may withdraw from this Compact by enacting a statute repealing the same.

(2) A Member State's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

(3) Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

(4) Upon the enactment of a statute withdrawing from this Compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all Compact Privileges granted pursuant to this Compact for a minimum of 180 days after the date of such notice of withdrawal.

3. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

4. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

324.1860. 1. This Compact and the Compact Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Compact Commission's rulemaking authority solely for those purposes.

2. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

3. Notwithstanding subsection 2 of this section, the Compact Commission may deny a State's participation in the Compact or, in accordance with the requirements of subsection 2 of section 324.1850, terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

(a) Goods and services leased or purchased by the production company. For goods with a purchase price of twenty-five thousand dollars or more, the amount included in qualifying expenses shall be the purchase price less the fair market value of the goods at the time the production is completed;

(b) Compensation and wages paid by the production company on which the production company remitted withholding payments to the department of revenue under chapter 143. For purposes of this section, compensation and wages paid to all above-the-line individuals shall be limited to twenty-five percent of the overall qualifying expenses;

(4) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or otherwise due under chapter 148;

(5) "Taxpayer", any individual, partnership, or corporation as described in section 143.441, 143.471, or section 148.370 that is subject to the tax imposed in chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax imposed in chapter 148 or any charitable organization which is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143.

3. (1) For all tax years beginning on or after January 1, 2023, a taxpayer shall be allowed a tax credit equal to twenty percent of qualifying expenses.

(2) An additional five percent may be earned for qualifying expenses if at least fifty percent of the qualified motion media production project is filmed in Missouri.

(3) An additional five percent may be earned for qualifying expenses if at least fifteen percent of the qualified motion media production project that is filmed in Missouri takes place in a rural or blighted area in Missouri.

(4) An additional five percent may be earned for qualifying expenses if at least three departments of the qualified motion media production hire a Missouri resident ready to advance to the next level in a specialized craft position or learn a new skillset.

(5) An additional five percent may be earned for qualifying expenses if the department of economic development determines that the script of the qualified motion media production project positively markets a city or region of the state, the entire state, or a tourist attraction located in the state, and the qualified motion media production provides no less than five high resolution photographs containing cast with the rights cleared for promotional use by the Missouri film commission, accompanied by a list with the title of production, location, names, and titles of the individuals shown in the photography and photographer credit.

(6) The total dollar amount of tax credits authorized pursuant to subdivision (1) of this subsection shall be increased by ten percent for qualified film production projects located in a county of the second, third, or fourth class.

(7) Activities qualifying a taxpayer for the tax credit pursuant to this subsection shall be approved by the office of the Missouri film commission and the department of economic development.

4. A qualified motion media production project shall not be eligible for tax credits pursuant to this section unless such project employs at least the following number of Missouri registered apprentices or veterans residing in Missouri with transferable skills:

- (1) If the qualifying expenses are less than five million dollars, two;
- (2) If the qualifying expenses are at least five million dollars but less than ten million dollars, three;

In addition, the application shall include an economic impact statement, showing the economic impact from the activities of the qualified motion media production project. Such economic impact statement shall indicate the impact on the region of the state in which the qualified motion media production or production-related activities are located and on the state as a whole. Final applications shall be accompanied by a report by a certified public accountant licensed by the state of Missouri, prepared at the expense of the applicant, attesting that the amounts in the final application are qualifying expenses.

6. **(1) For all tax years beginning on or after January 1, 2023, but ending December 31, 2025, the total amount of tax credits authorized by this section for film production shall not exceed a total of eight million dollars per year, and the total amount of all tax credits authorized by this section for series production shall not exceed a total of eight million dollars per year. Taxpayers may carry forward unused credits for up to five tax periods, provided all such credits shall be claimed within ten tax periods following the tax period in which the qualified motion media production or production-related activities for which the credits are certified by the department occurred.**

(2) For all tax years beginning on or after January 1, 2026, the total amount of tax credits authorized by this section for film or series production shall not exceed a total of sixteen million dollars per year. Taxpayers may carry forward unused credits for up to five tax periods, provided all such credits shall be claimed within ten tax periods following the tax period in which the qualified motion media production or production-related activities for which the credits are certified by the department occurred.

7. Notwithstanding any provision of law to the contrary, any taxpayer may sell, assign, exchange, convey or otherwise transfer tax credits allowed in subsection 3 of this section. The taxpayer acquiring the tax credits may use the acquired credits to offset the tax liabilities otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or chapter 148. Unused acquired credits may be carried forward for up to five tax periods, provided all such credits shall be claimed within ten tax periods following the tax period in which the qualified motion media production or production-related activities for which the credits are certified by the department occurred.

8. The tax credit authorized by this section shall be considered a business recruitment tax credit, as defined in section 135.800, and shall be subject to the provisions of sections 135.800 to 135.830.

9. The department of economic development may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

10. Under section 23.253 of the Missouri sunset act:

- (1) The provisions of the program authorized under this section shall automatically sunset on December 31, 2029, unless reauthorized by an act of the general assembly; and
- (2) If such program is reauthorized, the program authorized under this section shall automatically sunset on December thirty-first, twelve years after the effective date of the reauthorization of this section; and
- (3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and
- (4) The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to redeem tax credits authorized on or before the date the program authorized pursuant to this section expires, or a taxpayer's ability to redeem such tax credits.

11. (1) Notwithstanding the provisions of subsection 10 of this section to the contrary, the provisions of this section shall automatically terminate and expire one year after the department of economic development determines that all other state and local governments in the United States of America have terminated or let lapse their tax credit or other governmental incentive program for the film production industry, regardless of whether such credits or programs are now in effect or first commence after August 28, 2023. The department of economic development shall notify the revisor of statutes upon the department's determination that the tax credit authorized by this section shall terminate pursuant to this subsection.

(2) The provisions of this subsection shall not be construed to limit or in any way impair the ability of any taxpayer that has met the requirements in this section prior to the termination of this section to participate in the program authorized under this section. The provisions of this section shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits qualified for on or before the date the program authorized pursuant to this section expires."; and

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

SIXTY-FIFTH DAY, TUESDAY, MAY 6, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Brian Seitz.

Father, we praise You for Your great goodness in allowing us to represent the people.

In the few days that we have left this session, help us by Your Spirit to know that You alone receive all glory, honor, and power and that by the works of the flesh no man is justified.

We admit and confess our utter reliance upon You, as we make decisions that affect the state of Missouri.

We pray these things in the matchless name of Christ Jesus, our Lord.

And the House said, Amen.

The Pledge of Allegiance to the flag was led by Ellie Gibbs.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Malachi Rivera, Isaiah Rivera, Selah Rivera, Monika McDuffie, Jelani Turner, and Ellie Gibbs.

The Journal of the sixty-fourth day was approved as printed by the following vote:

The director of the department of social services may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director of the department of social services shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

Subject to appropriations made therefor, such funds shall be distributed by the department of public safety to the crime laboratories serving the courts of this state making analysis of a controlled substance or analysis of blood, breath or urine in relation to a court proceeding.

4. The remaining funds collected under subsection 1 of this section shall be denoted to the payment of an annual appropriation for the administrative and operational costs of the office for victims of crime and, if a statewide automated crime victim notification system is established pursuant to section 650.310, to the monthly payment of expenditures actually incurred in the operation of such system. Additional remaining funds shall be subject to the following provisions:

(1) On the first of every month, the director of revenue or the director's designee shall determine the balance of the funds in the crime victims' compensation fund available to satisfy the amount of compensation payable pursuant to sections 595.010 to 595.075, excluding sections 595.050 and 595.055;

The funds received by the director of revenue pursuant to this subsection shall be distributed as follows:

(1) On the first of every month, the director of revenue or the director's designee shall determine the balance of the funds in the crime victims' compensation fund available to satisfy the amount of compensation payable pursuant to sections 595.010 to 595.075, excluding sections 595.050 and 595.055;

7. These funds shall be subject to a biennial audit by the Missouri state auditor. Such audit shall include all records associated with crime victims' compensation funds collected, held or disbursed by any state agency.

8. In addition to the moneys collected pursuant to subsection 1 of this section, the court shall enter a judgment in favor of the state of Missouri, payable to the crime victims' compensation fund, of sixty-eight dollars upon a plea of guilty or a finding of guilt for a class A or B felony; forty-six dollars upon a plea of guilty or finding of guilt for a class C ~~or~~, D, or E felony; and ten dollars upon a plea of guilty or a finding of guilt for any misdemeanor under Missouri law except for those in chapter 252 relating to fish and game, chapter 302 relating to drivers' and commercial drivers' license, chapter 303 relating to motor vehicle financial responsibility, chapter 304

relating to traffic regulations, chapter 306 relating to watercraft regulation and licensing, and chapter 307 relating to vehicle equipment regulations. Any clerk of the court receiving moneys pursuant to such judgments shall collect and disburse such crime victims' compensation judgments in the manner provided by sections 488.010 to 488.020. Such funds shall be payable to the state treasury and deposited to the credit of the crime victims' compensation fund.

9. The clerk of the court processing such funds shall maintain records of all dispositions described in subsection 1 of this section and all dispositions where a judgment has been entered against a defendant in favor of the state of Missouri in accordance with this section; all payments made on judgments for alcohol-related traffic offenses; and any judgment or portion of a judgment entered but not collected. These records shall be subject to audit by the state auditor. The clerk of each court transmitting such funds shall report separately the amount of dollars collected on judgments entered for alcohol-related traffic offenses from other crime victims' compensation collections or services to victims collections.

Any unexpended balance remaining in the crime victims' compensation fund at the end of each biennium shall not be subject to the provision of section 33.080 requiring the transfer of such unexpended balance to the ordinary revenue fund of the state, but shall remain in the crime victims' compensation fund. In the event that there are insufficient funds in the crime victims' compensation fund to pay all claims in full, all claims shall be paid on a pro rata basis. If there are no funds in the crime victims' compensation fund, then no claim shall be paid until funds have again accumulated in the crime victims' compensation fund. When sufficient funds become available from the fund, awards which have not been paid shall be paid in chronological order with the oldest paid first. In the event an award was to be paid in installments and some remaining installments have not been paid due to a lack of funds, then when funds do become available that award shall be paid in full. All such awards on which installments remain due shall be paid in full in chronological order before any other postdated award shall be paid. Any award pursuant to this subsection is specifically not a claim against the state, if it cannot be paid due to a lack of funds in the crime victims' compensation fund.

13. When judgment is entered against a defendant as provided in this section and such sum, or any part thereof, remains unpaid, there shall be withheld from any disbursement, payment, benefit, compensation, salary, or other transfer of money from the state of Missouri to such defendant an amount equal to the unpaid amount of such judgment. Such amount shall be paid forthwith to the crime victims' compensation fund and satisfaction of such judgment shall be entered on the court record. Under no circumstances shall the general revenue fund be used to reimburse court costs or pay for such judgment. The director of the department of corrections shall have the authority to pay into the crime victims' compensation fund from an offender's compensation or account the amount owed by the offender to the crime victims' compensation fund, provided that the offender has failed to pay the amount owed to the fund prior to entering a correctional facility of the department of corrections.

14. All interest earned as a result of investing funds in the crime victims' compensation fund shall be paid into the crime victims' compensation fund and not into the general revenue of this state.

15. Any person who knowingly makes a fraudulent claim or false statement in connection with any claim hereunder is guilty of a class A misdemeanor.

Notwithstanding any other provision of this section, a duly ordained minister, clergy, religious worker, or Christian Science practitioner while functioning in his or her ministerial capacity shall not be required to report concerning a privileged communication made to him or her in his or her professional capacity.

2. Any other person who becomes aware of circumstances that may reasonably be expected to be the result of, or result in, abuse or neglect of an eligible adult may report to the department.

3. The penalty for failing to report as required under subdivision (2) of subsection 1 of this section is provided under section 565.188.

4. As used in this section, "first responder" means any person trained and authorized by law or rule to render emergency medical assistance or treatment. Such persons may include, but shall not be limited to, emergency first responders, police officers, sheriffs, deputy sheriffs, firefighters, or emergency medical technicians.

192.2510. 1. The training shall include the following:

(2) How to identify animal abuse or neglect;

(3) How to make a report of animal abuse or neglect; and

(4) The relationship between eligible adult abuse or neglect and animal abuse or neglect.

Further amend said amendment, Page 2, Line 24, by deleting said line and inserting in lieu thereof the following:

"the violation by the referral agency.

210.115. 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, jail or detention center personnel, teacher, principal or other school official, minister as provided by section 352.400, peace officer or law enforcement official, **animal control officer, animal humane investigator as defined in section 273.415**, volunteer or personnel of a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney pursuant to sections 475.600 to 475.604, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report to the division in accordance with the provisions of sections 210.109 to 210.183. No internal investigation shall be initiated until such a report has been made. As used in this section, the term "abuse" is not limited to abuse inflicted by a person responsible for the child's care, custody and control as specified in section 210.110, but shall also include abuse inflicted by any other person.

2. If two or more members of a medical institution who are required to report jointly have knowledge of a known or suspected instance of child abuse or neglect, a single report may be made by a designated member of that medical team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter immediately make the report. Nothing in this section, however, is meant to preclude any person from reporting abuse or neglect.

3. The reporting requirements under this section are individual, and no supervisor or administrator may impede or inhibit any reporting under this section. No person making a report under this section shall be subject to any sanction, including any adverse employment action, for making such report. Every employer shall ensure that any employee required to report pursuant to subsection 1 of this section has immediate and unrestricted access to communications technology necessary to make an immediate report and is temporarily relieved of other work duties for such time as is required to make any report required under subsection 1 of this section.

4. Notwithstanding any other provision of sections 210.109 to 210.183, any child who does not receive specified medical treatment by reason of the legitimate practice of the religious belief of the child's parents, guardian, or others legally responsible for the child, for that reason alone, shall not be found to be an abused or neglected child, and such parents, guardian or other persons legally responsible for the child shall not be entered into the central registry. However, the division may accept reports concerning such a child and may subsequently investigate or conduct a family assessment as a result of that report. Such an exception shall not limit the administrative or judicial authority of the state to ensure that medical services are provided to the child when the child's health requires it.

5. In addition to those persons and officials required to report actual or suspected abuse or neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect.

6. Any person or official required to report pursuant to this section, including employees of the division, who has probable cause to suspect that a child who is or may be under the age of eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate medical examiner or coroner. If, upon review of the circumstances and medical information, the medical examiner or coroner determines that the child died of natural causes while under medical care for an established natural disease, the coroner, medical examiner or physician shall notify the division of the child's death and that the child's attending physician shall be signing the death certificate. In all other cases, the medical examiner or coroner shall accept the report for investigation, shall immediately notify the division of the child's death as required in section 58.452 and shall report the findings to the child fatality review panel established pursuant to section 210.192.

7. Any person or individual required to report may also report the suspicion of abuse or neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the place of reporting to the division.

8. If an individual required to report suspected instances of abuse or neglect pursuant to this section has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an

act which occurred in another state, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri children's division, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the children's division.

9. For the purposes of providing supportive services or verifying the status of a youth as unaccompanied or homeless for the purposes of accessing supportive services, the fact that a child is an unaccompanied youth as defined in 42 U.S.C. Section 11434a(6) is not, in and of itself, a sufficient basis for reporting child abuse or neglect, unless the child is under sixteen years of age or is an incapacitated person, as defined in section 475.010. Nothing in this subsection shall limit a mandated reporter from making a report under this section if the mandated reporter knows or has reasonable cause to suspect that an unaccompanied youth has been or may be a victim of abuse or neglect.

210.191. 1. All children's division employees, and contractors for children's services, who have direct contact with children through the state's child protection and welfare system shall be required to complete at least one hour of training within the first sixty days of employment or contract. The training shall include the following:

- (1) Requirements to report animal abuse or neglect and the penalties associated with failure to report under section 273.410;**
- (2) How to identify animal abuse or neglect;**
- (3) How to make a report of animal abuse or neglect; and**
- (4) The relationship between child abuse or neglect and animal abuse or neglect.**

2. The division, in consultation with animal welfare associations, shall develop or adapt and use available training materials for the training required under this section. Persons required to complete training under this section shall be provided with opportunities to do so during regular working hours.

3. As used in this section, the following terms shall mean:

- (1) "Animal", the same meaning as in section 578.029;**
- (2) "Animal welfare association", the same meaning as in section 192.2510.";** and

Further amend said bill, Page 14, Section 210.1505, Line 100, by inserting after said section and line the following:

"273.410. 1. When any psychologist, mental health professional, social worker, school counselor, teacher, or other school professional, or juvenile officer, law enforcement or peace officer, probation or parole officer, home health aide, adult or child protective services worker, or volunteer or personnel of a community service program that offers support or advocacy services for children in foster care has reasonable cause to suspect that an animal has been or may be subjected to abuse or neglect or observes an animal being subjected to conditions or circumstances that would reasonably result in abuse or neglect, that person shall make a report to the hotline established and operated by the Missouri Animal Control Association (MACA) within one day.

2. The hotline worker shall request all of the following information for the report:

- (1) The name and description of the animal involved, if known;**
- (2) The address and telephone number of the owner or other person responsible for the care of the animal, if known;**

(3) The nature and extent of the suspected abuse or neglect; and

(4) Any other information that the person making the report believes may be useful in establishing the existence of the suspected abuse or neglect or the identity of the person causing the abuse or neglect.

3. Upon receiving a report of suspected abuse or neglect, MACA shall provide the report to any duly-authorized law enforcement official, county or municipal animal control officer, or any Missouri peace officer standards and training (POST)-certified or MACA-certified animal cruelty investigator.

4. Any person required to report animal abuse or neglect under this section shall be immune from civil and criminal liability in connection with making any required reports if the person acted in good faith when making such report.

5. Notwithstanding any provision of law to the contrary, any information identifying a person who reports suspected animal abuse or neglect under this section shall be confidential and shall not be deemed a public record and shall not be subject to the provisions of section 109.180 or chapter 610.

6. No person required to make a report of animal abuse or neglect under this section shall knowingly make a false report. The penalty for making a false report and the defenses to prosecution shall be the same as under section 575.080.

7. If an agency or political subdivision of the state determines that an employee who is a mandated reporter under this section has failed to make a report as required by this section, the agency or political subdivision shall issue a written notice to such employee that shall include a finding of facts in support of the failure to make a report and an explanation of the reporting requirement. Such notice shall not be retained in a permanent employment file and shall be retained in a separate file or database maintained by the agency or political subdivision. Such notice shall be considered a closed record under the provisions of chapter 610.

8. Any person required to make a report under this section who is subject to professional licensure and who fails to make a report as required by this section shall be subject to discipline by his or her respective licensing board as follows:

(1) For the first instance of a failure to report, the licensing board shall issue a written notice to such employee that shall include a finding of facts in support of the failure to make a report and an explanation of the reporting requirement;

(2) For a second instance of a failure to report, the licensing board shall impose a fine of one hundred dollars;

(3) For a third and each subsequent instance of a failure to report, the licensing board shall impose a fine of five hundred dollars.

9. As used in this section, the term "animal" shall have the same meaning as in section 578.029.

273.415. 1. All persons employed or serving as animal control officers or animal humane investigators who have direct contact with animals shall be required to complete at least one hour of training within the first sixty days of employment. The training shall include the following:

2. JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

SIXTY-SIXTH DAY, WEDNESDAY, MAY 7, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative John Martin.

Dear Heavenly Father, We bow before You today as the Maker of Heaven and Earth. We thank You for life; we thank You for being our Sustainer and our Savior through Jesus Christ, our Lord. We know You tell us in Your Holy Word we are to pray for all those who are in authority, for Presidents and Governors and leaders throughout our state and nation. We pray for our leaders, for their humility to seek wisdom from You. We pray for the House, that we would seek You first in our decisions. And the result that You tell us in Your Word so that we may live peaceful and quiet lives in all godliness, and this pleases You, who desire all men to be saved and to come to a knowledge of the Truth.

Lord, we pray for our military and their service, and for their families as they all sacrifice so much in their service. We thank You for all first responders and those who protect us. I know we often recognize those who serve well, and even those who give the ultimate sacrifice. May we rejoice with those who rejoice and weep with those who weep.

Lord, guide our steps as we submit to Your plans and we ask Thy will be done on Earth as it is in Heaven, for thine is the kingdom and the power and the glory forever and ever, and the House said, "Amen."

The Pledge of Allegiance to the flag was led by Chance Casteel.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Chance Casteel, Zoë Lear, and Zara Lear.

The Journal of the sixty-fifth day was approved as printed by the following vote:

House Amendment No. 3

AMEND Senate Substitute for Senate Committee Substitute for Senate Bill No. 97, Page 1, Section A, Line 5, by inserting after all of said section and line the following:

"32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;
- (4) The tax on other financial institutions in chapter 148;
- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and

(7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to sections 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis

in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year. **For any fiscal year in which the total amount of tax credits authorized for programs approved pursuant to section 32.111 is less than ten million dollars, such amount not authorized may be authorized for programs approved pursuant to section 32.112 during the same fiscal year, provided that the total combined amount of tax credits for programs approved pursuant to sections 32.111 and 32.112 during the fiscal year does not exceed eleven million dollars.**

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Any other person specially appointed to serve in a county shall execute and deliver to the circuit clerk, along with the confirmation of service, a signed and notarized affidavit of confirmation, made under penalty of perjury, that includes the amount, check number, and date of payment to evidence payment was made to the sheriff for the deputy sheriff salary supplementation fund **and the sheriffs' retirement fund** as required by this subsection.

The moneys received by the court clerk under this subsection shall be paid into the county treasury

and the county treasurer shall make such moneys payable to the state treasurer. The state treasurer shall deposit such moneys in the deputy sheriff salary supplementation fund created under section 57.278.

6. Sheriffs shall receive up to fifty dollars for service of any summons, writ, or other order of the court in connection with any eviction proceeding, in addition to the charge for such service that each sheriff receives under this section. All of such charges shall be received by the sheriff who is requested to perform the service and shall be paid to the county treasurer in a fund established by the county treasurer, which may be expended at the discretion of the sheriff for the furtherance of the sheriff's set duties. All charges shall be payable prior to the time the service is rendered; provided that if the amount of such charge cannot be readily determined, then the sheriff shall receive a deposit based upon the likely amount of such charge, and the balance of such charge shall be payable immediately upon ascertainment of the proper amount of said charge.

57.952. 1. There is hereby authorized a "Sheriffs' Retirement Fund" which shall be under the management of ~~[a] the board [of directors]~~ as described in section 57.958. The board ~~[of directors]~~ shall be responsible for the administration and the investment of the funds of such sheriffs' retirement fund. The general assembly and the governing body of a county may appropriate funds for deposit in the sheriffs' retirement fund. ~~[If insufficient funds are generated to provide the benefits payable pursuant to the provisions of sections 57.949 to 57.997, the board shall proportion the benefits according to the funds available.]~~

2. The board may accept gifts, donations, grants, and bequests from public or private sources to the sheriffs' retirement fund.

3. Each county shall make the payroll deductions for member contributions mandated under section 57.961, and the county shall transmit such moneys to the board for deposit into the sheriffs' retirement fund.

57.956. 1. Notwithstanding any other provision of law to the contrary, the department of corrections shall subtract and make a payment to the state treasurer from any per diem cost of incarceration to be received by each county under section 221.105, or from any per diem cost for jail reimbursement to be received by each county under any other provision of law in effect on or after August 28, 2025, in the amount of one dollar and seventy-five cents per day per prisoner. The state treasurer shall deposit such funds in the sheriffs' retirement fund created under section 57.952.

2. Notwithstanding subsection 1 of this section to the contrary, if the sheriffs' retirement fund is funded to at least ninety percent of the actuarially sound level and is funded at a level above the actuarial need, the department of corrections shall subtract and make a payment to the state treasurer from any per diem cost of incarceration to be received by each county under section 221.105, or from any per diem cost for jail reimbursement to be received by each county under any other provision of law in effect on or after August 28, 2025, in the amount of one dollar per day per prisoner. The state treasurer shall deposit such funds in the sheriffs' retirement fund created under section 57.952. The retirement system shall annually provide a copy of its actuarial report to the department of corrections.

3. The payment authorized by this section shall only apply to counties that have a sheriff who participates in the retirement system.

4. This section shall be effective on January 1, 2026.

57.961. 1. On and after the effective date of the establishment of the system, as an incident to his or her employment or continued employment, each person employed as an elected or appointed sheriff of a county shall become a member of the system. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997.

2. Notwithstanding any other provision of law to the contrary, each person who is a member of the system on or after January 1, 2024, shall be required to contribute five percent of the member's pay to the ~~[retirement]~~ system. Such contribution shall be made **by the member of the system** notwithstanding that the minimum salary or wages provided by law for any member shall thereby be changed. Each member shall be deemed to consent and agree to the deduction made and provided for herein. Payment of a member's compensation less such deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered by him or her to a county, except as to benefits provided by this system.

3. The county employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the member under this section. The officer or officers responsible for making up the payrolls for each county shall cause the contribution provided for in this section to be deducted from the compensation of the member in the employ of the county, on each and every payroll, for each and every payroll to the date his or her membership terminates. When deducted, each contribution shall be paid by the county to the system; the payments shall be made in the manner and shall be accompanied by such supporting data as the board shall from time to time prescribe. When paid to the system, each of the contributions shall be credited to the member from whose compensation the contributions were deducted. The

contributions so deducted shall be treated as ~~[employee]~~ **employer** contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes.

4. Member contributions ~~[deducted and paid into the system by the county]~~ **picked up by the employer** shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the ~~[retirement]~~ system under this chapter.

5. The contributions, although designated as employee contributions, shall be paid by the county in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the county to the ~~[retirement]~~ system.

6. A former member who is not vested may request a refund of his or her contributions. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later, and shall include all contributions made to any retirement plan administered by the system.

7. Beginning September 1, 1986, any city not within a county and any county having a charter form of government may elect, by a majority vote of its governing body, to come under the provisions of sections 57.949 to 57.997 ~~[except for the provisions of section 57.955]~~. Notice in writing of such election shall be given to the board, and the person employed as sheriff of such county, as an incident of his contract of employment or continued employment, shall become a member of the system on the first day of the month immediately following the date the board receives notice. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997, and upon becoming a member he shall receive credit for all prior service as if he had become a member on December 22, 1983.

8. Subject to the limitations under sections 57.949 to 57.997, the board shall have the authority to formulate and adopt rules and regulations for the administration of these provisions.

57.967. 1. The normal annuity of a retired member shall equal two percent of the final average compensation of the retired member multiplied by the number of years of creditable service of the retired member, except that the normal annuity shall not exceed seventy-five percent of the retired member's average final compensation. Such annuity shall be not less than one thousand dollars per month.

2. The board, at its last meeting of each calendar year, shall determine the monthly amount for medical insurance premiums to be paid to each retired member during the next following calendar year. The monthly amount shall not exceed four hundred fifty dollars. The monthly payments are at the discretion of the board on the advice of the actuary. The anticipated sum of all such payments during the year plus the annual normal cost plus the annual amount to amortize the unfunded actuarial accrued liability in no more than thirty years shall not exceed the anticipated moneys credited to the system pursuant to ~~[sections]~~ **section 57.952** ~~[and 57.955]~~. The money amount granted here shall not be continued to any survivor.

3. If a member with eight or more years of service dies before becoming eligible for retirement, the member's surviving spouse, if he or she has been married to the member for at least two years prior to the member's death, shall be entitled to survivor benefits under option 1 as set forth in section 57.979 as if the member had retired on the date of the member's death. The member's monthly benefit shall be calculated as the member's accrued benefit at his or her death reduced by one-fourth of one percent per month for an early commencement from the member's normal retirement date: age fifty-five with twelve or more years of creditable service or age sixty-two with eight years of creditable service, to the member's date of death. Such benefit shall be payable on the first day of the month following the member's death and shall be payable during the surviving spouse's lifetime."; and

Further amend said bill, Page 8, Section 84.570, Line 41, by inserting after all of said section the following:

"87.140. 1. The general administration and the responsibility for the proper operation of the retirement system shall be vested in a board of trustees of nine persons. The board shall be constituted as follows:

- (1) The chief of the fire department of the city, ex officio;
- (2) The comptroller or deputy comptroller of the city, ex officio;
- (3) Two members to be appointed by the mayor of the city to serve for a term of two years;
- (4) Three members to be elected by the members of the retirement system for a term of three years who shall be members of the system and hold office only while members of the system;
- (5) Two members who shall be retired firemen to be elected by the retired firemen of the city and who shall hold office for a term of three years.

2. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled.

3. The trustees shall serve without compensation, but they shall be reimbursed from the expense fund for all necessary expenses which they may incur through service on the board.

4. Each trustee shall, within ten days after his appointment or election, take an oath of office before the clerk of circuit court of the city, that, so far as it devolves upon him, he will diligently and honestly administer the affairs of the board and that he will not knowingly violate or willingly permit to be violated any of the provisions of the law applicable to the retirement system. The oath shall be subscribed to by the member making it and certified by the clerk of circuit court and filed in his office.

5. Each trustee shall be entitled to one vote on the board. Five votes shall be necessary for a decision by the trustees at any meeting of the board.

6. Notwithstanding any provision of sections 87.120 to 87.371 to the contrary, the board of trustees of the retirement system shall not be prevented from simultaneously acting as the trustees of any other pension plan that provides retirement, disability, and death benefits for firefighters employed by any city not within a county and their covered dependents. The administration of the other pension plan shall be in accordance with the terms of such pension plan. Nothing in this subsection shall prevent the board of alderman of a city not within a county from adopting ordinances to govern the pensioning of firefighters and their covered dependents in any other pension plan simultaneously administered by the board of trustees of the retirement system.

87.145. The board of trustees shall have exclusive original jurisdiction in all matters relating to or affecting the funds herein provided for, including, in addition to all other matters, all claims for benefits and refunds under this law, and its action, decision or determination in any matter shall be reviewable under chapter 536 only, and any party to the proceedings shall have a right of appeal from the decision of the reviewing court. Subject to the limitations of sections 87.120 to 87.370, the board of trustees shall, from time to time, establish rules and regulations for the administration of funds created by this law, for the transaction of its business, and for the limitation of the time within which claims may be filed. **The administration of any pension plan, other than the retirement system, includes the ability of the board of trustees, from time to time, to establish rules and regulations for the administration of funds of such other pension plan and for the transaction of such other pension plan's business. Nothing in this section shall prevent the board of alderman of a city not within a county from adopting ordinances to govern the pensioning of firefighters and their covered dependents in any other pension plan simultaneously administered by the board of trustees of the retirement system.**

87.155. 1. The board of trustees shall keep in convenient form such data as is necessary for actuarial valuation of the funds of the retirement system and for checking the experience of the system.

2. The board of trustees shall keep a record of all its proceedings which shall be open to public inspection. It shall publish annually a report showing the fiscal transactions of the retirement system for the preceding fiscal year, the amount of the accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system.

3. To the extent the board of trustees administers a pension plan other than the retirement system, the board of trustees shall maintain separate records of all proceedings of such other pension plan.

87.260. The board of trustees of the firefighters' retirement system shall have the exclusive authority and discretion to invest and reinvest the funds in property of any kind, real or personal. The board of trustees shall invest and manage the fund as a prudent investor would, by considering the purposes, terms, distribution requirements, and other circumstances of the firefighters' retirement system. In satisfying this standard, the board of trustees shall exercise reasonable care, skill, and caution. No trustee shall have any interest as a trustee in the gains or profits made on any investment, except benefits from interest in investments common to all members of the plan, if entitled thereto. **To the extent the board of trustees administers a pension plan other than the retirement system, the board of trustees shall also have the authority and discretion to invest and reinvest the funds of such other pension plan in property of any kind, real or personal. The board of trustees may choose to invest the funds of the retirement system and the funds of the other pension plan in the same investments so long as the amounts invested and the gains, profits, or losses on such investments are accounted for separately. No benefits due to the firefighters or their covered dependents from the other pension plan shall be paid from the funds of the retirement system. Nothing in this section shall prevent the board of alderman of a city not within a county from adopting ordinances to govern the pensioning of firefighters and their covered dependents in any other pension plan simultaneously administered by the board of trustees of the retirement system.**

87.350. The expense fund shall be the fund to which shall be credited all money provided to pay the administration expenses of the retirement system and from which shall be paid all the expenses necessary in connection with the administration and operation of the system. Annually the board of trustees shall estimate the amount of money necessary to be paid into the expense fund during the ensuing year to provide for the expense of operation of the retirement system. Such estimate shall be provided by the board of trustees from interest and other earnings on assets of the retirement system. **In no event shall any expenses, including administrative expenses, incurred by the board of trustees in the administration of any pension plan other than the retirement system or in the investment of any funds of any pension plan other than the retirement system be paid from the funds of the retirement system. Such expenses shall be paid entirely from the funds of the other pension plan.**"; and

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

3. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the sales tax authorized in this section shall be in effect and the governing body of the ambulance or fire protection district shall lower the level of its tax rate by an amount which reduces property tax revenues by an amount equal to fifty percent of the amount of sales tax collected in the preceding year. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the ambulance or fire protection district shall not impose the sales tax authorized in this section unless and until the governing body of such ambulance or fire protection district resubmits a proposal to authorize the governing body of the ambulance or fire protection district to impose the sales tax authorized by this section and such proposal is approved by a majority of the qualified voters voting thereon.

(2) The ambulance or fire protection district first adopts the tax rate ceiling otherwise authorized by other laws of this state; and

(3) The levy adjustment or reduction may include a one-time correction to recoup lost revenues the ambulance or fire protection district was entitled to receive during the prior year.

4. Public safety personnel may receive the tuition award pursuant to subsection 3 of this section for up to five years if they otherwise continue to be eligible for the tuition award. The five years of tuition award eligibility starts once the individual applies for and receives the tuition award for the first time and is available to such individual for the next five consecutive years or the individual's achievement of one hundred twenty credit hours, whichever occurs first.

5. Subject to appropriation, a legal dependent of public safety personnel with at least ten years of service shall be entitled to a tuition award worth up to one hundred percent of the resident tuition charges of an institution of higher education for an associate or baccalaureate degree program if such public safety personnel satisfies the provisions of subdivisions (1), (5), and (6) of subsection 3 of this section and the legal dependent:

6. A legal dependent may receive the tuition award for up to five years if the public safety personnel and the legal dependent continue to be eligible for such tuition award. The five years of tuition award eligibility starts once the legal dependent applies for and receives the tuition award for the first time and is available to such legal dependent for the next five consecutive years or the legal dependent's achievement of one hundred twenty credit hours, whichever occurs first.

7. The tuition award shall be worth:

(1) Up to one hundred percent of the public safety personnel's or the legal dependent's tuition remaining due after subtracting awarded federal financial aid grants and state scholarships and grants for the eligible public safety personnel or legal dependent during the time the public safety personnel or legal dependent is enrolled. To remain eligible, the public safety personnel or legal dependent shall comply with all requirements of the institution for continued attendance and award of an associate degree or a baccalaureate degree; or

A private institution that chooses to accept as a tuition payment any tuition award money pursuant to this subdivision shall not charge the recipient of

the tuition award any tuition that exceeds the maximum combined tuition and mandatory fee cost as determined by the department prior to the application of the tuition award.

8. (1) An application for a tuition award shall include a verification of the public safety personnel's satisfaction of the requirements of subdivisions (1), (5), and (6) of subsection 3 of this section. The public safety personnel shall include such verification when he or she or his or her legal dependent is applying to the department for a tuition waiver.

(2) The death of public safety personnel in the line of duty which occurs after submission of an application for a tuition award shall not disqualify such individual's otherwise eligible legal dependent from receiving the tuition award. In such case, in lieu of submitting the certificate of verification provided for in subdivision (1) of this subsection, the legal dependent shall submit a statement attesting that:

(a) At the time of death, such public safety personnel satisfied the requirements of subdivision (1) of this subsection; and

(b) Such public safety personnel died in the line of duty.

9. The department shall provide a tuition award to public safety personnel and legal dependents who satisfy the provisions of this section and section 173.2660, if applicable, and apply for an open seat at an institution of higher education, but shall not provide a tuition award if doing so would require the institution to create additional seats exceeding class, course, or program capacity.

10. All applicants for a tuition award shall submit their applications to the department no later than December fifteenth annually. No later than March first annually, the department shall send written notice of the applicant's eligibility or ineligibility for the tuition award and state whether the application has been approved or denied. If the applicant is determined not to be eligible for the tuition award, the notice shall include the reason or reasons for such determination. If the application is denied, the notice shall include the reason or reasons for the denial.

11. The department shall promulgate rules to implement the provisions of this section and section 173.2660. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void.

12. (1) There is hereby created in the state treasury the "Public Safety Recruitment and Retention Fund", which shall consist of moneys appropriated by the general assembly or any gifts, donations, or bequests for the purpose of implementing the provisions of this section and section 173.2660. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department of higher education and workforce development for the purpose of granting tuition awards as provided in this section and section 173.2660.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

13. In any year in which moneys in the public safety recruitment and retention fund are insufficient to fully fund tuition awards for all eligible applicants, tuition awards shall be awarded in the following order of priority; provided that, in the event of a tie in eligibility, available funds shall be distributed on a pro rata basis:

(1) Priority class one shall include public safety personnel, in the following order:

(a) Public safety personnel in departments located wholly or partially in counties or cities not within a county with the highest crime rate per capita, as determined by the most recent uniform crime reporting statistics from the Federal Bureau of Investigation; and

(b) Public safety personnel with the most years of service; and

(2) Priority class two shall include dependents of public safety personnel, in the following order:

(a) Dependents of public safety personnel in departments located wholly or partially in counties or cities not within a county with the highest crime rate per capita, as determined by the most recent uniform crime reporting statistics from the Federal Bureau of Investigation; and

(b) Dependents of public safety personnel with the most years of service.

14. The tuition awards provided for in this section and section 173.2660 are subject to appropriation. If there are no moneys in the fund established in subsection 12 of this section, no tuition awards shall be granted.

173.2660. 1. Each legal dependent who is a tuition award recipient pursuant to the provisions of section 173.2655 shall execute an agreement as provided in this section. Such agreement shall include the following terms, as appropriate:

(1) The tuition award recipient agrees to reside within the state of Missouri for a period of five years following the use of the tuition award;

(2) Each year during the five-year period following use of the tuition award, the tuition award recipient agrees to file a state income tax return and provide a copy of such tax return to the department to document that such recipient still resides in the state of Missouri;

(3) If the tuition award recipient fails to annually file a tax return to prove residency in the state of Missouri for the five-year period following the use of the tuition award or fails to remain a resident of Missouri for the five-year period following the use of the tuition award, the tuition award recipient agrees that the tuition award shall be treated as a loan to such recipient, subject to the following conditions:

(a) Interest shall be charged on the unpaid balance of the amount received from the date the recipient ceases to reside in Missouri until the amount received is paid back to the state. The interest rate shall be adjusted annually and shall be equal to one percentage point over the prevailing United States prime rate in effect on January first of such year; and

(b) The servicer of such loans shall be the higher education loan authority of the state of Missouri created pursuant to sections 173.350 to 173.445; and

(4) Any residency, filing, or payment obligation incurred by the tuition award recipient under section 173.2655 is canceled in the event of the tuition award recipient's total and permanent disability or death.

2. The five-year residency requirement begins once the legal dependent applies for and receives the tuition award for the first time and continues until the tuition award recipient's:

(1) Completion of the five-year tuition award eligibility period;

(2) Completion of a baccalaureate degree at an institution of higher education;

(3) Completion of an associate degree at a public community college and notification to the department that such recipient does not intend to pursue a baccalaureate degree or additional associate degree using tuition awards pursuant to the public safety recruitment and retention act; or

(4) Notification to the department that such recipient does not plan to use additional tuition awards pursuant to the public safety recruitment and retention act."; and

Further amend the title and enacting clause accordingly.

- (1) "Contribution", a donation of cash, stock, bonds, other marketable securities, or real property;
 - (2) "Department", the department of social services;
 - (3) "Diaper bank", **a national diaper bank** or a nonprofit entity located in this state established and operating primarily for the purpose of collecting or purchasing disposable diapers or other hygiene products for infants, children, or incontinent adults and that regularly distributes such diapers or other hygiene products through two or more schools, health care facilities, governmental agencies, or other nonprofit entities for eventual distribution to individuals free of charge;
 - (4) **"National diaper bank", a nonprofit entity located in this state that meets the following criteria:**
 - (a) **Collects, purchases, warehouses, and manages a community inventory of disposable diapers or other hygiene products for infants, children, or incontinent adults;**
 - (b) **Regularly distributes a consistent and reliable supply of such diapers or other hygiene products through two or more schools, health care facilities, governmental agencies, or other nonprofit entities for eventual distribution to individuals free of charge, with the intention of reducing diaper need; and**
 - (c) **Is a member of a national network organization serving all fifty states through which certification demonstrates nonprofit best practices, data-driven program design, and equitable distribution focused on best serving infants, children, and incontinent adults;**
 - (5) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed under sections 143.191 to 143.265, or otherwise due under chapter 148 or 153;
 - ~~[(5)]~~ (6) "Taxpayer", a person, firm, partner in a firm, corporation, or shareholder in an S corporation doing business in the state of Missouri and subject to the state income tax imposed under chapter 143; an insurance company paying an annual tax on its gross premium receipts in this state; any other financial institution paying taxes to the state of Missouri or any political subdivision of this state under chapter 148; an express company that pays an annual tax on its gross receipts in this state under chapter 153; an individual subject to the state income tax under chapter 143; or any charitable organization that is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143.
2. For all fiscal years beginning on or after July 1, 2019, a taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability in an amount equal to fifty percent of the amount of such taxpayer's contributions to a diaper bank.
3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per tax year. However, any tax credit that cannot be claimed in the tax year the contribution was made may be carried over only to the next subsequent tax year. No tax credit issued under this section shall be assigned, transferred, or sold.
4. Except for any excess credit that is carried over under subsection 3 of this section, no taxpayer shall be allowed to claim a tax credit unless the taxpayer contributes at least one hundred dollars to one or more diaper banks during the tax year for which the credit is claimed.
5. The department shall determine, at least annually, which entities in this state qualify as diaper banks. The department may require of an entity seeking to be classified as a diaper bank any information which is reasonably necessary to make such a determination. The department shall classify an entity as a diaper bank if such entity satisfies the definition under subsection 1 of this section.
6. The department shall establish a procedure by which a taxpayer can determine if an entity has been classified as a diaper bank.
7. Diaper banks may decline a contribution from a taxpayer.
8. The cumulative amount of tax credits that may be claimed by all the taxpayers contributing to diaper banks in any one fiscal year shall not exceed five hundred thousand dollars. Tax credits shall be issued in the order contributions are received. If the amount of tax credits redeemed in a tax year is less than five hundred thousand dollars, the difference shall be added to the cumulative limit created under this subsection for the next fiscal year and carried over to subsequent fiscal years until claimed.

9. The department shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the department, the cumulative amount of tax credits are equally apportioned among all entities classified as diaper banks. If a diaper bank fails to use all, or some percentage to be determined by the department, of its apportioned tax credits during this predetermined period of time, the department may reapportion such unused tax credits to diaper banks that have used all, or some percentage to be determined by the department, of their apportioned tax credits during this predetermined period of time. The department may establish multiple periods each fiscal year and reapportion accordingly. To the maximum extent possible, the department shall establish the procedure described under this subsection in such a manner as to ensure that taxpayers can claim as many of the tax credits as possible, up to the cumulative limit created under subsection 8 of this section.

10. Each diaper bank shall provide information to the department concerning the identity of each taxpayer making a contribution and the amount of the contribution. The department shall provide the information to the department of revenue. (3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized on or before the date the program authorized under this section expires or a taxpayer's ability to redeem such tax credits."; and

Further amend said bill, Pages 6-10, Section 160.775, Lines 1-153, by deleting said section and lines from the bill; and

Further amend said bill, Pages 15-22, Section 210.145, Lines 1-258, by deleting said lines and inserting in lieu thereof the following:

"210.145. 1. The division shall develop protocols which give priority to:

(1) Ensuring the well-being and safety of the child in instances where child abuse or neglect has been alleged;

(2) Promoting the preservation and reunification of children and families consistent with state and federal law;

(3) Providing due process for those accused of child abuse or neglect; and

(4) Maintaining an information system operating at all times, capable of receiving and maintaining reports. This information system shall have the ability to receive reports over a single, statewide toll-free number. Such information system shall maintain the results of all investigations, family assessments and services, and other relevant information.

2. (1) The division shall utilize structured decision-making protocols, including a standard risk assessment that shall be completed within seventy-two hours of the report of abuse or neglect, for classification purposes of all child abuse and neglect reports. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child. All child abuse and neglect reports shall be initiated within twenty-four hours and shall be classified based upon the reported risk and injury to the child. The division shall promulgate rules regarding the structured decision-making protocols to be utilized for all child abuse and neglect reports.

(2) The director of the division and the office of state courts administrator shall develop a joint safety assessment tool before December 31, 2020, and such tool shall be implemented before January 1, 2022. The safety assessment tool shall replace the standard risk assessment required under subdivision (1) of this subsection and shall also be completed within seventy-two hours of the report of abuse or neglect.

3. Upon receipt of a report, the division shall determine if the report merits investigation, including reports which if true would constitute a suspected violation of any of the following: section 565.020, 565.021, 565.023, 565.024, or 565.050 if the victim is a child less than eighteen years of age, section 566.030 or 566.060 if the victim is a child less than eighteen years of age, or other crimes under chapter 566 if the victim is a child less than eighteen years of age and the perpetrator is twenty-one years of age or older, section 567.050 if the victim is a child less than

eighteen years of age, section 568.020, 568.030, 568.045, 568.050, 568.060, 573.200, or 573.205, section 573.025, 573.035, 573.037, or 573.040, or an attempt to commit any such crimes. The division shall immediately communicate all reports that merit investigation to its appropriate local office and any relevant information as may be contained in the information system. The local division staff shall determine, through the use of protocols developed by the division, whether an investigation or the family assessment and services approach should be used to respond to the allegation. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child.

4. The division may accept a report for investigation or family assessment if either the child or alleged perpetrator resides in Missouri, may be found in Missouri, or if the incident occurred in Missouri.

5. If the division receives a report in which neither the child nor the alleged perpetrator resides in Missouri or may be found in Missouri and the incident did not occur in Missouri, the division shall document the report and communicate it to the appropriate agency or agencies in the state where the child is believed to be located, along with any relevant information or records as may be contained in the division's information system.

6. When the child abuse and neglect hotline receives three or more calls, within a seventy-two hour period, from one or more individuals concerning the same child, the division shall conduct a review to determine whether the calls meet the criteria and statutory definition for a child abuse and neglect report to be accepted. In conducting the review, the division shall contact the hotline caller or callers in order to collect information to determine whether the calls meet the criteria for harassment.

7. The local office shall contact the appropriate law enforcement agency immediately upon receipt of a report which division personnel determine merits an investigation and provide such agency with a detailed description of the report received. In such cases the local division office shall request the assistance of the local law enforcement agency in all aspects of the investigation of the complaint. The appropriate law enforcement agency shall either assist the division in the investigation or provide the division, within twenty-four hours, an explanation in writing detailing the reasons why it is unable to assist.

8. (1) The local office of the division shall cause an investigation or family assessment and services approach to be initiated in accordance with the protocols established in subsection 2 of this section, except in cases where the sole basis for the report is educational neglect. If the report indicates that educational neglect is the only complaint and there is no suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two hours of receipt of the report. If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. Local law enforcement shall take all necessary steps to facilitate such direct observation. Callers to the child abuse and neglect hotline shall be instructed by the division's hotline to call 911 in instances where the child may be in immediate danger. If the parents of the child are not the alleged perpetrators, a parent of the child must be notified prior to the child being interviewed by the division. No person responding to or investigating a child abuse and neglect report shall call prior to a home visit or leave any documentation of any attempted visit, such as business cards, pamphlets, or other similar identifying information if he or she has a reasonable basis to believe the following factors are present:

- ~~[(1)]~~ (a) **a.** No person is present in the home at the time of the home visit; and
- ~~[(1)]~~ **b.** The alleged perpetrator resides in the home or the physical safety of the child may be compromised if the alleged perpetrator becomes aware of the attempted visit;
- ~~[(2)]~~ (b) The alleged perpetrator will be alerted regarding the attempted visit; or
- ~~[(3)]~~ (c) The family has a history of domestic violence or fleeing the community.

(2) **If the division is responding to an investigation of abuse or neglect, the person responding shall first ensure safety of the child through direct observation and communication with the child.** If the parent or alleged perpetrator is present during a visit by the person responding to or investigating the report, such person shall **present identification and verbally identify himself or herself and his or her role in the investigation and shall** provide written material to the **parent or** alleged perpetrator informing him or her of his or her rights regarding such visit, including but not limited to the right to contact an attorney. The **parent or** alleged perpetrator shall be given a reasonable amount of time to read such written material or have such material read to him or her by the case worker before the visit commences, but in no event shall such time exceed five minutes; except that, such requirement to provide written material and reasonable time to read such material shall not apply in cases where the child faces an immediate threat or danger, or the person responding to or investigating the report is or feels threatened or in danger of physical harm. If the abuse is alleged to have occurred in a school or child care facility the division shall not meet with the child in any school building or child-care facility building where abuse of such child is alleged to have

occurred. When the child is reported absent from the residence, the location and the well-being of the child shall be verified. For purposes of this subsection, "child care facility" shall have the same meaning as such term is defined in section 210.201.

(3) If the division is responding to an assessment of abuse or neglect, the person responding shall present identification and verbally identify himself or herself and his or her role in the investigation and provide a parent of the child with notification prior to the child being interviewed by the person responding and shall provide written material to the parent informing him or her of his or her rights regarding such visit, including, but not limited to, the right to contact an attorney. The parent shall be given a reasonable amount of time to read such written material or have such material read to him or her by the case worker before the visit commences, but in no event shall such time exceed five minutes; except that, such requirement to provide written material and reasonable time to read such material shall not apply in cases where the child faces immediate threat or danger, the person responding to or investigating the report is or feels threatened or in danger of physical harm, or any of the exceptions in subdivision (1) of this subsection would apply.

9. The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school personnel. The superintendent of each school district shall designate a specific person or persons to act as the public school district liaison. Should the subject child attend a nonpublic school the chief investigator shall notify the school principal of the investigation. Upon notification of an investigation, all information received by the public school district liaison or the school shall be subject to the provisions of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. Section 1232g, and federal rule 34 C.F.R. Part 99.

10. The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

11. When a report has been made by a person required to report under section 210.115, the division shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

12. Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

13. Multidisciplinary teams shall be used whenever conducting the investigation as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used in providing protective or preventive social services, including the services of law enforcement, a liaison of the local public school, the juvenile officer, the juvenile court, and other agencies, both public and private.

14. For all family support team meetings involving an alleged victim of child abuse or neglect, the parents, legal counsel for the parents, foster parents, the legal guardian or custodian of the child, the guardian ad litem for the child, **the child's counsel**, and the volunteer advocate for the child shall be provided notice and be permitted to attend all such meetings. Family members, other than alleged perpetrators, or other community informal or formal service providers that provide significant support to the child and other individuals may also be invited at the discretion of the parents of the child. In addition, the parents, the legal counsel for the parents, the legal guardian or custodian and the foster parents may request that other individuals, other than alleged perpetrators, be permitted to attend such team meetings. Once a person is provided notice of or attends such team meetings, the division or the convenor of the meeting shall provide such persons with notice of all such subsequent meetings involving the child. Families may determine whether individuals invited at their discretion shall continue to be invited.

15. If the appropriate local division personnel determine after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in the record of the division and the written notification submitted to local law enforcement. Such notification shall not preclude nor prevent any investigation by law enforcement.

16. If the appropriate local division personnel determines to use a family assessment and services approach, the division shall:

(1) Assess any service needs of the family. The assessment of risk and service needs shall be based on information gathered from the family and other sources;

(2) Provide services which are voluntary and time-limited unless it is determined by the division based on the assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect. The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these services are important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse voluntary services or the child needs to be protected, the division may commence an investigation;

(3) Commence an immediate investigation if at any time during the family assessment and services approach the division determines that an investigation, as delineated in sections 210.109 to 210.183, is required. The division staff who have conducted the assessment may remain involved in the provision of services to the child and family;

(4) Document at the time the case is closed, the outcome of the family assessment and services approach, any service provided and the removal of risk to the child, if it existed.

17. (1) Within forty-five days of an oral report of abuse or neglect, the local office shall update the information in the information system. The information system shall contain, at a minimum, the determination made by the division as a result of the investigation, identifying information on the subjects of the report, those responsible for the care of the subject child and other relevant dispositional information. The division shall complete all investigations within forty-five days, unless good cause for the failure to complete the investigation is specifically documented in the information system. Good cause for failure to complete an investigation shall include, but not be limited to:

(a) The necessity to obtain relevant reports of medical providers, medical examiners, psychological testing, law enforcement agencies, forensic testing, and analysis of relevant evidence by third parties which has not been completed and provided to the division;

(b) The attorney general or the prosecuting or circuit attorney of the city or county in which a criminal investigation is pending certifies in writing to the division that there is a pending criminal investigation of the incident under investigation by the division and the issuing of a decision by the division will adversely impact the progress of the investigation; or

(c) The child victim, the subject of the investigation or another witness with information relevant to the investigation is unable or temporarily unwilling to provide complete information within the specified time frames due to illness, injury, unavailability, mental capacity, age, developmental disability, or other cause.

The division shall document any such reasons for failure to complete the investigation.

(2) If a child fatality or near-fatality is involved in a report of abuse or neglect, the investigation shall remain open until the division's investigation surrounding such death or near-fatal injury is completed.

(3) If the investigation is not completed within forty-five days, the information system shall be updated at regular intervals and upon the completion of the investigation, which shall be completed no later than ninety days after receipt of a report of abuse or neglect, or one hundred twenty days after receipt of a report of abuse or neglect involving sexual abuse, or until the division's investigation is complete in cases involving a child fatality or near-fatality. The information in the information system shall be updated to reflect any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the matter.

18. A person required to report under section 210.115 to the division and any person making a report of child abuse or neglect made to the division which is not made anonymously shall be informed by the division of his or her right to obtain information concerning the disposition of his or her report. Such person shall receive, from the local office, if requested, information on the general disposition of his or her report. Such person may receive, if requested, findings and information concerning the case. Such release of information shall be at the discretion of the director based upon a review of the reporter's ability to assist in protecting the child or the potential harm to the child or other children within the family. The local office shall respond to the request within forty-five days. The findings shall be made available to the reporter within five days of the outcome of the investigation. If the report is determined to be unsubstantiated, the reporter may request that the report be referred by the division to the office of child advocate for children's protection and services established in sections 37.700 to 37.730. Upon request by a reporter under this subsection, the division shall refer an unsubstantiated report of child abuse or neglect to the office of child advocate for children's protection and services.

19. The division shall provide to any individual who is not satisfied with the results of an investigation information about the office of child advocate and the services it may provide under sections 37.700 to 37.730.

20. In any judicial proceeding involving the custody of a child the fact that a report may have been made pursuant to sections 210.109 to 210.183 shall not be admissible. However:

(1) Nothing in this subsection shall prohibit the introduction of evidence from independent sources to support the allegations that may have caused a report to have been made; and

(2) The court may on its own motion, or shall if requested by a party to the proceeding, make an inquiry not on the record with the children's division to determine if such a report has been made.

If a report has been made, the court may stay the custody proceeding until the children's division completes its investigation.

21. Nothing in this chapter shall be construed to prohibit the children's division from coinvestigating a report of child abuse or neglect or sharing records and information with child welfare, law enforcement, or judicial officers of another state, territory, or nation if the children's division determines it is appropriate to do so under the standard set forth in subsection 4 of section 210.150 and if such receiving agency is exercising its authority under the law.

22. In any judicial proceeding involving the custody of a child where the court determines that the child is in need of services under paragraph (d) of subdivision (1) of subsection 1 of section 211.031 and has taken jurisdiction, the child's parent, guardian or custodian shall not be entered into the registry.

23. The children's division is hereby granted the authority to promulgate rules and regulations pursuant to the provisions of section 207.021 and chapter 536 to carry out the provisions of sections 210.109 to 210.183.

24. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void."; and

Further amend said bill, Page 28, Section 210.762, Line 28, by inserting after said section and line the following:

2. As used in this section, the following terms mean:

(1) "Hospital", as defined in section 197.020;

(2) "Maternity home", the same meaning as such term is defined in section 135.600;

(3) "Newborn safety incubator", a medical device used to maintain an optimal environment for the care of a newborn infant;

(4) "Nonrelinquishing parent", the biological parent who does not leave a newborn infant in a newborn safety incubator or with any person listed in subsection 3 of this section in accordance with this section;

(5) "Pregnancy resource center", the same meaning as such term is defined in section 135.630;

(6) "Relinquishing parent", the biological parent or person acting on such parent's behalf who leaves a newborn infant in a newborn safety incubator or with any person listed in subsection 3 of this section in accordance with this section.

3. A parent shall not be prosecuted for a violation of section 568.030, 568.032, 568.045 or 568.050 for actions related to the voluntary relinquishment of a child up to ~~[forty-five]~~ **ninety** days old pursuant to this section if:

(1) Expressing intent not to return for the child, the parent voluntarily delivered the child safely to a newborn safety incubator or to the physical custody of any of the following persons:

(a) An employee, agent, or member of the staff of any hospital, maternity home, or pregnancy resource center in a health care provider position or on duty in a nonmedical paid or volunteer position;

(b) A firefighter or emergency medical technician on duty in a paid position or on duty in a volunteer position; or

(c) A law enforcement officer;

(2) The child was no more than ~~[forty-five]~~ **ninety** days old when delivered by the parent to the newborn safety incubator or to any person listed in subdivision (1) of this subsection; and

(3) The child has not been abused or neglected by the parent prior to such voluntary delivery.

4. A parent voluntarily relinquishing a child under this section shall not be required to provide any identifying information about the child or the parent. No person shall induce or coerce, or attempt to induce or coerce, a parent into revealing his or her identity. No officer, employee, or agent of this state or any political subdivision of this state shall attempt to locate or determine the identity of such parent. In addition, any person who obtains information on the relinquishing parent shall not disclose such information except to the following:

- (1) A birth parent who has waived anonymity or the child's adoptive parent;

5. A person listed in subdivision (1) of subsection 3 of this section shall, without a court order, take physical custody of a child the person reasonably believes to be no more than ~~forty-five~~ ninety days old and is delivered in accordance with this section by a person purporting to be the child's parent or is delivered in accordance with this section to a newborn safety incubator. If delivery of a newborn is made pursuant to this section in any place other than a hospital, the person taking physical custody of the child shall arrange for the immediate transportation of the child to the nearest hospital licensed pursuant to chapter 197.

6. The hospital, its employees, agents and medical staff shall perform treatment in accordance with the prevailing standard of care as necessary to protect the physical health or safety of the child. The hospital shall notify the children's division and the local juvenile officer upon receipt of a child pursuant to this section. The local juvenile officer shall immediately begin protective custody proceedings and request the child be made a ward of the court during the child's stay in the medical facility. Upon discharge of the child from the medical facility and pursuant to a protective custody order ordering custody of the child to the division, the children's division shall take physical custody of the child. The parent's voluntary delivery of the child in accordance with this section shall constitute the parent's implied consent to any such act and a voluntary relinquishment of such parent's parental rights.

7. In any termination of parental rights proceeding initiated after the relinquishment of a child pursuant to this section, the juvenile officer shall make public notice that a child has been relinquished, including the sex of the child, and the date and location of such relinquishment. Within thirty days of such public notice, the parent wishing to establish parental rights shall identify himself or herself to the court and state his or her intentions regarding the child. The court shall initiate proceedings to establish paternity, or if no person identifies himself as the father within thirty days, maternity. The juvenile officer shall make examination of the putative father registry established in section 192.016 to determine whether attempts have previously been made to preserve parental rights to the child. If such attempts have been made, the juvenile officer shall make reasonable efforts to provide notice of the abandonment of the child to such putative father.

8. (1) If a relinquishing parent of a child relinquishes custody of the child to a newborn safety incubator or to any person listed in subsection 3 of this section in accordance with this section and to preserve the parental rights of the nonrelinquishing parent, the nonrelinquishing parent shall take such steps necessary to establish parentage within thirty days after the public notice or specific notice provided in subsection 7 of this section.

(2) If either parent fails to take steps to establish parentage within the thirty-day period specified in subdivision (1) of this subsection, either parent may have all of his or her rights terminated with respect to the child.

(3) When either parent inquires at a hospital regarding a child whose custody was relinquished pursuant to this section, such facility shall refer such parent to the children's division and the juvenile court exercising jurisdiction over the child.

9. The persons listed in subdivision (1) of subsection 3 of this section shall be immune from civil, criminal, and administrative liability for accepting physical custody of a child pursuant to this section if such persons accept custody in good faith. Such immunity shall not extend to any acts or omissions, including negligent or intentional acts or omissions, occurring after the acceptance of such child.

10. The children's division shall:

- (1) Provide information and answer questions about the process established by this section on the statewide, toll-free telephone number maintained pursuant to section 210.145;

(2) Provide information to the public by way of pamphlets, brochures, or by other ways to deliver information about the process established by this section.

11. It shall be an affirmative defense to prosecution for a violation of sections 568.030, 568.032, 568.045, and 568.050 that a parent who is a defendant voluntarily relinquished a child no more than one year old under this section.

12. Nothing in this section shall be construed as conflicting with section 210.125.

13. **(1) There is hereby created in the state treasury the "Safe Place for Newborns Fund", which shall consist of moneys appropriated by the general assembly from general revenue and any gifts, bequests, or donations. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in this fund shall be used solely for the installation of newborn safety incubators.**

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

14. The state of Missouri shall provide matching moneys from the general revenue fund for the installation of newborn safety incubators. The total amount available to the fund from state sources under such a match program shall be up to ten thousand dollars for each newborn safety incubator installed.

15. The director of the department of health and senior services may promulgate all necessary rules and regulations for the administration of this section, including rules governing the specifications, installation, maintenance, and oversight of newborn safety incubators. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void."; and

Further amend said bill, Page 29, Section 211.032, Line 44, by inserting after said section and line the following:

"211.033. 1. No person under the age of eighteen years, except those transferred to the court of general jurisdiction under the provisions of section 211.071, shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. ~~[A traffic court judge may request the juvenile court to order the commitment of a person under the age of eighteen to a juvenile detention facility.]~~

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

211.071. 1. If a petition **or motion to modify** alleges that a child between the ages of fourteen and eighteen has committed an offense ~~[which]~~ **that** would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child, or the child's custodian, order a hearing and may, in its discretion, dismiss the petition **or motion to modify** and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that, if a petition alleges that a child between the ages of twelve and eighteen has committed an offense ~~[which]~~ **that** would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 as it existed prior to January 1, 2017, ~~[or]~~ robbery in the first degree under section 570.023, distribution of drugs under section 195.211 as it existed prior to January 1, 2017, or the manufacturing of a controlled substance under section 579.055, **if committed by an adult, or a dangerous felony as defined in section 556.061, or any felony involving the use, assistance, or aid of a deadly weapon, or has committed two or more prior unrelated offenses** ~~[which]~~ **that** would be felonies if committed by an adult, the court shall order a hearing, and may, in its discretion, dismiss the petition **or motion to modify** and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between eighteen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition **or motion to modify** will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his or her home and environmental situation, emotional condition and pattern of living;

(7) The age of the child;

(8) The program and facilities available to the juvenile court in considering disposition;

(9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

(10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

(1) Findings showing that the court had jurisdiction of the cause and of the parties;

(2) Findings showing that the child was represented by counsel;

(3) Findings showing that the hearing was held in the presence of the child and his or her counsel; and

(4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition **or motion to modify** and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition **or motion to modify** has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition **or motion to modify** has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition **or motion to modify** to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.072. 1. A juvenile under eighteen years of age who has been certified to stand trial as an adult for offenses pursuant to section 211.071, if currently placed in a secure juvenile detention facility, shall remain in a secure juvenile detention facility pending finalization of the judgment and completion of appeal, if any, of the judgment dismissing the juvenile petition to allow for prosecution under the general law unless otherwise ordered by the juvenile court. Upon the judgment dismissing the petition to allow prosecution under the general laws becoming final and adult charges being filed, if the juvenile is currently in a secure juvenile detention facility, the juvenile shall remain in such facility unless the juvenile posts bond or the juvenile is transferred to an adult jail. If the juvenile officer does not believe juvenile detention would be the appropriate placement or would continue to serve as the appropriate placement, the juvenile officer may file a motion in the adult criminal case requesting that the juvenile be transferred from a secure juvenile detention facility to an adult jail. The court shall hear evidence relating to the appropriateness of the juvenile remaining in a secure juvenile detention facility or being transferred to an adult jail. At such hearing, the following shall have the right to be present and have the opportunity to present evidence and recommendations at such hearing: the juvenile; the juvenile's parents; the juvenile's counsel; the prosecuting attorney; the juvenile officer or his or her designee for the circuit in which the juvenile was certified; the juvenile officer or his or her designee for the circuit in which the pretrial-certified juvenile is proposed to be held, if different from the circuit in which the juvenile was certified; counsel for the juvenile officer; and representatives of the county proposed to have custody of the pretrial-certified juvenile.

2. Following the hearing, the court shall order that the juvenile continue to be held in a secure juvenile detention facility subject to all Missouri juvenile detention standards, or the court shall order that the pretrial-certified juvenile be held in an adult jail but only after the court has made findings that it would be in the best interest of justice to move the pretrial-certified juvenile to an adult jail. The court shall weigh the following factors when deciding whether to detain a certified juvenile in an adult facility:

- (1) The certified juvenile's age;
- (2) The certified juvenile's physical and mental maturity;
- (3) The certified juvenile's present mental state, including whether he or she presents an imminent risk of self-harm;
- (4) The nature and circumstances of the charges;
- (5) The certified juvenile's history of delinquency;
- (6) The relative ability of the available adult and juvenile facilities to both meet the needs of the certified juvenile and to protect the public and other youth in their custody;
- (7) The opinion of the juvenile officer in the circuit of the proposed placement as to the ability of that juvenile detention facility to provide for appropriate care, custody, and control of the pretrial-certified juvenile; and
- (8) Any other relevant factor.

3. In the event the court finds that it is in the best interest of justice to require the certified juvenile to be held in an adult jail, the court shall hold a hearing once every thirty days to determine whether the placement of the certified juvenile in an adult jail is still in the best interests of justice. **If a pretrial-certified juvenile under eighteen years of age is ordered released on the juvenile's adult criminal case from an adult jail following a transfer order under subsection 2 of this section and the juvenile is detained on violation of the conditions of release or bond, the juvenile shall return to the custody of the adult jail pending further court order.**

4. A certified juvenile cannot be held in an adult jail for more than one hundred eighty days unless the court finds, for good cause, that an extension is necessary or the juvenile, through counsel, waives the one hundred eighty day maximum period. If no extension is granted under this subsection, the certified juvenile shall be transferred from the adult jail to a secure juvenile detention facility. **If an extension is granted under this subsection, the court shall hold a hearing once every thirty days to determine whether the placement of the certified juvenile in an adult jail is still in the best interests of justice.**

5. Effective December 31, 2021, all previously pretrial-certified juveniles under eighteen years of age who had been certified prior to August 28, 2021, shall be transferred from adult jail to a secure juvenile detention facility, unless a hearing is held and the court finds, based upon the factors in subsection 2 of this section, that it would be in the best interest of justice to keep the juvenile in the adult jail.

6. All pretrial-certified juveniles under eighteen years of age who are held in adult jails pursuant to the best interest of justice exception shall continue to be subject to the protections of the Prison Rape Elimination Act (PREA) and shall be physically separated from adult inmates.

7. If the certified juvenile remains in juvenile detention, the juvenile officer may file a motion to reconsider placement. The court shall consider the factors set out in subsection 2 of this section and the individuals set forth in subsection 1 of this section shall have a right to be present and present evidence. The court may amend its earlier order in light of the evidence and arguments presented at the hearing if the court finds that it would not be in the best interest of justice for the juvenile to remain in a secure juvenile detention facility.

8. Issues related to the setting of, and posting of, bond along with any bond forfeiture proceedings shall be held in the pretrial-certified juvenile's adult criminal case.

9. Upon attaining eighteen years of age or upon a **plea of guilty or** conviction on the adult charges, the juvenile shall be transferred from juvenile detention to the appropriate adult facility.

10. Any responsibility for transportation of and contracted service for the certified juvenile who remains in a secure juvenile detention facility shall be handled **by county jail staff** in the same manner as in all other adult criminal cases where the defendant is in custody.

11. **The county jail staff shall designate a liaison assigned to each pretrial-certified juvenile while housed in a juvenile detention facility, who shall assist in communication with the juvenile detention facility on the needs of the juvenile including, but not limited to, visitation, legal case status, medical and mental health needs, and phone contact.**

12. The per diem provisions as set forth in section 211.156 shall apply to certified juveniles who are being held in a secure juvenile detention facility."; and

Further amend said bill, Page 33, Section 211.462, Line 24, by inserting after said section and line the following:

"219.021. 1. Except as provided in subsections 2 and 3 of this section, any child may be committed to the custody of the division when the juvenile court determines a suitable community-based treatment service does not exist, or has proven ineffective; and when the child is adjudicated pursuant to the provisions of subdivision (3) of subsection 1 of section 211.031 or when the child is adjudicated pursuant to subdivision (2) of subsection 1 of section 211.031 and is currently under court supervision for adjudication under subdivision (2) or (3) of subsection 1 of section 211.031. The division shall not keep any youth beyond his ~~[eighteenth birth date]~~ **or her nineteenth birthday**, except upon petition and a showing of just cause in which case the division may maintain custody until the youth's twenty-first birth date. Notwithstanding any other provision of law to the contrary, the committing court shall review the treatment plan to be provided by the division. The division shall notify the court of original jurisdiction from which the child was committed at least three weeks prior to the child's release to aftercare supervision. The notification shall include a summary of the treatment plan and progress of the child that has resulted in the planned release. The court may formally object to the director of the division in writing, stating its reasons in opposition to the release. The director shall review the court's objection in consideration of its final approval for release. The court's written objection shall be made within a one-week period after it receives notification of the division's planned release; otherwise the division may assume court agreement with the release. The division director's written response to the court shall occur within five working days of service of the court's objection and preferably prior to the release of the child. The division shall not place a child directly into a precare setting immediately upon commitment from the court until it advises the court of such placement.

2. No child who has been diagnosed as having a mental disease or a communicable or contagious disease shall be committed to the division; except the division may, by regulation, when services for the proper care and treatment of persons having such diseases are available at any of the facilities under its control, authorize the commitment of children having such diseases to it for treatment in such institution. Notice of any such regulation shall be promptly mailed to the judges and juvenile officers of all courts having jurisdiction of cases involving children.

3. When a child has been committed to the division, the division shall forthwith examine the individual and investigate all pertinent circumstances of his background for the purpose of facilitating the placement and treatment of the child in the most appropriate program or residential facility to assure the public safety and the rehabilitation of the child; except that, no child committed under the provisions of subdivision (2) of subsection 1 of section 211.031 may be placed in the residential facilities designated by the division as a maximum security facility, unless the juvenile is subsequently adjudicated under subdivision (3) of subsection 1 of section 211.031.

4. The division may transfer any child under its jurisdiction to any other institution for children if, after careful study of the child's needs, it is the judgment of the division that the transfer should be effected. If the division determines that the child requires treatment by another state agency, it may transfer the physical custody of the child to that agency, and that agency shall accept the child if the services are available by that agency.

5. The division shall make periodic reexaminations of all children committed to its custody for the purpose of determining whether existing dispositions should be modified or continued. Reexamination shall include a study of all current circumstances of such child's personal and family situation and an evaluation of the progress made by such child since the previous study. Reexamination shall be conducted as frequently as the division deems necessary, but in any event, with respect to each such child, at intervals not to exceed six months. Reports of the results of such examinations shall be sent to the child's committing court and to his parents or guardian.

6. Failure of the division to examine a child committed to it or to reexamine him within six months of a previous examination shall not of itself entitle the child to be discharged from the custody of the division but shall entitle the child, his parent, guardian, or agency to which the child may be placed by the division to petition for review as provided in section 219.051.

7. The division is hereby authorized to establish, build, repair, maintain, and operate, from funds appropriated or approved by the legislature for these purposes, facilities and programs necessary to implement the provisions of this chapter. Such facilities or programs may include, but not be limited to, the establishment and operation of training schools, maximum security facilities, moderate care facilities, group homes, day treatment programs, family foster homes, aftercare, counseling services, educational services, and such other services as may be required to meet the needs of children committed to it. The division may terminate any facility or program no longer needed to meet the needs of children.

8. The division may institute day release programs for children committed to it. The division may arrange with local schools, public or private agencies, or persons approved by the division for the release of children committed to the division on a daily basis to the custody of such schools, agencies, or persons for participation in programs.

9. The division shall make all reasonable efforts to ensure that any outstanding judgment entered in accordance with section 211.185 or any outstanding assessments ordered in accordance with section 211.181 be paid while a child is in the care, custody or control of the division.

221.044. No person under the age of eighteen years, except those transferred to the court of general jurisdiction under the provisions of section 211.071, shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. ~~[A traffic court judge may request the juvenile court to order the commitment of a person under the age of eighteen to a juvenile detention facility.]~~ **If a person is eighteen years of age or older or attains the age of eighteen while in detention, upon a motion filed by the juvenile officer, the court may order that the person be detained in a jail or other adult detention facility as that term is defined in section 211.151 until the disposition of that person's juvenile court case."**; and

Further amend said bill, Page 49, Section 595.045, Line 122, by inserting after said section and line the following:

"190.109. 1. The department shall, within a reasonable time after receipt of an application, cause such investigation as the department deems necessary to be made of the applicant for a ground ambulance license.

2. Any person that owned and operated a licensed ambulance on December 31, 1997, shall receive an ambulance service license from the department, unless suspended, revoked or terminated, for that ambulance service area which was, on December 31, 1997, described and filed with the department as the primary service area for its licensed ambulances on August 28, 1998, provided that the person makes application and adheres to the rules and regulations promulgated by the department pursuant to sections 190.001 to 190.245.

3. The department shall issue a new ground ambulance service license to an ambulance service that is not currently licensed by the department, or is currently licensed by the department and is seeking to expand its ambulance service area, except as provided in subsection 4 of this section, to be valid for a period of five years, unless suspended, revoked or terminated, when the director finds that the applicant meets the requirements of ambulance service licensure established pursuant to sections 190.100 to 190.245 and the rules adopted by the department pursuant to sections 190.001 to 190.245. In order to be considered for a new ambulance service license, an ambulance service shall submit to the department a letter of endorsement from each ambulance district or fire protection district that is authorized to provide ambulance service, or from each municipality not within an ambulance district or fire protection district that is authorized to provide ambulance service, in which the ambulance service proposes to operate. - (2) Will maintain or enhance the public's access to ambulance services;
- (3) Will maintain or improve the public health and promote the continued development of the regional emergency medical service system;
- (4) Has demonstrated the appropriate expertise in the operation of ambulance services; and
- (5) Has demonstrated the financial resources necessary for the operation of the proposed ambulance service.

4. A contract between a political subdivision and a licensed ambulance service for the provision of ambulance services for that political subdivision shall expand, without further action by the department, the ambulance service area of the licensed ambulance service to include the jurisdictional boundaries of the political subdivision. The termination of the aforementioned contract shall result in a reduction of the licensed ambulance service's ambulance service area by removing the geographic area of the political subdivision from its ambulance service area, except that licensed ambulance service providers may provide ambulance services as are needed at and around the state fair grounds for protection of attendees at the state fair.

5. The department shall renew a ground ambulance service license if the applicant meets the requirements established pursuant to sections 190.001 to 190.245, and the rules adopted by the department pursuant to sections 190.001 to 190.245.

- (13) Ambulance service administrator qualifications.**

7. Application for a ground ambulance service license shall be made upon such forms as prescribed by the department in rules adopted pursuant to sections 190.001 to 190.245. The application form shall contain such information as the department deems necessary to make a determination as to whether the ground ambulance service meets all the requirements of sections 190.001 to 190.245 and rules promulgated pursuant to sections 190.001 to 190.245.

190.112. 1. Each ambulance service licensed under this chapter shall identify to the department the individual serving as the ambulance service administrator who is responsible for the operations and staffing of the ambulance service. The ambulance service administrator shall be required to have achieved basic training of at least forty hours regarding the operations of an ambulance service and two hours of annual continuing education. The training required under this section shall be offered by a statewide association organized for the benefit of ambulance districts or be approved by the state advisory council on emergency medical services and shall include the following:

2. Ambulance service administrators serving in this capacity as of August 28, 2025, shall have until January 1, 2026, to demonstrate compliance with the provisions of this section.

190.166. 1. In addition to the provisions of section 190.165, the department of health and senior services may refuse to issue, deny renewal of, or suspend a license required under section 190.109, or take other corrective actions as described in this section, based on the following considerations:

- (1) The license holder is determined to be financially insolvent;**
- (2) The ambulance service has inadequate personnel to operate the ambulance service to provide basic emergency operations. The ambulance service shall not be deemed to have such inadequate personnel as long as the ambulance service is staffed to meet the needs of its emergency call volume. Each ambulance service shall have the ability to staff a minimum of one ambulance unit twenty-four hours each day, seven days each week, with at least two licensed emergency medical technicians. Any ambulance service operating only one ambulance unit shall have a reasonable plan and schedule for the services of a second ambulance unit;**
- (3) The ambulance service requires an inordinate amount of mutual aid from neighboring services, such as more than ten percent of the total runs in the service area in any given month or more than would be considered prudent, and thus cannot provide an appropriate level of emergency response for the service area as would be considered prudent by the typical ground ambulance services operator;**

- (4) The principal manager, board members, or other executives are determined to be criminally liable for actions related to the license or service provided;
 - (5) The license holder or principal manager, board members, or other executives are determined by the Centers for Medicare and Medicaid Services to be ineligible for participation in Medicare;
 - (6) The license holder or principal manager, board members, or other executives are determined by the MO HealthNet division to be ineligible for participation in MO HealthNet;
 - (7) The ambulance service administrator has failed to meet the required qualifications or failed to complete the training required under section 190.112; or
 - (8) If the ambulance service is an ambulance district, three or more board members have failed to complete required training under section 190.053.
2. If the department makes a determination of insolvency or insufficiency of operations of a license holder under subsection 1 of this section, the department may require the license holder to submit a corrective plan within fifteen days and require implementation of the corrective plan within thirty days.
 3. The department shall be required to provide notice of any determination by the department of insolvency or insufficiency of operations of a license holder to other license holders operating in the license holder's vicinity, members of the general assembly who represent the license holder's service area, the governing officials of any county or municipal entity in the license holder's service area, the appropriate regional emergency medical services advisory committee, and the state advisory council on emergency medical services.
 4. The department shall immediately engage with other license holders in the area to determine the extent to which ground ambulance service may be provided to the affected service area during the time in which the license holder is unable to provide adequate services, including any long-term service arrangements. The nature of the agreement between the license holder and other license holders providing services to the affected area may include an agreement to provide services, a joint powers agreement, formal consideration, or some payment for services rendered.
 5. Any license holder who provides assistance in the service area of another license holder whose license has been suspended under this section shall have the right to seek reasonable compensation from the license holder whose license to operate has been suspended for all calls, stand-by time, and responses to medical emergencies during such time as the license remains suspended. The reasonable compensation shall not be limited to those expenses incurred in actual responses but may also include reasonable expenses to maintain ambulance service including, but not limited to, the daily operation costs of maintaining the service, personnel wages and benefits, equipment purchases and maintenance, and other costs incurred in the operation of a ground ambulance service. The license holder providing assistance shall be entitled to an award of costs and reasonable attorney's fees in any action to enforce the provisions of this subsection."; and

House Amendment No. 9

AMEND House Committee Substitute for Senate Bill No. 189, Page 45, Section 300.100, Line 30, by inserting after said section and line the following:

"301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 in which case the applicant shall make application within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

- (1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or
- (2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall

cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, **except that such inspection may be completed by an employee of a licensed new or used motor vehicle dealer for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture.** The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station **or, in the case of a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture, the licensed new or used motor vehicle dealer** shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

- (1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;
- (2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;
- (3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and
- (4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol."; and

House Amendment No. 11

AMEND House Committee Substitute for Senate Bill No. 189, Page 46, Section 301.551, Line 19, by inserting after said section and line the following:

"302.304. 1. The director shall notify by ordinary mail any operator of the point value charged against the operator's record when the record shows four or more points have been accumulated in a twelve-month period.

2. In an action to suspend or revoke a license or driving privilege under this section points shall be accumulated on the date of conviction. No case file of any conviction for a driving violation for which points may be assessed pursuant to section 302.302 may be closed until such time as a copy of the record of such conviction is forwarded to the department of revenue.

3. The director shall suspend the license and driving privileges of any person whose driving record shows the driver has accumulated eight points in eighteen months.

4. The license and driving privilege of any person whose license and driving privilege have been suspended under the provisions of sections 302.010 to 302.540 except those persons whose license and driving privilege have been suspended under the provisions of subdivision (8) of subsection 1 of section 302.302 or has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 and who has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible, shall be reinstated as follows:

- (1) In the case of an initial suspension, thirty days after the effective date of the suspension;
- (2) In the case of a second suspension, sixty days after the effective date of the suspension;
- (3) In the case of the third and subsequent suspensions, ninety days after the effective date of the suspension.

Unless proof of financial responsibility is filed with the department of revenue, a suspension shall continue in effect for two years from its effective date.

5. The period of suspension of the driver's license and driving privilege of any person under the provisions of subdivision (8) of subsection 1 of section 302.302 or who has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 shall be thirty days, followed by a sixty-day period of restricted driving privilege as defined in section 302.010. Upon completion of such period of restricted driving privilege, upon compliance with other requirements of law and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. If a person, otherwise subject to the provisions of this subsection, files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated. Upon completion of such ninety-day period of restricted driving privilege, upon compliance with other requirements of law, and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege.

6. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, or, if applicable, if the person fails to maintain proof that any vehicle operated is equipped with a functioning, certified ignition interlock device installed pursuant to subsection 5 of this section, the person's driving privilege and license shall be resuspended.

7. The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a limited driving privilege granted by a court or the director of revenue.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053.

16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.

17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of:

(1) An assessment of points for a conviction for an intoxication-related traffic offense, as defined under section 577.001, **in which the person's blood alcohol content was found to be at least eight-hundredths of one percent but less than fifteen-hundredths of one percent by weight of alcohol in such person's blood** and who has a prior alcohol-related enforcement contact as defined under section 302.525[~~7~~]; or

(2) **An assessment of points for a conviction for an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood**

shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor.

302.440. In addition to any other provisions of law, a court may require that any person who is found guilty of a first intoxication-related traffic offense, as defined in section 577.001, and a court shall require that any person who is found guilty of a second or subsequent intoxication-related traffic offense, as defined in section 577.001, **or any person who is found guilty of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall not operate any motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device **that the person must use** for a period of not less than six months from the date of reinstatement of the person's driver's license. In addition, any court authorized to grant a limited driving privilege under section 302.309 to any person who is found guilty of a second or subsequent intoxication-related traffic offense **or to any person who is found guilty of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall require the use of an ignition interlock device on all vehicles operated by the person as a required condition of the limited driving privilege, except as provided in section 302.441. These requirements shall be in addition to any other provisions of this chapter or chapter 577 requiring installation and maintenance of an ignition interlock device. Any person required to use an ignition interlock device shall comply with such requirement subject to the penalties provided by section 577.599.

302.520. 1. Whenever the chemical test results are available to the law enforcement officer while the arrested person is still in custody, and where the results show an alcohol concentration of eight-hundredths of one percent or more by weight of alcohol in such person's blood or where such person is less than twenty-one years of age and the results show that there is two-hundredths of one percent or more of alcohol in the person's blood, the officer, acting on behalf of the department, shall serve the notice of suspension or revocation personally on the arrested person.

2. When the law enforcement officer serves the notice of suspension or revocation, ~~[the officer shall take possession of any driver's license issued by this state which is held by the person. When the officer takes possession of a valid driver's license issued by this state,]~~ the officer, acting on behalf of the department, shall issue a temporary permit which is valid for fifteen days after its date of issuance and shall also give the person arrested a notice which

shall inform the person of all rights and responsibilities pursuant to sections 302.500 to 302.540. The notice shall be in such form so that the arrested person may sign the original as evidence of receipt thereof. The notice shall also contain a detachable form permitting the arrested person to request a hearing. Signing the hearing request form and mailing such request to the department shall constitute a formal application for a hearing.

3. A copy of the completed notice of suspension or revocation form, a copy of any completed temporary permit form, a copy of the notice of rights and responsibilities given to the arrested person, including any request for hearing, and any driver's license taken into possession pursuant to this section shall be forwarded to the department by the officer along with the report required in section 302.510.

4. The department shall provide forms for notice of suspension or revocation, for notice of rights and responsibilities, for request for a hearing and for temporary permits to law enforcement agencies.

302.525. 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate ~~[whether]~~ **that** a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years;

(3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts **or to any person whose driving record shows a conviction of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** until the person has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of the restricted driving privilege. If the person fails to maintain such proof the restricted driving privilege shall be terminated.

3. For purposes of this section, "alcohol-related enforcement contacts" shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts **or a conviction for an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be suspended or revoked, until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor.

302.530. 1. Any person who has received a notice of suspension or revocation may make a request within fifteen days of receipt of the notice for a review of the department's determination at a hearing. ~~[If the person's driver's license has not been previously surrendered, it may be surrendered at the time the request for a hearing is made.]~~

2. At the time the request for a hearing is made, if it appears from the record that the person is the holder of a valid driver's license issued by this state, ~~[and that the driver's license has been surrendered,]~~ the department shall issue a temporary permit which shall be valid until the scheduled date for the hearing. The department may later issue an additional temporary permit or permits in order to stay the effective date of the suspension or revocation until the final order is issued following the hearing, as required by section 302.520.

3. The hearing may be held by telephone, or if requested by the person, such person's attorney or representative, at a regional location as designated by the director. The hearing shall be conducted by examiners who are licensed to practice law in the state of Missouri and who are employed by the department on a part-time or full-time basis as the department may determine.

4. The sole issue at the hearing shall be whether by a preponderance of the evidence the person was driving a vehicle pursuant to the circumstances set out in section 302.505. The burden of proof shall be on the state to adduce such evidence. If the department finds the affirmative of this issue, the suspension or revocation order shall be sustained. If the department finds the negative of the issue, the suspension or revocation order shall be rescinded.

5. The procedure at such hearing shall be conducted in accordance with chapter 536, with sections 302.500 to 302.540. A report certified under subsection 2 of section 302.510 shall be admissible in a like manner as a verified report as evidence of the facts stated therein and any provision of chapter 536 to the contrary shall not apply.

6. The department shall promptly notify the person of its decision including the reasons for that decision. Such notification shall include a notice advising the person that the department's decision shall be final within fifteen days from the date such notice was mailed unless the person challenges the department's decision within that time period by filing an appeal in the circuit court in the county where the arrest occurred.

7. Unless the person, within fifteen days after being notified of the department's decision, files an appeal for judicial review pursuant to section 302.535, the decision of the department shall be final.

8. The director may adopt any rules and regulations necessary to carry out the provisions of this section.

302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by

this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

- (1) That the officer has:
 - (a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or
 - (b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or
 - (c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;
- (2) That the person refused to submit to a chemical test;
- (3) Whether the officer secured the license to operate a motor vehicle of the person;
- (4) Whether the officer issued a fifteen-day temporary permit;
- (5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and
- (6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the county in which the arrest or stop occurred. Pursuant to local court rule promulgated pursuant to Section 15 of Article V of the Missouri Constitution, the case may also be assigned to a traffic judge pursuant to section 479.500. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

- (1) Whether the person was arrested or stopped;
- (2) Whether the officer had:
 - (a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or
 - (b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or
 - (c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and
- (3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the

recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but shall not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of behavioral health of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of behavioral health of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of behavioral health under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of behavioral health of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of behavioral health of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, **or who has been convicted of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person shall maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director as required by this section, the license shall be rerevoked until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor.

11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked.

12. A person commits the offense of failure to maintain proof with the Missouri department of revenue if, when required to do so, he or she fails to file proof with the director of revenue that any vehicle operated by the person is equipped with a functioning, certified ignition interlock device or fails to file proof of financial responsibility with the department of revenue in accordance with chapter 303. The offense of failure to maintain proof with the Missouri department of revenue is a class A misdemeanor."; and

Further amend said bill, Page 106, Section 556.039, Line 7, by inserting after said section and line the following:

"557.520. 1. For purposes of this section, the following terms shall mean:

(1) "Failed start", any attempt to start a vehicle with a breath alcohol concentration exceeding twenty-five thousandths of one percent by weight of alcohol in a person's breath, unless a subsequent retest performed within ten minutes registers a breath alcohol concentration not exceeding twenty-five thousandths of one percent by weight of alcohol in such person's breath;

(2) "Running retest", failure to take a breath test performed by a driver upon a certified ignition interlock device at random intervals after an initial engine startup breath test and while the vehicle's motor is running or failure to take a breath retest with a breath alcohol concentration not exceeding twenty-five thousandths of one percent by weight of alcohol in such driver's breath;

(3) "Vehicle", any mechanical device on wheels, designed primarily for use, or used, on highways.

2. In any criminal case involving an intoxication-related traffic offense, the defendant may request to divert the criminal case to a driving while intoxicated (DWI) diversion program described in this section by submitting a request to the prosecuting or circuit attorney and sending a copy of such request to the department of revenue within fifteen days of his or her arrest. The prosecuting or circuit attorney may divert the criminal case to this DWI diversion program by filing a motion with the court to stay the criminal proceeding, if the defendant meets the following criteria for eligibility for entry into the DWI diversion program:

(1) The defendant has not previously pled guilty to or been convicted of an intoxication-related traffic offense in violation of section 577.010, 577.012, 577.013, 577.014, 577.015, or 577.016;

(2) The defendant is not currently enrolled in, and has not in the previous five years completed, a diversion program pursuant to this section;

(3) The defendant does not hold a commercial driver's license;

(4) The offense did not occur while operating a commercial vehicle;

(5) The offense did not result in the injury or death of another person; and

(6) The defendant did not refuse to submit to any test allowed pursuant to section 577.020.

3. Upon a motion filed by the prosecuting or circuit attorney, the court may continue a diverted case involving an intoxication-related traffic offense if the prosecuting or circuit attorney deems appropriate based on the specific situation of the defendant. The case shall be diverted for a period not to exceed twenty-four months and order the defendant to comply with terms, conditions, or requirements.

4. The DWI diversion plan shall be for a specified period and be in writing. The prosecuting or circuit attorney has the sole authority to develop diversionary program requirements, but shall require installation of an ignition interlock device for a period of not less than one year, require the defendant to participate in a victim impact panel sponsored by a nonprofit organization, and require other terms deemed necessary by the court.

5. If the court continues the criminal case to divert the defendant to this DWI diversion program, a copy of such order shall be sent to the department of revenue and, upon receipt, the department shall rescind its order of suspension or revocation, if issued, and shall continue any proceeding to suspend or revoke a license pursuant to chapter 302 for a period not to exceed twenty-four months. After the defendant successfully completes the requirements of the DWI diversion program, the department shall dismiss any proceeding against the defendant.

6. The court shall notify the defendant that he or she is required to install a functioning, certified ignition interlock device on each vehicle that the defendant operates and the defendant is prohibited from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device pursuant to this section. These requirements shall be in addition to any other provisions of this chapter or chapter 302 requiring installation and maintenance of an ignition interlock device. Any person required to use an ignition interlock device shall comply with such requirement subject to the penalties provided by section 577.599.

7. The department of revenue shall inform the defendant of the requirements of this section, including the term for which the defendant is required to have a certified ignition interlock device installed and shall notify the defendant that installation of a functioning, certified ignition interlock device on a vehicle does not allow the defendant to drive without a valid driver's license. The department shall record the mandatory use of the device for the term required and the time when the device is required to be installed pursuant to the court order. A defendant who is notified by the department shall do all of the following:

(1) Arrange for each vehicle operated by the defendant to be equipped with a functioning, certified ignition interlock device by a certified ignition interlock device provider as determined by the department of transportation; and

(2) Arrange for each vehicle with a functioning, certified ignition interlock device to be serviced by the installer at least once every thirty days for the installer to recalibrate and monitor the operation of the device.

8. The certified ignition interlock device provider shall notify the department:

(1) If the device is removed or indicates that the defendant has attempted to remove, bypass by a running retest, or tamper with the device;

(2) If the defendant fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device; or

(3) If the device registers a failed start.

If a defendant has any failed start that occurs within the last ninety days of the required period of installation of the ignition interlock device, the term may be extended for a period of up to ninety days.

9. After the completion of the DWI diversion program and if the defendant has complied with all the imposed terms and conditions, the court shall dismiss the criminal case against the defendant, record the dismissal, and transmit the record to the central repository upon dismissal. Any court automation system, including any pilot project, that provides public access to electronic record on the internet shall redact any personal identifying information of the defendant, including name, address, and year of birth. Such information shall be provided in a confidential filing sheet contemporaneously filed with the court or entered by the court, which shall not be subject to public inspection or availability.

10. In the event of noncompliance by the defendant with the terms and conditions of the DWI diversion program, the prosecuting or circuit attorney may file a motion to terminate the defendant from the diversion program and may recommend the prosecution of the underlying case. Upon the filing of such motion, after notice to the defendant, the court shall hold a hearing to determine by preponderance of the evidence whether the defendant has failed to comply with the terms and conditions of the diversion program. If the court finds that the defendant has not complied with the terms and conditions of the diversion program, the court may end the diversion program and set the case on the next available criminal docket.

11. Any defendant who is found guilty of any intoxication-related traffic offense and who has previously utilized the DWI diversion program pursuant to this section shall be considered a prior offender as defined in section 577.001, provided that the prior offense occurred within five years of the intoxication-related offense for which the person is charged, as provided in subsection 20 of section 577.001.

12. For the limited purpose of determining whether a defendant is a chronic, habitual, persistent, or prior offender under section 577.001, a criminal case diverted to a DWI diversion program and successfully completed by a defendant shall be counted as one intoxication-related traffic offense.

13. A certified ignition interlock device provider shall adopt a discounted fee schedule that provides for the payment of the costs of the certified ignition interlock device by offenders with an income at or below one hundred and fifty percent of the federal poverty level. A person with an income at or below one hundred and fifty percent of the federal poverty level who provides income verification shall be responsible for ten percent of the cost of the ignition interlock device. Any additional costs accrued by the person for noncompliance with program requirements are not subject to discounted rates and are the sole responsibility of the person. The certified ignition interlock provider shall verify the offender's income to determine the cost of the ignition interlock device by verifying from the offender the previous year's federal income tax return, the previous three months of weekly or monthly income statements, or a court order declaring the person with an income at or below one hundred and fifty percent of the federal poverty level.

14. Nothing in this section shall prohibit a prosecuting or circuit attorney from diverting a criminal case pursuant to section 557.014 in any criminal case involving an intoxication-related traffic offense."; and

Further amend said bill, Page 126, Section 574.207, Line 25, by inserting after said section and line the following:

House Amendment No. 17

AMEND House Committee Substitute for Senate Bill No. 189, Page 92, Section 443.702, Line 35, by inserting after said section and line the following:

"454.1050. 1. This section shall be known and may be cited as "Bentley's Law".

2. If a person is convicted of the offense of driving while intoxicated, such offense caused the death of a parent or parents of a child or children, and a surviving parent or guardian files a petition to receive child maintenance from the person convicted of such offense, such person shall be ordered by the court to pay child maintenance to the child or children until the child or children:

- (1) Die;
- (2) Marry;
- (3) Enter active military duty;
- (4) Reach eighteen years of age unless the provisions of subsection 3 of this section apply; or
- (5) Reach twenty-one years of age unless the provisions of the maintenance order specifically extend beyond the child's or children's twenty-first birthdays for reasons provided under subdivision (1) of subsection 3 of this section.

3. (1) If the child or children are physically or mentally incapacitated from supporting themselves and insolvent and unmarried, the court may extend the maintenance obligation past the child's or children's eighteenth birthday.

(2) (a) If the child or children reach eighteen years of age and are enrolled in and attending a secondary school program of instruction, maintenance shall continue, if the child or children continue to attend and progress toward completion of such program, until the child or children complete such program or reach twenty-one years of age, whichever first occurs.

(b) If the child or children are enrolled in an institution of vocational or higher education no later than October first following graduation from a secondary school or completion of a graduation equivalence

degree program and so long as the child or children enroll for and complete at least twelve hours of credit each semester, not including the summer semester, at an institution of vocational or higher education and achieve grades sufficient to reenroll at such institution, maintenance shall continue until the child or children complete their education or until the child or children reach twenty-one years of age, whichever first occurs. To remain eligible for such continued maintenance, at the beginning of each semester the child or children shall submit to the court a transcript or similar official document provided by the institution of vocational or higher education that includes the courses the child or children are enrolled in and have completed for each term, the grades and credits received for each such course, and an official document from the institution listing the courses that the child or children are enrolled in for the upcoming term and the number of credits for each such course. When enrolled in at least twelve credit hours, if the child or children receive failing grades in half or more of the child's or children's course load in any one semester, payment of maintenance for the child or children receiving the failing grades may be terminated and shall not be eligible for reinstatement. Upon request for notification of the child's or children's grades by the court, the child or children shall produce the required documents to the court within thirty days of receipt of grades from the education institution. If the child or children fail to produce the required documents, payment of maintenance may terminate without the accrual of any maintenance arrearage and shall not be eligible for reinstatement. If the circumstances of the child or children manifestly dictate, the court may waive the October first deadline for enrollment required by this subdivision. As used in this subdivision, "institution of vocational education" means any postsecondary training or schooling for which the child is assessed a fee and attends classes regularly. "Higher education" means any community college, college, or university at which the child attends classes regularly. A child or children who have been diagnosed with a developmental disability, as defined under section 630.005, or whose physical disability or diagnosed health problem limits the child's or children's ability to carry the number of credit hours prescribed in this subdivision, shall remain eligible for maintenance so long as such child or children are enrolled in and attending an institution of vocational or higher education and the child or children continue to meet the other requirements of this subdivision. A child or children who are employed at least fifteen hours per week during the semester may take as few as nine credit hours per semester and remain eligible for maintenance so long as all other requirements of this subdivision are complied with.

4. The court shall order the person convicted of the offense of driving while intoxicated as provided under subsection 2 of this section to pay maintenance in an amount that is reasonable or necessary for the maintenance of the child or children after considering all relevant factors, including:

- (1) The financial needs and resources of the child or children;
- (2) The financial resources and needs of the surviving parent or, if no other parent is alive or capable of caring for the child or children, the guardian of the child or children, including the state if the state is the guardian;
- (3) The standard of living the child or children would have enjoyed;
- (4) The physical and emotional condition of the child or children and the child's or children's educational needs;
- (5) The child's or children's physical and legal custody arrangements; and
- (6) The reasonable work-related child care expenses of the surviving parent or guardian.

5. In addition to the relevant factors listed under subsection 4 of this section, the court shall consider the guidelines set out under subsection 8 of section 452.340 and Missouri Supreme Court Civil Procedure Rule Form 14 in determining the amount reasonable or necessary for the maintenance of the child or children.

6. (1) The court shall order that child maintenance payments be made to the circuit clerk as trustee for remittance to the surviving parent or guardian entitled to receive the payments. The circuit clerk shall remit such payments to the surviving parent or guardian within three working days of receipt by the circuit clerk. Circuit clerks shall deposit all receipts no later than the next working day after receipt.

(2) As an alternative to subdivision (1) of this subsection, the court may, upon its own motion, order that maintenance payments be made to the family support payment center established under section 454.530 as trustee for remittance to the surviving parent or guardian. However, the court shall not order payments to be made to the payment center if the family support division notifies the court that such payments shall not be made to the center. In such cases, payments shall be made to the clerk as trustee until the division notifies the court that payments shall be directed to the payment center.

7. In addition to any other remedy provided by law for the enforcement of child maintenance, if a maintenance order has been entered, the director of the family support division or the director's designee shall issue an order directing any employer or other payer of the person required to pay child maintenance

under this section to withhold and pay over to the family support division or the clerk of the circuit court in the county in which a trusteeship is or will be established moneys due or to become due to the surviving parent or guardian for the child or children in an amount not to exceed federal wage garnishment limitations.

8. If a person ordered to pay child maintenance under this section is incarcerated and unable to pay the required maintenance, the person shall have up to one year after the release from incarceration to begin payment, including any arrearage. If any obligation under this section is to terminate as provided under subsection 2 of this section but the person's obligation is not paid in full, payments shall continue until the entire arrearage is paid.

9. (1) If the surviving parent or guardian of the child or children brings a civil action against the person convicted of driving while intoxicated prior to any child maintenance order under this section and the surviving parent or guardian obtains a judgment in his or her favor in the civil suit, no maintenance shall be ordered under this section.

(2) If the court orders child maintenance under this section but the surviving parent or guardian brings a civil action and obtains a judgment in his or her favor, the child maintenance order shall offset the judgment awarded in the civil action.

10. The provisions of any order respecting maintenance under this section may be modified only upon a showing of changed circumstances so substantial and continuing as to make the terms unreasonable."; and

Further amend said bill, Page 106, Section 556.039, Line 7, by inserting after said section and line the following:

"565.260. 1. Except as provided in subsection 2 of this section, a person commits the offense of unlawful tracking of a motor vehicle if the person knowingly installs, conceals, or otherwise places an electronic tracking device in or on a motor vehicle without the consent of all owners of the vehicle for the purpose of monitoring or following an occupant or occupants of the vehicle. As used in this section, "person" does not include the manufacturer of the motor vehicle.

2. (1) It shall not be an offense under this section if the installing, concealing, or placing of an electronic tracking device in or on a motor vehicle is by, or at the direction of, a law enforcement officer in furtherance of a criminal investigation and such investigation is carried out in accordance with applicable state and federal law.

(2) If the installing, concealing, or placing of an electronic tracking device in or on a motor vehicle is by, or at the direction of, a parent or legal guardian who owns or leases the vehicle, and if the device is used solely for the purpose of monitoring the minor child of the parent or legal guardian when the child is an occupant of the vehicle, the installation, concealment, or placement of the device in or on the vehicle without the consent of any or all occupants of the vehicle shall not be an offense under this section.

(3) It shall not be an offense under this section if the installing, concealing, or placing of an electronic tracking device in or on a motor vehicle is for the purpose of tracking the location of stolen goods being transported in the vehicle or for the purpose of tracking the location of the vehicle if the motor vehicle is stolen.

(4) It shall not be an offense under this section if the installing, concealing, or placing of an electronic tracking device in or on a motor vehicle is by a legally authorized representative of a vulnerable adult. As used in this subdivision, "vulnerable adult" means any person eighteen years of age or older who is impaired by reason of mental illness, intellectual or developmental disability, physical illness or disability, or other causes, including age, to the extent the adult lacks sufficient understanding or capacity to make, communicate, or carry out reasonable decisions concerning his or her well-being or has one or more limitations that substantially impair the adult's ability to independently provide for his or her daily needs or safeguard his or her person, property, or legal interests.

(5) If the installing, concealing, or placing of an electronic tracking device in or on a motor vehicle is by, or at the direction of, a person who obtains consent from all owners of the vehicle, the installation, concealment, or placement of the device in or on the vehicle shall not be an offense under this section.

(6) It shall not be an offense under this section if the installing, concealing, or placing of an electronic tracking device in or on a motor vehicle is by a vehicle rental, sharing, or leasing company that rents motor vehicles for the purpose of tracking or managing the motor vehicles owned by such company or providing services to customers.

(7) It shall not be an offense under this section if the installing, concealing, or placing of an electronic tracking device in or on a motor vehicle is by a lienholder or agent of a lienholder acting to track the movement or location of a motor vehicle in order to repossess the motor vehicle.

(8) It shall not be an offense under this section if the installing, concealing, or placing of an electronic tracking device in or on a motor vehicle is for any party to participate in a voluntary usage-based insurance program. "Voluntary usage-based insurance program" shall mean any program implemented by, or on behalf of, an insurance company that collects, records, or transmits information relating to driving behavior of an insured party.

3. The provisions of this section shall not apply to a tracking system installed by the manufacturer of a motor vehicle.

4. The offense of unlawful tracking of a motor vehicle is a class A misdemeanor for a first offense and a class E felony for any second or subsequent offense."; and

House Amendment No. 20

AMEND House Committee Substitute for Senate Bill No. 189, Page 20, Section 190.106, Line 20, by inserting after said section and line the following:

"191.227. 1. All physicians, chiropractors, hospitals, dentists, and other duly licensed practitioners in this state, herein called "providers", shall, upon written request of a patient, or guardian or legally authorized representative of a patient, furnish a copy of his or her record of that patient's health history and treatment rendered to the person submitting a written request, except that such right shall be limited to access consistent with the patient's condition and sound therapeutic treatment as determined by the provider. Beginning August 28, 1994, such record shall be furnished within a reasonable time of the receipt of the request therefor and upon payment of a fee as provided in this section.

2. Health care providers may condition the furnishing of the patient's health care records to the patient, the patient's authorized representative or any other person or entity authorized by law to obtain or reproduce such records upon payment of a fee for:

(1) (a) Search and retrieval, in an amount not more than twenty-four dollars and eighty-five cents plus copying in the amount of fifty-seven cents per page for the cost of supplies and labor plus, if the health care provider has contracted for off-site records storage and management, any additional labor costs of outside storage retrieval, not to exceed twenty-three dollars and twenty-six cents, as adjusted annually pursuant to subsection 6 of this section; or

(b) The records shall be furnished electronically upon payment of the search, retrieval, and copying fees set under this section at the time of the request or one hundred eight dollars and eighty-eight cents total, whichever is less, if such person:

a. Requests health records to be delivered electronically in a format of the health care provider's choice;
b. The health care provider stores such records completely in an electronic health record; and
c. The health care provider is capable of providing the requested records and affidavit, if requested, in an electronic format;

(2) Postage, to include packaging and delivery cost;

(3) Notary fee, not to exceed two dollars, if requested.

Such fee shall be the fee in effect on February 1, 2018, increased or decreased annually under this section.

3. For purposes of subsections 1 and 2 of this section, "a copy of his or her record of that patient's health history and treatment rendered" or "the patient's health care records" includes a statement or record that no such health history or treatment record responsive to the request exists.

4. Notwithstanding provisions of this section to the contrary, providers may charge for the reasonable cost of all duplications of health care record material or information which cannot routinely be copied or duplicated on a standard commercial photocopy machine.

5. The transfer of the patient's record done in good faith shall not render the provider liable to the patient or any other person for any consequences which resulted or may result from disclosure of the patient's record as required by this section.

6. Effective February first of each year, the fees listed in subsection 2 of this section shall be increased or decreased annually based on the annual percentage change in the unadjusted, U.S. city average, annual average

inflation rate of the medical care component of the Consumer Price Index for All Urban Consumers (CPI-U). The current reference base of the index, as published by the Bureau of Labor Statistics of the United States Department of Labor, shall be used as the reference base. For purposes of this subsection, the annual average inflation rate shall be based on a twelve-month calendar year beginning in January and ending in December of each preceding calendar year. The department of health and senior services shall report the annual adjustment and the adjusted fees authorized in this section on the department's internet website by February first of each year.

7. A health care provider may disclose a deceased patient's health care records or payment records to the executor or administrator of the deceased person's estate, or pursuant to a valid, unrevoked power of attorney for health care that specifically directs that the deceased person's health care records be released to the agent after death. If an executor, administrator, or agent has not been appointed, the deceased prior to death did not specifically object to disclosure of his or her records in writing, and such disclosure is not inconsistent with any prior expressed preference of the deceased that is known to the health care provider, a deceased patient's health care records may be released upon written request of a person who is deemed as the personal representative of the deceased person under this subsection. Priority shall be given to the deceased patient's spouse and the records shall be released on the affidavit of the surviving spouse that he or she is the surviving spouse. If there is no surviving spouse, the health care records may be released to one of the following persons:

- (1) The acting trustee of a trust created by the deceased patient either alone or with the deceased patient's spouse;
- (2) An adult child of the deceased patient on the affidavit of the adult child that he or she is the adult child of the deceased;
- (3) A parent of the deceased patient on the affidavit of the parent that he or she is the parent of the deceased;

2. As used in this section, "driver education instruction and training" means instruction and training provided under the Missouri integrated safe driving program that offers instruction in the use and operation of motor vehicles including, but not limited to, instruction in the safe operation of motor vehicles and rules of the road and the laws of this state relating to motor vehicles.

2. Any person who holds a valid current license issued by another state, a branch or unit of the military, a territory of the United States, or the District of Columbia, and who has been licensed for at least one year in such other jurisdiction, may submit an application for a license in Missouri in the same occupation or profession, and at the same practice level, for which he or she holds the current license, along with proof of current licensure and proof of licensure for at least one year in the other jurisdiction, to the relevant oversight body in this state.

3. The oversight body in this state shall:

(1) Within six months of receiving an application described in subsection 2 of this section, waive any examination, educational, or experience requirements for licensure in this state for the applicant if it determines that there were minimum education requirements and, if applicable, work experience and clinical supervision requirements in effect and the other state verifies that the person met those requirements in order to be licensed or certified in that state. (2) If another jurisdiction has taken disciplinary action against an applicant, the oversight body shall determine if the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the oversight body may deny a license until the matter is resolved.

5. Nothing in this section shall prohibit the oversight body from denying a license to an applicant under this section for any reason described in any section associated with the occupation or profession for which the applicant seeks a license.

6. Any person who is licensed under the provisions of this section shall be subject to the applicable oversight body's jurisdiction and all rules and regulations pertaining to the practice of the licensed occupation or profession in this state.

7. This section shall not be construed to waive any requirement for an applicant to pay any fees, post any bonds or surety bonds, or submit proof of insurance associated with the license the applicant seeks.

8. This section shall not apply to business, professional, or occupational licenses issued or required by political subdivisions.

9. The provisions of this section shall not impede an oversight body's authority to require an applicant to submit fingerprints as part of the application process.

10. ~~[The provisions of this section shall not apply to an oversight body that has entered into a licensing compact with another state for the regulation of practice under the oversight body's jurisdiction.]~~ The provisions of this section shall not be construed to alter the authority granted by, or any requirements promulgated pursuant to, any interjurisdictional or interstate compacts adopted by Missouri statute or any reciprocity agreements with other states in effect ~~[on August 28, 2018]~~, and whenever possible this section shall be interpreted so as to imply no conflict between it and any compact, or any reciprocity agreements with other states in effect ~~[on August 28, 2018]~~.

Senate Amendment No. 1

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill Nos. 145 & 59, Page 18, Section 610.021, Line 234, by inserting after all of said line the following:

"610.026. 1. Except as otherwise provided by law, each public governmental body shall provide access to and, upon request, furnish copies of public records subject to the following:

(1) Fees for copying public records, except those records restricted under section 32.091, shall not exceed ten cents per page for a paper copy not larger than nine by fourteen inches, with the hourly fee for duplicating time not to exceed the average hourly rate of pay for clerical staff of the public governmental body. Research time required for fulfilling records requests may be charged at the actual cost of research time. Based on the scope of the request, the public governmental body shall produce the copies using employees of the body that result in the lowest amount of charges for search, research, and duplication time. Prior to producing copies of the requested records, the person requesting the records may request the public governmental body to provide an estimate of the cost to the person requesting the records. Documents may be furnished without charge or at a reduced charge when the public governmental body determines that waiver or reduction of the fee is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the public governmental body and is not primarily in the commercial interest of the requester;

(2) Fees for providing access to public records maintained on computer facilities, recording tapes or disks, videotapes or films, pictures, maps, slides, graphics, illustrations or similar audio or visual items or devices, and for paper copies larger than nine by fourteen inches shall include only the cost of copies, staff time, which shall not exceed the average hourly rate of pay for staff of the public governmental body required for making copies and programming, if necessary, and the cost of the disk, tape, or other medium used for the duplication. Fees for maps, blueprints, or plats that require special expertise to duplicate may include the actual rate of compensation for the trained personnel required to duplicate such maps, blueprints, or plats. If programming is required beyond the customary and usual level to comply with a request for records or information, the fees for compliance may include the actual costs of such programming.

2. (1) Payment of ~~[such copying]~~ fees may be requested prior to ~~[the making of copies]~~ fulfilling the request.

(2) A request for public records to a public governmental body shall be considered withdrawn if the requester fails to remit all fees within ninety days, or within one hundred fifty days if the requested fees are greater than one thousand dollars, of a request for payment of the fees by the public governmental body, prior to fulfilling the request. The public governmental body shall include notice to the requester that if the requester fails to remit payment of the fees within ninety days, or within one hundred fifty days if the requested fees are greater than one thousand dollars, then the request for public records shall be considered withdrawn. If the public governmental body responds to a request for public records in order to seek a clarification of the request and no response to the request for clarification is received by the public governmental body within ninety days, or within one hundred fifty days if the requested fees are greater than one thousand dollars, of sending the request for clarification, then such request for public records shall be considered withdrawn. The request for clarification by the public governmental body shall include notice to the requester that if the requester fails to respond within ninety days, or within one hundred fifty days if the requested fees are greater than one thousand dollars, then the request shall be considered withdrawn. If the same or a substantially similar request for public records is made within six months after the expiration of the ninety-day period, or within one hundred fifty days if the requested fees are greater than one thousand dollars, and no fee was remitted for such request or no response was received to the request for clarification, then the public governmental body may request payment of the same fees made for the original request that has expired in addition to any allowable fees necessary to fulfill the subsequent request. Any request for records to a public governmental body that is pending on August 28, 2025, shall be considered withdrawn if the requester fails to remit all fees by January 1, 2026. The provisions of this subdivision shall not apply if a lawsuit has been filed against the public governmental body with regard to the records that are the subject of the request under this subdivision.

3. Except as otherwise provided by law, each public governmental body of the state shall remit all moneys received by or for it from fees charged pursuant to this section to the director of revenue for deposit to the general revenue fund of the state.

Except as otherwise provided by law, each public governmental body of a political subdivision of the state shall remit all moneys received by it or for it from fees charged pursuant to sections 610.010 to 610.028 to the appropriate fiscal officer of such political subdivision for deposit to the governmental body's accounts.

5. The term "tax, license or fees" as used in Section 22 of Article X of the Constitution of the State of Missouri does not include copying charges and related fees that do not exceed the level necessary to pay or to continue to pay the costs for providing a service, program, or activity which was in existence on November 4, 1980, or which was approved by a vote of the people subsequent to November 4, 1980."; and

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

SIXTY-EIGHTH DAY, FRIDAY, MAY 9, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Brian Seitz.

Father, we humbly come before the Throne of Grace acknowledging You as the Creator of heaven and earth, omnipresent in time and space, unchanging.

We hallow Your name.

We ask that Your will be done in the statehouse, as it is in Heaven.

We ask that You sustain us and forgive us where we err. Protect us from vanity and pride, and deliver us from evil, helping us to remember that we are servants of the people.

We pray this in Jesus's name.

And the House said, "Amen."

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-seventh day was approved as corrected by the following vote:

SECOND READING OF SENATE JOINT RESOLUTIONS

The following Senate Joint Resolution was read the second time:

SS SCS SJR 40, relating to sheriffs.

THIRD READING OF SENATE BILLS

HCS SS SB 67, relating to income tax, was taken up by Representative McGirl.

On motion of Representative McGirl, the title of **HCS SS SB 67** was agreed to.

Representative Perkins offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 67, Page 4, Section 32.115, Line 121, by inserting after all of said section and line the following:

"135.010. As used in sections 135.010 to 135.030 the following words and terms mean:

(1) "Claimant", a person or persons claiming a credit under sections 135.010 to 135.030. If the persons are eligible to file a joint federal income tax return and reside at the same address at any time during the taxable year, then the credit may only be allowed if claimed on a combined Missouri income tax return or a combined claim return reporting their combined incomes and property taxes. A claimant shall not be allowed a property tax credit unless the claimant or spouse has attained the age of sixty-five on or before the last day of the calendar year and the claimant or spouse was a resident of Missouri for the entire year, or the claimant or spouse is a veteran of any branch of the Armed Forces of the United States or this state who became one hundred percent disabled as a result of such

service, or the claimant or spouse is disabled as defined in subdivision (2) of this section, and such claimant or spouse provides proof of such disability in such form and manner, and at such times, as the director of revenue may require, or if the claimant has reached the age of sixty on or before the last day of the calendar year and such claimant received surviving spouse Social Security benefits during the calendar year and the claimant provides proof, as required by the director of revenue, that the claimant received surviving spouse Social Security benefits during the calendar year for which the credit will be claimed. A claimant shall not be allowed a property tax credit if the claimant filed a valid claim for a credit under section 137.106 in the year following the year for which the property tax credit is claimed. The residency requirement shall be deemed to have been fulfilled for the purpose of determining the eligibility of a surviving spouse for a property tax credit if a person of the age of sixty-five years or older who would have otherwise met the requirements for a property tax credit dies before the last day of the calendar year. The residency requirement shall also be deemed to have been fulfilled for the purpose of determining the eligibility of a claimant who would have otherwise met the requirements for a property tax credit but who dies before the last day of the calendar year;

(2) "Disabled", the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months. A claimant shall not be required to be gainfully employed prior to such disability to qualify for a property tax credit;

(3) "Gross rent", amount paid by a claimant to a landlord for the rental, at arm's length, of a homestead during the calendar year, exclusive of charges for health and personal care services and food furnished as part of the rental agreement, whether or not expressly set out in the rental agreement. If the director of revenue determines that the landlord and tenant have not dealt at arm's length, and that the gross rent is excessive, then he shall determine the gross rent based upon a reasonable amount of rent. Gross rent shall be deemed to be paid only if actually paid prior to the date a return is filed. The director of revenue may prescribe regulations requiring a return of information by a landlord receiving rent, certifying for a calendar year the amount of gross rent received from a tenant claiming a property tax credit and shall, by regulation, provide a method for certification by the claimant of the amount of gross rent paid for any calendar year for which a claim is made. The regulations authorized by this subdivision may require a landlord or a tenant or both to provide data relating to health and personal care services and to food. Neither a landlord nor a tenant may be required to provide data relating to utilities, furniture, home furnishings or appliances;

(4) "Homestead", the dwelling in Missouri owned or rented by the claimant and not to exceed five acres of land surrounding it as is reasonably necessary for use of the dwelling as a home. It may consist of part of a multidwelling or multipurpose building and part of the land upon which it is built. "Owned" includes a vendee in possession under a land contract and one or more tenants by the entireties, joint tenants, or tenants in common and includes a claimant actually in possession if he was the immediate former owner of record, if a lineal descendant is presently the owner of record, and if the claimant actually pays all taxes upon the property. It may include a mobile home;

(5) "Income", Missouri adjusted gross income as defined in section 143.121 less two thousand dollars **for all calendar years ending on or before December 31, 2025**, or in the case of a homestead owned and occupied, for the entire year, by the claimant, less four thousand dollars as an exemption for the claimant's spouse residing at the same address[;] **for all calendar years ending on or before December 31, 2025, or for all calendar years beginning on or after January 1, 2026, less two thousand eight hundred dollars, or in the case of a homestead owned and occupied, for the entire year, by the claimant, less five thousand eight hundred dollars, as an exemption for the claimant's spouse residing at the same address;** and increased, where necessary, to reflect the following:

(a) Social Security, railroad retirement, and veterans payments and benefits unless the claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred percent service-connected, disabled veteran. The one hundred percent service-connected disabled veteran shall not be required to list veterans payments and benefits;

(b) The total amount of all other public and private pensions and annuities;

(c) Public relief, public assistance, and unemployment benefits received in cash, other than benefits received under this chapter;

(d) No deduction being allowed for losses not incurred in a trade or business;

(e) Interest on the obligations of the United States, any state, or any of their subdivisions and instrumentalities;

(6) "Property taxes accrued", property taxes paid, exclusive of special assessments, penalties, interest, and charges for service levied on a claimant's homestead in any calendar year. Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then "property taxes accrued" is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If a claimant owns a homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, "property taxes accrued" means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision "unit" refers to the parcel of property covered by a single tax statement of which the homestead is a part;

(7) "Rent constituting property taxes accrued", twenty percent of the gross rent paid by a claimant and spouse in the calendar year.

135.025. The property taxes accrued and rent constituting property taxes accrued on each return shall be totaled. This total, up to seven hundred fifty dollars in rent constituting property taxes actually paid or eleven hundred dollars in actual property tax paid, shall be used in determining the property tax credit **for all calendar years ending on or before December 31, 2025. For all calendar years beginning on or after January 1, 2026, this total, up to one thousand fifty-five dollars in rent constituting property taxes actually paid or one thousand five hundred fifty dollars in actual property tax paid, shall be used in determining the property tax credit.** The director of revenue shall prescribe regulations providing for allocations where part of a claimant's homestead is rented to another or used for nondwelling purposes or where a homestead is owned or rented or used as a dwelling for part of a year.

135.030. 1. As used in this section:

(1) The term "maximum upper limit" shall, for each calendar year after December 31, 1997, but before calendar year 2008, be the sum of twenty-five thousand dollars. For all calendar years beginning on or after January 1, 2008, **but ending on or before December 31, 2025**, the maximum upper limit shall be the sum of twenty-seven thousand five hundred dollars. "143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. The amount added under this subdivision shall also not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability under any other federal law that provides direct economic impact payments to taxpayers to mitigate financial challenges related to the COVID-19 pandemic, and deducted from Missouri adjusted gross income under section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of

1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which Armed Forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combat activities in such zone;

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or

otherwise disposed of during a taxable year by a taxpayer and for which an additional modification was made under subdivision (3) of subsection 2 of this section, the amount by which additional modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection;

(10) For all tax years beginning on or after January 1, 2014, the amount of any income received as payment from any program which provides compensation to agricultural producers who have suffered a loss as the result of a disaster or emergency, including the:

Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist;

(12) One hundred percent of any retirement benefits received by any taxpayer as a result of the taxpayer's service in the Armed Forces of the United States, including reserve components and the National Guard of this state, as defined in 32 U.S.C. Sections 101(3) and 109, and any other military force organized under the laws of this state; ~~and~~

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

6. In addition to the modifications to a taxpayer's federal adjusted gross income in this section, to calculate Missouri adjusted gross income there shall be subtracted from the taxpayer's federal adjusted gross income any gain recognized pursuant to 26 U.S.C. Section 1033 of the Internal Revenue Code of 1986, as amended, arising from compulsory or involuntary conversion of property as a result of condemnation or the imminence thereof.

7. (1) As used in this subsection, "qualified health insurance premium" means the amount paid during the tax year by such taxpayer for any insurance policy primarily providing health care coverage for the taxpayer, the taxpayer's spouse, or the taxpayer's dependents.

(2) In addition to the subtractions in subsection 3 of this section, one hundred percent of the amount of qualified health insurance premiums shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for such premiums is included in federal taxable income. The taxpayer shall provide the department of revenue with proof of the amount of qualified health insurance premiums paid.

8. (1) Beginning January 1, 2014, in addition to the subtractions provided in this section, one hundred percent of the cost incurred by a taxpayer for a home energy audit conducted by an entity certified by the department of natural resources under section 640.153 or the implementation of any energy efficiency recommendations made in such an audit shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid

The taxpayer shall also provide a copy of the summary of any recommendations made in a qualified home energy audit to the department of natural resources.

(2) At no time shall a deduction claimed under this subsection by an individual taxpayer or taxpayers filing combined returns exceed one thousand dollars per year for individual taxpayers or cumulatively exceed two thousand dollars per year for taxpayers filing combined returns.

(3) Any deduction claimed under this subsection shall be claimed for the tax year in which the qualified home energy audit was conducted or in which the implementation of the energy efficiency recommendations occurred. If implementation of the energy efficiency recommendations occurred during more than one year, the deduction may be claimed in more than one year, subject to the limitations provided under subdivision (2) of this subsection.

For purposes of this subsection, the phrase "income tax imposed" shall be that amount of tax before any income tax credit allowed by such other state or the District of Columbia if the other state or the District of Columbia authorizes a reciprocal benefit for residents of this state.

2. The credit provided pursuant to this section shall not exceed an amount which bears the same ratio to the tax otherwise due pursuant to sections 143.005 to 143.998 as the amount of the taxpayer's Missouri adjusted gross income derived from sources in the other jurisdiction bears to the taxpayer's Missouri adjusted gross income derived from all sources. In applying the limitation of the previous sentence to an estate or trust, Missouri taxable income shall be substituted for Missouri adjusted gross income. If the tax of more than one other jurisdiction is imposed on the same item of income, the credit shall not exceed the limitation that would result if the taxes of all the other jurisdictions applicable to the item were deemed to be of a single jurisdiction. The provisions of this subsection shall apply to any credit allowed under this section, **provided that such credit shall be allowed under this section with respect to any estate or trust to the extent its Missouri adjusted gross income is excluded from Missouri taxable income pursuant to the subtraction set forth in subsection 3 of section 143.341.**

(2) A resident S shareholder shall be eligible for a credit issued pursuant to this section in an amount equal to the individual income tax imposed pursuant to this chapter on such shareholder's share of the S corporation's income derived from sources in another state of the United States or the District of Columbia, and which is subject to income tax pursuant to this chapter but is not subject to income tax in such other jurisdiction or a political subdivision thereof.

4. For purposes of subsection 3 of this section, in the case of an S corporation that is a bank chartered by a state, the Office of Thrift Supervision, or the comptroller of currency, each Missouri resident S shareholder of such out-of-state bank shall qualify for the shareholder's pro rata share of any net tax paid, including a bank franchise tax based on the income of the bank, by such S corporation where bank payment of taxes are made in such state on behalf of the S shareholders by the S bank to the extent of the tax paid."; and

2. There shall be subtracted the amount if any that the federal personal exemption deduction allowable to the estate or trust exceeds its federal taxable income without its personal exemption deduction.

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

SIXTY-FIRST DAY, TUESDAY, APRIL 29, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

The Lord is my strength and my song, and He has become my salvation; this is my God, and I will praise Him, my Father's God and I will exalt Him. (Exodus 15:2)

Almighty and eternal God, before whom a thousand ages pass as a watch in the night, rekindle within us Your spirit and replenish us with Your grace as we face the tasks of another day. Be You a pillar of fire to us by night and a pillar of cloud by day. Lead us into green pastures, beside still waters, along right paths, that our spirits may be restored, that we may find comfort in hours of need, and that goodness and mercy may follow us all the days of our lives.

Help us to rise above that which is mean and small and enable us to work together in the People's House in glad cooperation for the honor and security of Missouri, for the good of our people and for the welfare of all citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Ashton B. Bush.

The Journal of the sixtieth day was approved as printed by the following vote:

2. Beginning January 1, 2026, a health carrier or utilization review entity shall not require a health care provider to obtain prior authorization for any health care services unless the health carrier or utilization

(2) Such carrier or utilization review entity determines that the carrier or utilization review entity would have approved less than ninety percent of all prior authorization requests if the provider was exempt from the prior authorization requirement under subsection 2 of this section; or

(3) There has been an increase in the provision of exempt procedures by a health care provider of more than fifty percent or more than twenty procedures, whichever amount is greater.

9. The exemption described in subsections 1, 2, and 3 of this section shall be null and void upon a determination that the health care provider has been found by a court of law to have civilly or criminally engaged in any fraud or abuse after the exemption is granted by a health carrier or utilization review entity.

12. Any patient who has received prior authorization for the coverage of a ninety-day supply of medication whose health coverage plan changes following such authorization shall be permitted a ninety-day grace period from the date of such change in order to determine whether such patient's new plan covers the previously authorized medication or whether prior authorization is required.

376.2104. 1. The health carrier or utilization review entity shall notify the health care provider no later than twenty-five days after any determination made under section 376.2102. The notification shall include the statistics, data, and any supporting documentation for making the determination for the relevant evaluation period.

For health care providers subject to prior authorizations, the portal shall include the status of each prior authorization request, all notifications to the health care provider, the dates the health care provider received such notifications, and any other information relevant to the determination.

376.2106. No health carrier or utilization review entity shall deny or reduce payment to a health care provider for a health care service for which the provider has a prior authorization unless the provider:

(1) Knowingly and materially misrepresented the health care service in a request for payment submitted to the health carrier or utilization review entity with the specific intent to deceive and obtain an unlawful payment from the carrier or entity; or

(2) Failed to substantially perform the health care service.

376.2108. 1. The provisions of sections 376.2100 to 376.2108 shall not apply to MO HealthNet, except that a Medicaid managed care organization as defined in section 208.431 shall be considered a health carrier for purposes of sections 376.2100 to 376.2108.

2. The provisions of sections 376.2100 to 376.2108 shall not apply to health care providers who have not participated in a health benefit plan offered by the health carrier for at least one full evaluation period.

3. Nothing in sections 376.2100 to 376.2108 shall be construed to:

The director of the department of commerce and insurance shall specify by rule the circumstances under which a**

4. The terms of the trustees elected pursuant to subsection 3 of this section shall be determined by lot.

5. The office of a trustee elected pursuant to subsection 3 of this section whose term of office is about to expire shall be filled by the election of a hospital trustee who shall serve for a term of five years. Each trustee subsequently elected shall serve a term of five years.

6. No person elected or appointed to the office of trustee under subsections 1 to 5 of this section shall have either of the following conflicts of interest:

- (1) Be a current employee of the hospital or any of its controlled affiliates; or**
- (2) Be a former employee of the hospital, or any of its controlled affiliates, within the past three**

years.

7. Members of the board of trustees are subject to removal from office in the manner and for the causes prescribed by law in accordance with the provisions of section 106.220.

8. Any vacancy in the board of trustees occasioned by removal, resignation or otherwise shall be reported to the county commission and be filled in like manner as original appointments, the appointee to hold office until the next following municipal election, when such vacancy shall be filled by election of a trustee to serve during the remainder of the term of his or her predecessor.

~~[7-]~~ 9. No trustee shall have a personal pecuniary interest, either directly or indirectly, in the purchase of any supplies for such hospital, unless the same are purchased by competitive bidding.

205.190. 1. The trustees shall, within ten days after their appointment or election, qualify by taking the oath of civil officers and organize as a board of hospital trustees by the election of one of their number as chairman, one as secretary, one as treasurer, and by the election of such other officers as they may deem necessary.

2. No trustee shall receive any compensation for his or her services performed, but a trustee may receive reimbursement for any cash expenditures actually made for personal expenses incurred as such trustee, and an itemized statement of all such expenses and money paid out shall be made under oath by each of such trustees and filed with the secretary and allowed only by the affirmative vote of all of the trustees present at a meeting of the board.

3. The board of hospital trustees shall make and adopt such bylaws, rules and regulations for its own guidance and for the government of the hospital as may be deemed expedient for the economic and equitable conduct thereof, not inconsistent with sections 205.160 to 205.340 and the ordinances of the city or town wherein such public hospital is located. The board shall provide by regulation for the bonding of the chief executive officer and may require a bond of the treasurer of the board and of any employee of the hospital as it deems necessary. All funds received by each such hospital shall be paid out only upon warrants ordered drawn by the treasurer of the board of trustees of said county upon the properly authenticated vouchers of the hospital board.

4. The trustees shall have authority, both within and outside the county, except in counties of the third or fourth classification (other than the county in which the hospital is located) where there already exists a hospital organized pursuant to this chapter; provided that this exception shall not prohibit the continuation of existing activities otherwise allowed by law to operate, maintain and manage a hospital and hospital facilities, and to make and enter into contracts, for the use, operation or management of a hospital or hospital facilities; to engage in health care activities; to make and enter into leases of equipment and real property, a hospital or hospital facilities, as lessor or lessee, regardless of the duration of such lease; provided that any lease of substantially all of the hospital, as the term "hospital" is defined in section 197.020, wherein the board of trustees is lessor shall be entered into only with the approval of the county commission wherein such hospital is located and provided that in a county of the second, third or fourth classification, the income to such county from such lease of substantially all of the hospital shall be

2. In addition to the exceptions available under sections 610.010 to 610.225, the records of the hospital and its controlled subsidiaries shall not be subject to the provisions of sections 610.010 to 610.225 if, upon determination by the board, the disclosure of the information in the records would be harmful to the fiscal position of the hospital, or confer any other health care providers an unequal advantage over the hospital, and such records contain:

(2) Contract cost estimates prepared for confidential use in awarding contracts for research, development, construction, renovation, commercialization, or the purchase of goods or services;

3. In addition to the exceptions available under sections 610.010 to 610.225, the hospital, including the board of trustees, executive committee, audit committee, or other such committees that the board may authorize from time to time, may discuss, consider, and take action on any of the following in closed session if,

upon determination by the board, including as appropriate the executive committee, audit committee, or other such committees that the board may authorize from time to time, disclosure of such items would be harmful to the fiscal position of the hospital or confer any other health care providers an unequal advantage over the hospital:

(1) Plans that could affect the value of property, real or personal, owned or desirable for ownership by the hospital;

(2) The condition, acquisition, use, or disposition of real or personal property; or

(3) Marketing or operational strategies.

206.090. 1. After the hospital district has been declared organized, the declaring county commission shall divide the district into six election districts as equal in population as possible, and shall by lot number the districts from one to six inclusive. The county commission shall cause an election to be held in the hospital district within ninety days after the order establishing the hospital district to elect hospital district directors. Each voter shall vote for six directors, one from each district, except in any county of the third classification without a township form of government and with more than ten thousand six hundred but fewer than ten thousand seven hundred inhabitants, each voter shall vote for one director from the hospital election district in which the voter resides. Directors shall serve a term of six years or a lesser term of years as may be established by the county commission. If directors are to serve a term of six years, the initial term of the director elected from district number one shall serve a term of one year, the director elected from district number two shall serve a term of two years, the director elected from district number three shall serve a term of three years, the director elected from district number four shall serve a term of four years, the director elected from district number five shall serve a term of five years, and the director elected from district number six shall serve a term of six years; thereafter, the terms of all directors shall be six years. If the county commission chooses to establish a term of office of less than six years, the initial election of directors shall be done in a manner established by the county commission. All directors shall serve until their successors are elected and qualified. Any vacancy shall be filled by the remaining members of the board of directors who shall appoint a person to serve as director until the next municipal election.

2. Candidates for director of the hospital district shall be citizens of the United States, voters of the hospital district who have resided within the state for one year next preceding the election and who are at least thirty years of age. All candidates shall file their declaration of candidacy with the county commission calling the election for the organizational election, and for subsequent elections, with the secretary of the board of directors of the district.

3. Notwithstanding any other provisions of law, if the number of candidates for office of director is no greater than the number of directors to be elected, no election shall be held, and the candidates shall assume the responsibilities of their offices at the same time and in the same manner as if they had been elected.

4. Notwithstanding the provisions of subsections 1 to 3 of this section, after the formation of the hospital district, the hospital board of directors, by a majority vote of the directors with the consent of a majority of the county commission on an order of record, may abolish the six hospital districts' election districts and cause the hospital district directors to be elected from the hospital district at large. Upon opting to elect the hospital district directors at large, the then-serving hospital district directors shall continue to serve the remainder of their terms and any vacancies on the board, after the date of such option, shall be filled by an election conducted at large in the district.

5. No person elected or appointed to the office of director under this section shall have either of the following conflicts of interest:

(1) Be a current employee of the hospital or any of its controlled affiliates; or

(2) Be a former employee of the hospital, or any of its controlled affiliates, within the past three years.

Prior to the hearing, the licensee may file affidavits and certified court records for consideration by the administrative hearing commission. The administrative hearing commission may grant a request for a continuance but shall in any event hold the hearing within one hundred twenty days of the board's initial filing. (2) If no cause for discipline is found following an evidentiary hearing, the administrative hearing commission shall issue findings of fact, conclusions of law, and an order terminating the commission's initial order imposing an emergency suspension or restriction of the license.

(3) If the administrative hearing commission finds cause for discipline following an evidentiary hearing, the commission shall issue findings of fact and conclusions of law and order the emergency suspension or restriction to remain in full force and effect pending a disciplinary hearing before the board. The board shall hold a hearing following the certification of the record by the administrative hearing commission and may impose discipline otherwise authorized by state law.

5. Any action under this section shall be in addition to and not in lieu of any discipline otherwise in the board's power to impose and may be brought concurrently with other actions.

6. If the administrative hearing commission does not grant an initial order imposing an emergency suspension or restriction of the license as described in subsection 3 of this section, the board shall remove all reference to such emergency suspension or restriction from its public records.

331.084. 1. The board may apply to the administrative hearing commission for an emergency suspension or restriction of a license issued under this chapter if:

(1) The holder of the license is the subject of a pending criminal indictment, criminal information, or other criminal charge related to the duties and responsibilities of the licensed occupation; and

(2) There is reasonable cause for the board to believe that the public health, safety, or welfare is at imminent risk of harm from the holder of the license.

2. The board shall submit to the administrative hearing commission supporting affidavits and certified court records, together with a complaint alleging the facts in support of the board's request for an emergency suspension or restriction of a license, and shall supply the administrative hearing commission with the last home or business addresses on file with the board for the licensee. Within one business day of the filing of the complaint, the administrative hearing commission shall return a service packet to the board. The service packet shall include the board's complaint and any affidavits or records the board intends to rely on that have been filed with the administrative hearing commission. The service packet may contain other information in the discretion of the administrative hearing commission. Within twenty-four hours of receiving the packet, the board shall either personally serve the licensee the service packet or leave a copy of the service packet at all of the licensee's current addresses on file with the board.

3. Within five days of the board's filing of the complaint, the administrative hearing commission shall review the information submitted by the board and shall issue its findings of fact and conclusions of law.

If the administrative hearing commission finds that there is reasonable cause for the board to believe that the public health, safety, or welfare is at imminent risk of harm from the holder of the license, the administrative hearing commission shall enter the order requested by the board. The order shall be effective upon personal service or by leaving a copy at all of the licensee's current addresses on file with the board.

4. (1) The administrative hearing commission shall hold an evidentiary hearing on the record within forty-five days of the board's filing of the complaint, or upon final adjudication of any criminal charges filed against the licensee, as appropriate, to determine if cause for discipline exists under the provisions of this chapter and to determine whether the initial order entered by the commission shall continue in effect. Prior to the hearing, the licensee may file affidavits and certified court records for consideration by the administrative hearing commission. The administrative hearing commission may grant a request for a continuance but shall in any event hold the hearing within one hundred twenty days of the board's initial filing. The board shall be granted leave to amend its complaint if it is more than thirty days prior to the hearing, or within thirty days prior to the hearing upon a showing of good cause.

(2) If no cause for discipline is found following an evidentiary hearing, the administrative hearing commission shall issue findings of fact, conclusions of law, and an order terminating the commission's initial order imposing an emergency suspension or restriction of the license.

(3) If the administrative hearing commission finds cause for discipline following an evidentiary hearing, the commission shall issue findings of fact and conclusions of law and order the emergency suspension or restriction to remain in full force and effect pending a disciplinary hearing before the board. The board shall hold a hearing following the certification of the record by the administrative hearing commission and may impose discipline otherwise authorized by state law.

5. Any action under this section shall be in addition to and not in lieu of any discipline otherwise in the board's power to impose and may be brought concurrently with other actions.

6. If the administrative hearing commission does not grant an initial order imposing an emergency suspension or restriction of the license as described in subsection 3 of this section, the board shall remove all reference to such emergency suspension or restriction from its public records."; and

"190.241. 1. Except as provided for in subsection 4 of this section, the department shall designate a hospital as an adult, pediatric or adult and pediatric trauma center when a hospital, upon proper application submitted by the hospital and site review, has been found by the department to meet the applicable level of trauma center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. Site review may occur on-site or by any reasonable means of communication, or by any combination thereof. Such rules shall include designation as a trauma center without site review if such hospital is verified by a national verifying or designating body at the level which corresponds to a level approved in rule. In developing trauma center designation criteria, the department shall use, as it deems practicable, peer-reviewed and evidence-based clinical research and guidelines including, but not limited to, the most recent guidelines of the American College of Surgeons. **The department shall not deny a qualified hospital designation as a level I, II, or III trauma center based solely on the distance or mileage between trauma centers.**

2. Except as provided for in subsection 4 of this section, the department shall designate a hospital as a STEMI or stroke center when such hospital, upon proper application and site review, has been found by the department to meet the applicable level of STEMI or stroke center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. Site review may occur on-site or by any reasonable means of communication, or by any combination thereof. In developing STEMI center and stroke center designation criteria, the department shall use, as it deems practicable, peer-reviewed and evidence-based clinical research and guidelines including, but not limited to, the most recent guidelines of the American College of Cardiology, the American Heart Association, or the American Stroke Association. Such rules shall include designation as a STEMI center or stroke center without site review if such hospital is certified by a national body.

3. The department of health and senior services shall, not less than once every three years, conduct a site review of every trauma, STEMI, and stroke center through appropriate department personnel or a qualified contractor, with the exception of trauma centers, STEMI centers, and stroke centers designated pursuant to subsection 4 of this section; however, this provision is not intended to limit the department's ability to conduct a complaint investigation pursuant to subdivision (3) of subsection 2 of section 197.080 of any trauma, STEMI, or stroke center. Site reviews shall be coordinated for the different types of centers to the extent practicable with hospital licensure inspections conducted under chapter 197. No person shall be a qualified contractor for purposes of this subsection who has a substantial conflict of interest in the operation of any trauma, STEMI, or stroke center under review. The department may deny, place on probation, suspend or revoke such designation in any case in which it has determined there has been a substantial failure to comply with the provisions of this chapter or any rules or regulations promulgated pursuant to this chapter. Centers that are placed on probationary status shall be required to demonstrate compliance with the provisions of this chapter and any rules or regulations promulgated under this chapter within twelve months of the date of the receipt of the notice of probationary status, unless otherwise provided by a settlement agreement with a duration of a maximum of eighteen months between the department and the designated center. If the department of health and senior services has determined that a hospital is not in compliance with such provisions or regulations, it may conduct additional announced or unannounced site reviews of the hospital to verify compliance. If a trauma, STEMI, or stroke center fails two consecutive site reviews because of substantial noncompliance with standards prescribed by sections 190.001 to 190.245 or rules adopted by the department pursuant to sections 190.001 to 190.245, its center designation shall be revoked.

4. (1) Instead of applying for trauma, STEMI, or stroke center designation under subsection 1 or 2 of this section, a hospital may apply for trauma, STEMI, or stroke center designation under this subsection. Upon receipt of an application on a form prescribed by the department, the department shall designate such hospital at a state level that corresponds to a similar national designation as set forth in rules promulgated by the department. The rules shall be based on standards of nationally recognized organizations and the recommendations of the time-critical diagnosis advisory committee.

(2) Except as provided by subsection 5 of this section, the department shall not require compliance with any additional standards for establishing or renewing trauma, STEMI, or stroke designations under this subsection. The designation shall continue if such hospital remains certified or verified. The department may remove a hospital's designation as a trauma center, STEMI center, or stroke center if the hospital requests removal of the designation or the department determines that the certificate or verification that qualified the hospital for the designation under this subsection has been suspended or revoked. Any decision made by the department to

withdraw its designation of a center pursuant to this subsection that is based on the revocation or suspension of a certification or verification by a certifying or verifying organization shall not be subject to judicial review. The department shall report to the certifying or verifying organization any complaint it receives related to the center designated pursuant to this subsection. The department shall also advise the complainant which organization certified or verified the center and provide the necessary contact information should the complainant wish to pursue a complaint with the certifying or verifying organization.

5. Any hospital receiving designation as a trauma center, STEMI center, or stroke center pursuant to subsection 4 of this section shall:

(1) Within thirty days of any changes or receipt of a certificate or verification, submit to the department proof of certification or verification and the names and contact information of the center's medical director and the program manager; and

(2) Participate in local and regional emergency medical services systems for purposes of providing training, sharing clinical educational resources, and collaborating on improving patient outcomes.

Any hospital receiving designation as a level III stroke center pursuant to subsection 4 of this section shall have a formal agreement with a level I or level II stroke center for physician consultative services for evaluation of stroke patients for thrombolytic therapy and the care of the patient post-thrombolytic therapy.

6. Hospitals designated as a trauma center, STEMI center, or stroke center by the department shall submit data by one of the following methods:

(1) Entering hospital data into a state registry; or

(2) Entering hospital data into a national registry or data bank. A hospital submitting data pursuant to this subdivision shall not be required to collect and submit any additional trauma, STEMI, or stroke center data elements. No hospital submitting data to a national data registry or data bank under this subdivision shall withhold authorization for the department to access such data through such national data registry or data bank. Nothing in this subdivision shall be construed as requiring duplicative data entry by a hospital that is otherwise complying with the provisions of this subsection. Failure of the department to obtain access to data submitted to a national data registry or data bank shall not be construed as hospital noncompliance under this subsection.

7. When collecting and analyzing data pursuant to the provisions of this section, the department shall comply with the following requirements:

(1) Names of any health care professionals, as defined in section 376.1350, shall not be subject to disclosure;

(2) The data shall not be disclosed in a manner that permits the identification of an individual patient or encounter;

(3) The data shall be used for the evaluation and improvement of hospital and emergency medical services' trauma, stroke, and STEMI care; and

(4) Trauma, STEMI, and stroke center data elements shall conform to national registry or data bank data elements, and include published detailed measure specifications, data coding instructions, and patient population inclusion and exclusion criteria to ensure data reliability and validity.

8. The department shall not have authority to establish additional education requirements for physicians who are emergency medicine board-certified or board-eligible through the American Board of Emergency Medicine (ABEM) or the American Osteopathic Board of Emergency Medicine (AOBEM) and who are practicing in the emergency department of a facility designated as a trauma center, STEMI center, or stroke center by the department under this section. The department shall deem the education requirements promulgated by ABEM or AOBEM to meet the standards for designations under this section. Education requirements for non-ABEM or non-AOBEM certified physicians, nurses, and other providers who provide care at a facility designated as a trauma center, STEMI center, or stroke center by the department under this section shall mirror but not exceed those established by national designating or verifying bodies of trauma centers, STEMI centers, or stroke centers.

9. The department of health and senior services may establish appropriate fees to offset only the costs of trauma, STEMI, and stroke center surveys.

10. No hospital shall hold itself out to the public as a STEMI center, stroke center, adult trauma center, pediatric trauma center, or an adult and pediatric trauma center unless it is designated as such by the department of health and senior services.

11. Any person aggrieved by an action of the department of health and senior services affecting the trauma, STEMI, or stroke center designation pursuant to this chapter, including the revocation, the suspension, or the granting of, refusal to grant, or failure to renew a designation, may seek a determination thereon by the administrative hearing commission under chapter 621. It shall not be a condition to such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department."; and

or may make its own copies if the facility does not have the technology to make the copies. In accordance with the provisions of section 198.525, the department shall make at least one inspection per year, which shall be unannounced to the operator. The department may make such other inspections, announced or unannounced, as it deems necessary to carry out the provisions of sections 198.003 to 198.136.

4. Whenever the department has reasonable grounds to believe that a facility required to be licensed under sections 198.003 to 198.096 is operating without a license, and the department is not permitted access to inspect the facility, or when a licensed operator refuses to permit access to the department to inspect the facility, the department shall apply to the circuit court of the county in which the premises is located for an order authorizing entry for such inspection, and the court shall issue the order if it finds reasonable grounds for inspection or if it finds that a licensed operator has refused to permit the department access to inspect the facility.

5. Whenever the department is inspecting a facility in response to an application from an operator located outside of Missouri not previously licensed by the department, the department may request from the applicant the past five years compliance history of all facilities owned by the applicant located outside of this state.

6. (1) In lieu of any inspection required by sections 198.003 to 198.186, the department may accept, in whole or in part, written reports of the survey of any state or federal agency, or of any professional accrediting agency, if such survey:

- (a) Is comparable in scope and method to the department's surveys; and**
- (b) Is conducted in accordance with Title XVIII of the Social Security Act.**

(2) Failure by a residential care facility or assisted living facility to maintain an accredited status by a recognized accrediting entity shall result in the assisted living facility or residential care facility being subject to an inspection pursuant to section 198.525.

(3) The residential care facility or the assisted living facility shall provide to the department the accreditation report verifying accreditation status to be published on the department's website and made publicly available pursuant to section 198.030.

(4) The residential care facility or the assisted living facility shall immediately forward any complaint or report of suspected abuse or neglect that is reported to the accrediting entity to the department in the same manner as provided under section 198.070.

198.070. 1. When any adult day care worker; chiropractor; Christian Science practitioner; coroner; dentist; embalmer; employee of the departments of social services, mental health, or health and senior services; employee of a local area agency on aging or an organized area agency on aging program; funeral director; home health agency or home health agency employee; hospital and clinic personnel engaged in examination, care, or treatment of persons; in-home services owner, provider, operator, or employee; law enforcement officer; long-term care facility administrator or employee; medical examiner; medical resident or intern; mental health professional; minister; nurse; nurse practitioner; optometrist; other health practitioner; peace officer; pharmacist; physical therapist; physician; physician's assistant; podiatrist; probation or parole officer; psychologist; social worker; or other person with the care of a person sixty years of age or older or an eligible adult, as defined in section 192.2400, has reasonable cause to believe that a resident of a facility has been abused or neglected, he or she shall immediately report or cause a report to be made to the department.

2. (1) The report shall contain the name and address of the facility, the name of the resident, information regarding the nature of the abuse or neglect, the name of the complainant, and any other information which might be helpful in an investigation.

(2) In the event of suspected sexual assault of the resident, in addition to the report to be made to the department, a report shall be made to the appropriate local law enforcement agency in accordance with federal law under the provisions of 42 U.S.C. Section 1320b-25.

3. Any person required in subsection 1 of this section to report or cause a report to be made to the department who knowingly fails to make a report within a reasonable time after the act of abuse or neglect as required in this subsection is guilty of a class A misdemeanor.

4. In addition to the penalties imposed by this section, any administrator who knowingly conceals any act of abuse or neglect resulting in death or serious physical injury, as defined in section 556.061, is guilty of a class E felony.

5. In addition to those persons required to report pursuant to subsection 1 of this section, any other person having reasonable cause to believe that a resident has been abused or neglected may report such information to the department.

6. Upon receipt of a report, the department shall initiate an investigation within twenty-four hours and, as soon as possible during the course of the investigation, shall notify the resident's next of kin or responsible party of the report and the investigation and further notify them whether the report was substantiated or unsubstantiated unless such person is the alleged perpetrator of the abuse or neglect. As provided in section 192.2425, substantiated reports of elder abuse shall be promptly reported by the department to the appropriate law enforcement agency and prosecutor.

7. If the investigation indicates possible abuse or neglect of a resident, the investigator shall refer the complaint together with the investigator's report to the department director or the director's designee for appropriate action. If, during the investigation or at its completion, the department has reasonable cause to believe that immediate removal is necessary to protect the resident from abuse or neglect, the department or the local prosecuting attorney may, or the attorney general upon request of the department shall, file a petition for temporary care and protection of the resident in a circuit court of competent jurisdiction. The circuit court in which the petition is filed shall have equitable jurisdiction to issue an ex parte order granting the department authority for the temporary care and protection of the resident, for a period not to exceed thirty days.

8. Reports shall be confidential, as provided pursuant to section 192.2500.

9. Anyone, except any person who has abused or neglected a resident in a facility, who makes a report pursuant to this section or who testifies in any administrative or judicial proceeding arising from the report shall be immune from any civil or criminal liability for making such a report or for testifying except for liability for perjury, unless such person acted negligently, recklessly, in bad faith or with malicious purpose. It is a crime under section 565.189 for any person to knowingly file a false report of elder abuse or neglect.

10. Within five working days after a report required to be made pursuant to this section is received, the person making the report shall be notified in writing of its receipt and of the initiation of the investigation.

11. No person who directs or exercises any authority in a facility shall evict, harass, dismiss or retaliate against a resident or employee because such resident or employee or any member of such resident's or employee's family has made a report of any violation or suspected violation of laws, ordinances or regulations applying to the facility which the resident, the resident's family or an employee has reasonable cause to believe has been committed or has occurred. Through the existing department information and referral telephone contact line, residents, their families and employees of a facility shall be able to obtain information about their rights, protections and options in cases of eviction, harassment, dismissal or retaliation due to a report being made pursuant to this section.

12. Any person who abuses or neglects a resident of a facility is subject to criminal prosecution under section 565.184.

13. The department shall maintain the employee disqualification list and place on the employee disqualification list the names of any persons who are or have been employed in any facility and who have been finally determined by the department pursuant to section 192.2490 to have knowingly or recklessly abused or neglected a resident. For purposes of this section only, "knowingly" and "recklessly" shall have the meanings that are ascribed to them in this section. A person acts "knowingly" with respect to the person's conduct when a reasonable person should be aware of the result caused by his or her conduct. A person acts "recklessly" when the person consciously disregards a substantial and unjustifiable risk that the person's conduct will result in serious physical injury and such disregard constitutes a gross deviation from the standard of care that a reasonable person would exercise in the situation.

14. The timely self-reporting of incidents to the central registry by a facility shall continue to be investigated in accordance with department policy, and shall not be counted or reported by the department as a hot-line call but rather a self-reported incident. If the self-reported incident results in a regulatory violation, such incident shall be reported as a substantiated report.

15. If a facility that is exempted from an annual inspection under subsection 6 of section 198.022 has one or more violations of a Class I standard under section 198.085, such facility shall be subject to a full survey by a state under section 198.022."; and

Clinical pathology services include, but are not limited to, hematology, microbiology, immunology, clinical chemistry, molecular pathology, and other laboratory-based diagnostic procedures;

(2) "Hospital-based pathologist", a licensed physician specializing in pathology who provides clinical pathology services within a hospital setting;

(3) "Professional component of clinical pathology services", the portion of clinical pathology services that involves the pathologist's professional expertise in interpreting and supervising laboratory tests, excluding the technical component of performing the laboratory tests.

2. The fee for the professional component of clinical pathology services shall be paid by MO HealthNet for professional services provided by a hospital-based pathologist for inpatient clinical pathology services rendered to patients covered by the MO HealthNet program.

3. The reimbursement amount for the professional component of clinical pathology services shall be set at thirty percent of the approved outpatient simplified fee schedule based on Medicare's clinical laboratory fee schedule for the corresponding clinical pathology services payable by MO HealthNet.

4. (1) If the fee for the professional component of clinical pathology services is paid for professional services provided by a pathologist employed by the hospital where the clinical pathology services are rendered to covered MO HealthNet patients, the professional fee shall be paid directly to the hospital.

(2) If the fee for the professional component of clinical pathology services is paid for professional services provided by a pathologist who is not employed by the hospital where clinical pathology services are rendered to covered MO HealthNet patients, the professional fee shall be paid directly to the third party providing the services.

5. The department of social services shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void."; and

Further amend said bill, Page 36, Section 208.152, Line 216, by inserting after the number "(26)" the following:

"Doula services in accordance with sections 208.1400 to 208.1425;

(27) Childbirth education classes for pregnant women and a support person;

(28)"; and

Further amend said bill and section, Page 40, Line 347, by inserting after said line the following:

"16. The department of social services shall study the impact that the childbirth education classes provided under subdivision (26) of subsection 1 of this section have on infant and maternal mortality among pregnant women. The department of social services shall submit a report to the general assembly with the results of the study before January 1, 2028.

208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor,

delivery, and birth, **including childbirth education classes**. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. (1) Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

(2) (a) Subject to approval of any necessary state plan amendments or waivers, beginning on July 6, 2023, mothers eligible to receive coverage under this section shall receive medical assistance benefits during the pregnancy and during the twelve-month period that begins on the last day of the woman's pregnancy and ends on the last day of the month in which such twelve-month period ends, consistent with the provisions of 42 U.S.C. Section 1397gg(e)(1)(J). The department shall seek any necessary state plan amendments or waivers to implement the provisions of this subdivision when the number of ineligible MO HealthNet participants removed from the program in 2023 pursuant to section 208.239 exceeds the projected number of beneficiaries likely to enroll in benefits in 2023 under this subdivision and subdivision (28) of subsection 1 of section 208.151, as determined by the department, by at least one hundred individuals.

(b) The provisions of this subdivision shall remain in effect for any period of time during which the federal authority under 42 U.S.C. Section 1397gg(e)(1)(J), as amended, or any successor statutes or implementing regulations, is in effect.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after August 28, 2014, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in

birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, preterm births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state.

208.1400. Sections 208.1400 to 208.1425 shall be known and may be cited as the "Missouri Doula Reimbursement Act".

208.1405. For purposes of sections 208.1400 to 208.1425, the following terms mean:

(1) "Community-based network", a network that is representative of a community or significant segments of a community and engaged in meeting that community's needs in the area of social, human, or health services;

(2) "Community navigation services", services that connect pregnant individuals and their families with available resources using a community-based approach including, but not limited to, an approach that understands the services and supports available to pregnant and postpartum individuals receiving MO HealthNet benefits and facilitates access to those resources based upon an assessment of social service needs;

(3) "Doula", a trained professional providing continuous physical, emotional, and informational support to a pregnant individual, from the prenatal, the intrapartum, and up to the first twelve months of the postpartum periods. Doulas also provide assistance by referring pregnant individuals to community-based networks and certified and licensed perinatal professionals in multiple disciplines;

(8) "Postpartum", the one-year period after a pregnancy ends;

(9) "Prenatal", the period of pregnancy before labor or childbirth. Services provided during this period are rendered to the pregnant individual.

208.1410. The following doula services shall be covered by the MO HealthNet program:

(1) A combined total of six prenatal and postpartum support sessions;

(2) One birth attendance;

(3) Up to two visits for general consultation on lactation at any time during the prenatal and postpartum periods; and

(4) Community navigation services, except that any community navigation services provided outside any visit or session billed under subdivisions (1) to (3) of this section shall be billed only up to ten times total over the course of the pregnancy and postpartum period.

208.1415. A doula shall be eligible for participation as a provider of doula services covered by the MO HealthNet program only if the doula:

(1) Is enrolled as a MO HealthNet provider;

(2) Is eighteen years of age or older;

(3) Holds liability insurance as an individual or through a supervising organization; and

(4) Either:

(a) Possesses a current certificate issued by a national or Missouri-based doula training organization whose curriculum meets guidelines established by the MO HealthNet division by rule; or

or more independent, well-established doula training organizations located in Missouri whose purpose includes the validation of core competencies of training.

208.1420. 1. Once enrolled as a MO HealthNet provider, a doula shall be eligible to enroll as a provider with fee-for-service and managed care payers affiliated with the MO HealthNet program.

2. Doula services shall be reimbursed on a fee-for-service schedule.

208.1425. The MO HealthNet division shall promulgate all necessary rules and regulations for the administration of sections 208.1400 to 208.1425. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void."; and
